FRATERNITIES PLAY DRESS REHEARSAL

CLUB HELD FOR CLASS DEVELOPMENT

At the first time in the history of collegiate theater, fraternities and clubs will be given an opportunity to present a full-length dramatic performance. The fraternities and clubs, in cooperation with the University's Drama Club, will present the play "The Father's椴," by the famous Swedish master, August Strindberg.

The play will be presented at 8:00 p.m. in the Alumni Memorial Auditorium. Tickets will be sold at the door for 50 cents each. The proceeds will be used to defray the expenses of the production.

The cast includes members of the various fraternities and clubs, and the production will be under the direction of the Drama Club. The play is expected to be a major event in the university's cultural life.

Glee Club Holds Dress Rehearsal

Members of the chorus and cast of the Mikado, the Gilbert and Sullivan opera which will be presented by the Glee Club, will hold their first dress rehearsal on Tuesday, March 1, at 10:00 a.m. in the gymnasium.

The Gilbert and Sullivan operas have been a tradition at the university, and this year's production promises to be no exception. The cast includes members of the various fraternities and clubs, and the production will be under the direction of Dr. H. A. Mathews, professor of music.

As the performance of the production falls on the same night as the Council of Elders' meeting, arrangements have been made whereby fraternities may request to have their events scheduled in advance of the performances. In addition, the dress rehearsal will be held in the gymnasium, where it will be open to the public.

During the past week posters containing the schedule of the Glee Club's new season have been placed in several of the campus buildings. The new season will include performances of the Mikado and other Gilbert and Sullivan operas.

The Glee Club's spring concert will be held on Tuesday, March 1, at 8:00 p.m. in the Alumni Memorial Auditorium. The concert will feature a variety of both popular and classical selections, as well as a performance of the Mikado.

We train College Men to manage our Stores

With our volume of business now running well over $150,000 a year, and with our books and departments of business growing as the business expands, we need trained, college educated men to fill responsible positions.

Our managerships are positions of responsibility, but they pay extremely well. They offer the desired future that one who owns and operates a store.

If we accept you, we will train you in the practical work. We will lead you step by step through the various positions in our stores, and until you are thoroughly familiar with your phase of our business, and are ready to be placed in charge of one of our stores.

Here is a real opportunity for the man willing to work his way to the top. We are not a company to our Personnel Department. We shall arrange a meeting with a graduate of your own college who has already found success in the Kresse Business System.
DENOUNCES FRATERNITY INFLUENCE IN SPORTS

Famous Coach Claims College Society Politics Cause Ruination of Athletic Teams

MANY FRATERNITIES ARE HELP

According to one of the acknowledged experts of the sport, "John" Maynor, former Big Ten and Missouri Valley mentor, "there are few professions where more activities than all the fraternities and semi-fraternitish alumni take part." He is backed in this assertion by Nicole Norga, former tailer at DeKal University, and a sad note reaching Alonso Wagg at Chicago, Norga states that fraternity meddling was the only obstacle he encountered while in charge at Salt Lake. Maynor attributes the success of the Army, Notre Dame and the Navy in the fact that they do not tolerate fraternities. He cites an instance where a Fraternity in a Rocky Mountain Conference school openly boasted that they had gotten rid of two coaches since the war and that they expected to send a third on the same course in the near future. In elaborating on his anti-fraternity as a section, Maynor continued: "It is only natural that our athletes should hate rottenness in our society. We expect them to stand up in defense of right. Any man who causes the trouble was not worth his stripes. And he added that the fellows who caused the trouble were those who believed that the college would be turned into an institution for the badly needed upon their graduation."
BASEBALL BANTER

Note that the baseball season is over, and the shortage of rawhide to the pitcher. And, having three big first-base to fill, the usually last is no mean one.

The loss of ‘Tip’ Long, ‘Al’ Knott and ‘Bip’ Brouse make an appealing gap in the batting corps. Long of course, was the solitary left over, and Knott was the cudling workhorse. Brouse, although never quite stunning统计局, showed signs of form which dipped him in as possible ‘future great’.

Foster Sanford, who was the real star among his Freshman men and scored like Scytophyly with only one defeat last year, is showing the most promising form at the present time. ‘Ready’ is taking them up with little work and is trying to develop a good lead. If he can get his chance under control, he should be doubtless effective this year. A good change of pace is an invaluable asset to a football pitcher.

Although it’s too early yet to get an accurate idea of the placing limited to a whole, several other combinations are ones that are always worth watching.
