...the choice of disfranchising even those who have not been allowed to show up in the presidium. The advantage of such a location is made even clearer by the record of student cheering, admittedly a considerable factor in the outcome of any given game. Thus, in the case of the associations win-ning and at the same time, it is true, if the Big and Blue are defeated, that is less; and the element of the student is re-enforced during this period, because for us, and not the audience. As a matter of fact, the feeling of the Student that the Big Blue are defeated by the Student Union, at least to some extent, is an. In this sense, the Student Union is able to take advantage of the opportunity to study under this famous University, the Student is much in the same sense as the 2000-page book. But we are not by any means the only people, with the same enthusiasm and zeal. The second thing which we should make it a point to study with him. He who

And bear the load of the dreaded mid-terms without the aid of the Student Union. The Student Union is a new development of the University, and has been established in contemplation of its importance to the University and its faculty experience. But after all, the vitality of being "tamed" is not to be denied at the expense of acquiring a solid foundation of exposition. The individual will also be able to analyze the attendant worried and dead, two of the great enemies of clear thinking. There are but few possible possibilities—passing or flunking. The former is an indication of satisfactory performance, the latter having an unnecessarily a prophecy of future success. The latter has been a warning that a thorough and complete reinstatement of the Form and reorganization of the college program is not only advisable, but essential if it is not to become a liability.

The final two ingredients can be found at Perry & Co.—be they sweet or bitter. The other two, however, can be obtained at any drug store.

Ma Murray in the star of "Valencia," said to be her best production, which will be seen on the screen the week of January 28th at the Stanley Theatre. (billy Burness) is the director and in support are Lloyd Hughes. Roy Rogers. Ma Murray. Michael Vieroff and Michael Vieroff are in the company. The program has a further important interest in the appearance of Gus Edwards and his group of youngsters of the 100 galleries in the Stanley Theatre. This evening was a tremendous hit last summer at Atlantic City, and will have a special interest in that Edwards will make his farewell personal appearance here during the engagement. He is famed for the many songs and as a proponent of musical comedy entertainments not only for vaudeville, but also for the legitimate stage. Among his favorite songs may be mentioned "School Days" and "Rambunctious Boy.

Ma Murray as seen in a circus crew in "Valencia," is she given opportunity to do some emotional acting and in the course of the presentation, appears in fourteen different gowns. The production is elaborate, and there are some unusual scenes, including a fire in a Spanish court yard. It is a vital reproduction of Spain, in which great pantomime and hundreds of people of all the spectacular effects. Ma Murray of course, is given opportunity to display her Stanley skill, but her principal work is doing emotional lines of acting.

Now keeping a pipe at peace is partly the secret of such a tobacco lies in the way it's mellowed and the way it's cut. That's the secret of Granger Rough Cut. No tobacco was ever mellowed in quite the same way. No tobacco was ever so sure to sweeten a pipe and keep it sweet.

Being rough cut, too, it burns slow and smokes smooth and cool. Smoke it all day long, it's so mild and mellow. Every smoke a peace-pipe smoke.
