DR. BUKM DELIVERS ADDRESS TO INTERNATIONAL STUDENTS

---
From what we can glean from the daily press, the
McNern-Hasen Farm Relief Bill is fast to become a small
brother to the Wobblute Act. We assume that the Wobblute
Act will be, and is, in the press. We see, in the principal
outlines of the Farm Relief Bill, a possibility that will be
practically carried through by the people of the nation
themselves.

We were, incidentally, that Senator McNern is younger
and better looking than Senator Hasen. The significance
which attaches to this fact is that Senator McNern has been
married longer than Senator McNern.

The crew has praised Miss Oglesby an aim, presumably
in the neighborhood of the subject of "dirt". They
make the assertion that "dirt" and "gait" are factors in the
attaining of the various plans in the campus plan. It is
clear observation that the average student is regarded in
proportion to the effort expended.

***

In conclusion we hope very solemnly will call cer-
tain of the face-involving subjects about "dirt". They
make the assertion that "dirt" and "gait" are factors in the
attaining of the various plans in the campus plan. It is
clear observation that the average student is regarded in
proportion to the effort expended.

Aide to M. E.: We are very pleased.

Appropriately there is one individual on the campus who
speaks with perfect, discrimination. He resides from a
person's identity. We say, however, that unless the
situation is altered in the near future, we shall be in the
position that we have changed one address.

An optimist is an individual who thinks Sneg is in.

It has just seemed to us that the friendship picture dots
will appear in the issue of the paper. It should be
interesting in its interpretation and reflection marks.

Since Period is a time when it is all right to talk to
Finance, providing you aren't capable of the art.

Adds to Our Certain technical details prefer that
we make the acquaintance "notable" instead of "texels".

Today's Front Spaghetti

Sonnets: winter days are here. This is the days that subject the
they say that eternal being is in.

When the snow comes it is cold.

It is seen here and there.

And its winter almost everywhere.

Where change event, the cold.

We all here and hit our cats.

And nature's going well.

And gradually grow old.

We don't see how it is in Florida.

Where every even was is color.

Where the temperature is temperate—

We only had this item filled.

Thine can be seen piled on Eastern Street today.

We have only two days on Friday, but we don't seem
to do any more on that day than any other.

We won't ask you to do what happened last night.

You will know all about it this morning anyway.

We don't know that will be useful for today.

BASEBALL CANDIDATES CALLED OUT NEXT WEEK

Aspirants for Battery Positions Workout Daily in Palestra in Preparation for Coming Season

FRESHMEN MATERIAL LOOKS GOOD

With the practice yesterday afternoon in the Palestra, the batterymen of the University baseball team had their last workout prior to the season and for the last for this year's team. Coach Car- len is pleased with the preparation of the battery and considers this preliminary practice as having been well-worth-while. With the concluding of the practice this week, it will be possible to inaugurate hitting practice next week, and much more rapid advancement will be made.

Coach "Zip" Len, of the Freshman aggregation has been going over his material very carefully but is still looking for more pitchers and catchers. Among his pitchers he has Morris R. Stevens who pitched three years at the Upper Darby High School, and is expected to make a strong bid for honors in the Yearling team. Another promising position is in R. W. Welland as an outfielder and pitcher at North East High School.

John Robinson, freshman football star, reported this week for practice. Robinson has played four years at Bull- city College and Coach Long expects him to be one of the foremost con- tenders for the hitting stiff. Other candidates for pitcher are R. D. Hopper, who played at Collingwood High; James K. Wilson, from Enith High School; J. S. Good, a graduate of Bow- ler Latin School and Keith and Echo Academy.

With the opening of practice next week all conditions will be called out, the cage for batting will have been installed and the time will begin intensive practice of the sort as the weather is favorable the prac- tice will be more sustained but present indications are that practice will be con- tinued indoors for at least two weeks, as Franklin Field is present to be in poor shape for baseball.

David Warfield's Magic Voice
How he keeps it in perfect condition—how he safeguards his throat

As one of the greatest actors of our day, David Warfield, whose charming, sympathetic voice has brought him fame, gives much attention to the care of his throat.

In smoking, he prefers Lucky Strikes because they give the greatest enjoyment and throat protection.

Lucky Strikes are smooth and mellow—the finest cigarettes you ever smoked. They are made of the finest Turkish and domestic tobaccos, properly aged and blended with great skill, and there is an extra process in treating the tobacco.

Smoke Lucky Strikes—you'll like them.
