CHOOSING A CAREER

In the rapidity of modern business, few have the opportunity to choose wrongly once or twice in deciding upon a life calling. It is a serious and important hour when a young man, either in the solitude of his own thoughts or in the circle of the family council, decides his life work.

What are the important things that should influence the decision, so rememberful of him and perhaps to many others? What are the tests of a business? These: Is it worthy, big, permanent? Interesting and satisfying? Inspiring? What does it offer in advancement, development and compensation? And in happiness?

The answers to these questions are contained in a booklet entitled:

NEW SELECTIVE SYSTEM 
USED BY DEAN JOHNSON

High Schools Are Asked to Recommend Students That Seem Fitted for College Work

METHOD INAUGURATED LAST YEAR

The Wilton School Faculty has initiated a campaign to bring more pupils to their school. Letters are sent to the principal of each High School in the county requesting the names of his best promising pupils. These pupils then receive personal letters urging their attendance at Wilton School. This method has been tried with marked success by several other colleges.

Letters are sent each fall to the principal of over 200 High Schools in all sections of the county asking them for the names of their students graduating this spring who would be interested in attending the Wilton School. When the replies from these schools are received, arrangements are made up. This spring the department has been very busy soliciting and securing over 400 letters from likely qualified students. The names have been sent to Dean Johnson in turn and unclassified, and the students listed in a combination.

This method of selection is unsupervised and impartial. Dean Johnson expresses his satisfaction with the improvement it has brought about in the student percentage.

HEIDELBERG INSTITUTES
SPECIAL SUMMER COURSE

Pictoresque German University Offers Holiday Course to Traveling American Students

WILL CONDUCT EXCURSIONS

Heidelberg University, the oldest of German institutions which celebrated its tercentenary this year, will offer a special "holiday course" to American and other foreign students who have shown such an increased interest in travel and study abroad since the close of the war. This course will be divided into two sections: one, a six-week program, the first session from June 27 to July 11 and the second from July 18 to August 1. Practical excursions will be given in the German language, with a special emphasis dealing with valuable draws from German literature, music, art, poetry, history, and economics. Under the auspices of the University, sight-seeing tours have also been planned for the students. Parties conducted by personalities will visit the brothers of the Heidelberg University. Excursions will be made in the valley of the Neckar, in Worms, in Frankfurt, and to Munich; while in addition there will be a special illumination of the castle.

The home of Heidelberg itself is especially rich for its famous castle, "the German Alexandria," in the valley of the old Danube, probably founded back in the twelfth century, amidst the famous Heidelberg valley, an extensive wooded area ranging from 1,124 to 1,184 feet. The "Hamlet" has a reputation of romantic loveliness and sentiment. It is situated near the river, the main thoroughfare of the castle.

The tradition of the Chaplin Association is one of high moral and ethical standards. As the Chaplin Association is the oldest and one of the most respected organizations on campus, its traditions are held in high esteem by the students.

The officers of the Chaplin Association are the following:

Secretary: Robert Johnson
Treasurer: Sarah Brown

"SPRINGING" EVERY THING COLLEGE MEN WEAR

Spring's been a little backward in coming this year but there's always a sign of Spring in The Campus Shop. Such a wealth of pay and cheap skirts, scarves and muffs. So much good-looking fact in Spring colors.

And think the school wardrobe could only be a matter of défini and inexpensive to complete the picture.

Clothes Cost!

When you compare a cheap, poorly made custom-made suit and a real hand-tailored custom suit, the difference is noted at once: the cheap will wrinkle while the good suit will not; the cheap suit will be shorter than the size ordered while the good suit will be just that size; the cheap suit will wear white while the other is good for a year. It will hold its shape; will prove and clean well, and at all times you know it is well-dressed. Such are the clothes we make and many Penn students know this. Why not you? Our prices are $10 to $50.

AT THE STANLEY

Easter week will be commenced at the Stanley Theatre with an unusually effective program. The feature picture will be Richard Dix in "Knockout Reilly," a comedy melodrama which will appeal to all sport lovers and fine film sides. The program will have special interest to the appearance of the popular American actor, Stanley Harris, who will be in the Stanley Theatre under the direction of Stanley Harris and included in the Stanley Week will be pictures of the annual Boardwalk Passion Review at Atlantic City taken by the Sunday Correspondent. "Knockout Reilly" is the highly exciting criminal record of the young prize fighter, who was once world-wide famed for his feat of continuously defeating his own brother in the ring and whose career has only recently been started by a combination of circumstances that found him in prison convicted of a crime of which he is innocent.

writes:

"I love to sing Carmen and during the performance I smoke a Lucky Strike. They never irritate my throat. They are kind to my voice and delightful in flavor."
