CARISS ADDRESSES PRE-SEASON RALLY

 embraces a few events which were recently recognized as being of national importance. The first and most important of these events is the recent MERCER MEETING - 7 P.M.
Let us begin by warning our readers that we have
 diferente for this task—this only little enthusiasm for the times
 of departing north elsewhere to those who made little lie or inclination to render a paper during these hectic days.

 Several times we have been asked, How are? earth do they
 up all these things that are put in the column? if you will put your ear in the ground and close your eyes, we will divide this mountainous secret. It amounts to employ
 ing more or less than concentration. Given the opportunity to
 itself emerge from the turmoil around as long as it keeps our mental processes to function, it is nothing sim-
er than seeing a picture of something which apparently
 the apperance of one of our hypothetical readers.

 Today, however, our major premise is destroyed: we can't
 nent. How is it possible, we ask, with so many
 things boiling up in front of us to distract our attention? (Our
 our institutions are mere: various clubs and organiza-
tions take a delightful delight in keeping up tasks in front of
; if desires important creditors like us; and, of course, this
 culminated in a choice honorary degree.

 Anyone offering a practical solution to our troubles may
 select and receive no oppositions besides us (including Me too), as they wish.

 The basketball game last Saturday night was one of the
 best. Followers of the sport declared that Lehigh's score
 would have been increased, had it not been for the fact that
 one of their forwards became entangled in his mustache.

 One of the principal differences between a college and a
 university is a have a university.

 We raise the distinctness of one of the most

 "Me," Ferguson, who is grunting hard as twenty-five
 people daily, claims that she is tenderheaded. Her admirers,
 however, aver that she is not tender headed.

 Now that the Comedy Club has gone the way of all col-
 eges, a number of boys at least are wondering where they
 will spend next year's Eve. One of the victims of this trend
 to spend this "longest" has very comfortably indulged.

 Some of the freshmen are shipping with the owners of

 number of their lumberjacks planted in front of the fireplace.
