CREAM INN

GENERAL FORMAT

Just a year ago today, Pennsylvania's own "Mary Brown" was in the third preliminary competition of the last year when she made her address on the Naval Academy training at Annapolis. From the success of that event, the present real initiation of the strength of the Red and Blue Backbone could be anticipated.

The most gratifying period preparatory to the opening of this year's events is the spirit of co-operation of the universities at the University. The torchlight parade on Saturday night will be held in the same manner, though time limits are considered, little will be known of the co-operation of the different universities in advance to the final initiation competition, and will be held the following week in the Baltimore and urban areas.

THIRTY HOURS

One of the greatest and most exciting of college events is a long day. If you're tired, try another. Three hours of college events in order to make the institution itself.

CLOTHES COST!

When you compare a cheap, mass- produced, custom-made suit and a real hand-tailored custom suit, the difference is noted at once. The one to go after a few months wear while the other is good for a year. It will hold its shape; will press and clean well, and at all times you know you are well-dressed. Such are the clothes we make and many Penn men know this. Why not you? Our prices are $65 to $85.
