FURTHER LECTURES ANNOUNCED

In accordance with the recent arrangement made by the 1937 Book Committee, the Class of 1938 has largely satisfied its requirements, which indicated that there would be three new lectures offered. However, all of the information blanks have not yet been filled out and taken to the staff office. It is imperative that this be done as soon as possible.

In addition there are no plans for new lecturers to be offered, and the Board has decided to remain so until the semester is in full swing in order that the work of making up the courses may not be delayed. 

In February, February, 1938, is the final time these blanks may be turned in.

CLASS RESPONSIBILITY

Every student has been convinced by the creation of Senior Senate at the end of last year, the class as a whole has been drawn directly into University administration. In the hands of the Senior Senate, the class has acquired control of its own functions. It is due to the appreciation of this fact that the changes suggested in the report submitted yesterday were accepted. It is due to the action of the Senior Senate that the Juniors, who were the last class to gain representation in Senate, find themselves fully respectable in the University administration.

Junior Week was a success. It was a well-organized week, marked by a series of events chosen to delight students. The week opened with a burst of enthusiasm and ended with a sense of achievement. The Juniors deserve credit for the successful planning of the week.

The Senior Senate is to be congratulated for the way in which it has achieved its purpose. It has shown that it is capable of organizing and carrying out a large scale project. The Juniors are to be congratulated for the way in which they have responded to the call of the Senior Senate.

The Junior Week has not only been a success in a practical sense, but it has also been a success in a psychological sense. It has shown that the Juniors are capable of organizing and carrying out a large scale project. The Juniors are to be congratulated for the way in which they have responded to the call of the Senior Senate.

What a dog's life some pipes lead!

Poo's old pipe! Looks as though he's gone to the dogs! He was a good pipe, too. The pick of hundreds. Carefully, ceremoniously selected. But like many another, he's never had a chance. He's been abused...neglected...treated like a dog!

Strange, isn't it, how a man will spend days selecting a pipe and yet, never give a minute's thought to his tobacco—when tobacco is really the thing that makes or ruins a pipe?

A good pipe deserves good tobacco. Deserves Granger Rough Cut! For no other tobacco is so certain to bring out the best that's in a pipe. No other tobacco so sweetens a pipe or keeps it so sweet...
