AT THE STANLEY

Richard Dix, who has come in great popularity through his appearance in "The Vanishing American", "The Quarter"
and other pictures, will be seen at the Stanley this week of February 26th in his latest motion picture production, "Paradise
or Two". In its support are Betty Bronson, Adele Mara and Edward Brophy. The program will often sing by the
American boost with a voice of gold, At
Dix. He is a favorite in his musical
career. Special music by the Stan-
ley Symphony Orchestra, under the
direction of Graham Harris, will fur-
ther contribute to the entertainment.
"Paradise For Two" presents Dix in
the role of an affluent young bachelor who is
a mark for every "gold-digging" girl. He
is placed in the position to marry in order
to come into possession of a fortune. He
sees a girl to pose as his wife. Betty
Bronson has that role. The natural sup-
pose is that she shall fall in love with her so that it will all be just as it should be, Production
was made by Gregory La Cava from an
original story by Howard Emmett. Dix,
La Cava's association with Dix has
resulted in three successful comedy bits:
"Womandaddy", "Let's Get Married", and
"Say It Again". It is a sparkling comedy
drawn with romance and with plenty of fun. New York City with its crowded
sidewalks and its crowded subways, and
with legions of pretty girls trying to get
on the stage, gives a fine back ground for
a story of this type.

THE PENNSYLVANIAN PAGE THREE
A BROAD MINDED POLICY

As the FUNCTIONS of an educational institution become more clearly defined, greater recognition is accorded the necessity of improving the make-up and community curricula. More and more proponents are arguing that in the various courses of study as it is, from their expression of view believe that certain should be organized, the new purposed, and that the strongest underlying assumption has been overlooked.

In the face of this increased recognition, we note the announcement of an investigation which will be conducted by one of our prominent, national, educational organizations. The investigation has been suggested to us with the request that the faculty of the Wharton School in that certain suggested revisions of course groupings may be forthcoming, and that the requirement of the certain optimistic opinion.

Certainly, members of the faculty are in a position to determine the courses which a student should study in order to best fit him for the field of industry which he intends to enter. But, with the results of the proposed investigation at hand, the courses may be changed a certain manner as to make a greater appeal to the undergraduates who, by their inherent interests, are best suited for a particular vocation.

THE BASKETBALL TOURNEY

Basketball teams from most of the prominent pre-collegiate institutions in the city will be on hand to compete the University for the tournament which begins tomorrow, and the Seventh Annual Intercollegiate Basketball Tournament, the boys who will find next week's basketball will be at the invitation of the Termination Management which has selected their team for any competition for the most distinguished honor. The team will the students' during their stay will reflect upon itself in charge of the tournament, but also to directly upon the student body of which the management are best representatives.

The experience of past years will be of great value in giving them a charge of the affair, but no plans are current of such, as there is no decision made by the Termination Management to be in progress, emergency situations are bound to arise which are to be published in the Bulletin. It cannot be true that rights fully to cops with them without the hearty cooperation and support of the entire student body which is to be held held upon its host.

In order to a few instances can emerge the strains of school boy athletes. The habit of a Norfolk defeat that but one with the world will suffer defeat. Respect indeed, however, of the results of the tourney it is Penang's duty, to give our students a chance to play in the tourney. The tournament will be conducted in the sense of Penang students. The outcome will reflect upon the University, whether favorably or unfavorably in the hands of the management. The tournament will be directed to the Seventh Annual Tourney as successful as the past ones have been.

THREE OPPORTUNITIES

On the front pages of yesterday's issue of the Pen and Ink there was a department which particularly attracted our attention. "Punch Bowl Announces Business Competi-
tion.," "BOT Zoo Announces Business Competition," and "Junto, Literary Quarterly, Ho-Open Business Contest" are the titles to which we have referred.

A personal of the news articles which these leads serve to introduce talk us that all of the three University publications mentioned are calling for men to compete for positions on their business boards. We further note that all of these...
COURT COMMENT

Just as of long—don't all we can say for the Cornell game played last Tuesday it was unimportant to be sure that the boys did their best off the court, appreciably so is a unique conclusion. But it's all over now and there's no use of crying over old spilt milk.

However, it must be said that they were far from playing all the time. Donaldson and Schell and the rest of the boys alike when asked after what the old hoop had to offer seemed to understand every time. From the very start fell short of the mark.

The Colonel was the outstanding man of the evening. Of the eight foul goals missed by his team, he is personally responsible for three of them.

Monday's kickoff, the visitor Bob and three guards, also deserve a bit of blame. He certainly had one ball taken from players who will be remembered as the High Aces of the Eastern Intercollegiate League.

WINTER'S BIGGEST LITTLE DRUG STORE

New Maxazilz Opened at "Sunny's"—one of the most popular clothing stores on the University campus, will hold today the formal opening of their new manufacture baby which was finished recently. The new addition which is arranged so as to afford the utmost convenience to clients and patrons, was especially decorated with a color scheme of cream and mahogany. A large "glassine-sealed" foil-pouch keeps the tobacco in perfect condition. A couple of pipers will convince Squire Pipe that it is the world's greatest pipe tobacco... and any good judge of tobaccos will confirm the decision!

GRANGER ROUGH CUT

The highest quality loose tobacco in any form. Sold in small packages, mixed in glassine, easy to use.

Let old Squire Pipe be the judge...

His honors, old Squire Pipe is unquestionably the world's ablest judge of pipe tobaccos. Who else is by nature, training and experience so well-qualified to try a tobacco and hand down a decision on it?... So, in the case of Granger Rough Cut, the plea is that Judge Pipe's verdict be accepted as final!

To make a long brief brief: Character witnesses everywhere have sworn to Granger's sterling quality. Experts have vouched for the superiority of its rough cut. Chemists have testified that the new "glassine-sealed" foil-pouch keeps the tobacco in perfect condition.

Finally, it has been shown by using this foil-pouch (instead of a costly tin) it is possible to sell Granger at ten cents. On these arguments Granger rests its case! A couple of pipers will convince Squire Pipe that it is the world's greatest pipe tobacco... and any good judge of tobaccos will confirm the decision!
