63 MEN VIE FOR POST ON SWARTHMORE VARSITY

Quakers Meet Susquehannas October 2 and Face Red and Blue Goldman the Following Week

ELEVEN LETTERMEN AVAILABLE

For the past week and a half twenty-eight aspirants to the Varsity football team at Swarthmore College have been going through their paces on the Campus Field. The squad has recently been reorganized, which number in choices both veterans and first-year men. Frank Mercer, a Pennsylvania alumnum, is shifting his charges for the contest with Susquehannas on October 2, which came the 3rd round for the suburban school. A week later the Quakers invade Franklin Field to do battle with the Red and Blue.

Only eleven of twenty-three aspirants were available this season and the coaches see the mighty task of building up a strong reserve unit. The backfield will, in all probability, be chosen from among the Varsity substitutes of last season, for winner Evans, Eigenbrot and Wilson have been graduated. The vast majority of the experienced material which the blues have at hand consists of linemen. It is expected that the backs will be exceptionally strong from tackle to tackle.

In the loss of both regular ends, the team suffers a great loss. Very few end replacements are available and the wing positions present a problem which promises to be difficult to solve.

Dr. Mercer will be assisted in his effort this year by Frank Fitz and Roy Spangler. The former will handle the wide and Deepback, a former quarter back, will take charge of the line. The new forward coach was one time chief mentor at West Philadelphia High School, Richards, Varsity man for two years, will exploit the game from his position at center.

Last year the Quakers scored a win in wins through a lively eleven, by a 22-0 score, and according to the “Swarthmore Phoenix,” will face hard opposition when they journey to the Paladins town a week from today.

YIELD DRIVE BLOWS

The following week and a half the Quakers are scheduled to face Red and Blue on Campus and will find it hard opposition when they meet the former team. It is a definite possibility that the game will be a battle of two even teams.

sery, failure to maintain proper standing is not due to any negligible fault on the part of the student. Sometimes, it is the fault of his teacher.

"In many cases the trouble requires the skill of a "teaching
teacher" to determine. This is what we are now supplying for the confident hope that students and their difficulties diagnosed and the remedy prescribed by an expert. There is not the slightest desire or intention on the part of the University to saddle students, or of any one, who are too different to group the meaning of their success. The effort will be to work out to determine the cause of the difficulty and to deal intelligently with it for the benefit of the student whom we desire to help. So much for method that may be regarded as new at the opening of the year."

Dr. Penniman then set forth the conditions upon which depended happiness and success in the pursuit of those studies in which the students are about to devote themselves. In closing he said, "May you all be worthy of our association with such an institution. May we all carry on our work in our own way and in our own place and to the extent of his ability the work of the University."
