Dr. McClelland speaks at Freshman Assembly

With a view of stimulating the Class of 1911 to a desire for high scholastic achievement, the Class of 1911 has been called to a meeting in the University Chapel. The address of the Class of 1911 to the Class of 1910 was given.

Dr. McClelland, in his address, told the Class of 1911 that they must work for the good of their class and that they must contribute to the welfare of the University. According to Dr. McClelland, the various class offices should be filled by the Class of 1911 and that the Class of 1910 should possess such qualities as are necessary to make them efficient and successful.

Another Inter. Division

An Inter. Division was organized in the Class offices. The Division was organized to represent the Class of 1911 in the Class offices. In order that the Freshmen may become acquainted with the Division, a Flyer has been distributed.

Freshman Players Reach Net Finals

In a recent article by David J. Ward, General News Editor of the following comments were made concerning the Freshman Players:

Freshman Players Reach Net Finals

The one may be quicker than the other, but before you can run the 220, you must know how to run the 110. The Freshman Players have made a marked improvement in their times during the past few years. The distance of 220 yards has been reduced from 22.6 to 20.4.

The Freshman Players are composed of ten men, and all of them are capable of running the 220 yards in less than 20 seconds. The distance of 110 yards has been reduced from 20.5 to 18.6.

The Freshman Players have made a marked improvement in their times during the past few years. The distance of 220 yards has been reduced from 22.6 to 20.4.

CHARACTER

One of the highest tributes that can be paid any man is to say of him, "He lost character." To have entered this appreciation he should be a man whose integrity and fairness are absolute, whose integrity is never doubted; and whose convictions are not prompted by self-interest. A man who is not for sale; who is willing to earn what he sees and perform what he is paid for, when he realizes the interdependence of human life, who will stand for the right even though the heavens fall and the earth rocks; who unselfishly tells the truth, looking only in the eye and who knows his place and fits in. A man who does not say unkind things of his followers; one to whom failure gives new incentives and in whom success inspires further endeavors.

VARSTY FOOTBALL TEAM OPPONENTS—WILLIAMS TODAY

(Continued from Page One)

The Freshman will line up with the senior men today who started in the game against Buckeye Saturday. Stewart and Williams will play the ends, with Elza and Elsey at the tackle posts; Mapel and Vopenka will fill the tackle positions, with Bolstad pushing the ball at center, Franklin will call the signals for the line. Still, the outstanding star of the season, Rosemehl, will play and will fill the position of the second and third team's most for long legs and tremendous strength.

On Wednesday the Pennsylvania Yard varsity team will have a short scrimmage this week in preparation for today's game. The varsity's offense looked strong as they broke through the second and third team's defense for long gains and tremendous touchdowns.

In the Williams game and Saturday's clash of the all-stars, the break in the defense during the past few years, the team's new selection for the All-American Quarterback, Walter Dreher, will be the shining star on the defense. He made some fine tackles when a Varsity backfield and past the Freshman line and was visibly on his way for another touchdown. Considering the condition of the yard field, the practice session was particularly good because of the absence of the ordinary number of troubles.
