Curriculum of Wharton School Revised

Graduation Requirements Reduced

Sixteen Credits

New Plan Will Take Effect in September, 1955; Changes Made in Business, English and ROTC

Involving (1) a reduction of the credits required for graduation from 144 to 128, (2) a complete change in the English and literature requirements, (3) the credit status of elementary military, naval and air science, and (3) reorganization of the content and status of some of the basic courses — were announced Friday by Dr. Thomas A. Budd, acting dean of students.

The changes will become effective in September, 1955, and were approved by the Wharton School faculty last spring after a wide study and review of the curriculum authorized by Dr. C. Canby Balderston, who was then Dean.

The most important change — that of the reduction of the number of credits — will affect all Wharton students in upper-class years as of September, 1955, but although fresh- men and sophomores will be required to complete only 128 credits, exceeding the number of a maximum of 19 and 15 for juniors and seniors, respectively, carry a full load and must make up for any shortage of credits during the time they are in residence.

In addition, freshmen will carry 18 semester credits each year, with a maximum of 20 credits and a minimum of 19 being required for the junior year, and 19 credits and a minimum of 19 for the senior year, respectively.

Changes made during the last year in the business and ROTC curriculums are also effective throughout the year.

The 16 credit reduction has resulted in the elimination of 13 courses from one year's curriculum, the dropping of 11 in the following year, and 10 the next, as part of a general lowering of credits for the remaining courses.

The change will not make any change in the requirements for a minor, but will alter the requirements for a major in some cases. Students of some of the basic courses — for example, the English and literature requirements — are now being reorganized with the elimination of a minimum number of credits.
Booths, Bands, Queen Aid Campus Chest

A general view of the Campus Chest Carnival held in the Palestra last Friday. Over $1,000 was gained for the Chest as Hurricane Hazel failed to keep students away.

The Muskrat Ramblers, a Dixieland jazz group entertain at the Carnival. Previously, the group had performed at the Variety Show sponsored by the Campus Chest.

One of the booths at the Carnival run by one of the women's groups (L). At right, Richard O'Flanley, chairman of the Campus Chest Drive presents a bouquet of roses to Dale Barthold, the 1954 Campus Chest Queen.

Dustin's Steady Improvement

Earns Him Tackle Position

Fred Dustin, 20 year old junior, who began the season on the fourth string, has earned for himself not only a left tackle starting assignment, but the "Lineman of the Week" award for two weeks running, due to his aggressive play and steady improvement.

"If he continues to make the improvement of anyone on the offense, he's the quiet student leader," adds Sebo. "He's the quiet student leader, the ultimate in a work ethic in his approach to football.

Three Down, Skirts Up
Hazel's Winds Rip
University Campus

Hurricanes blasted visiting Pennsylvania campus a Friday, causing heavy damage, wiping out the University's dosing time, and sending coeds skirts flying.

High winds felled a tree in front of the University Museum, toppling truly heavy damage and one for ROTC; second term. Transportation I will be expanded to include all public utilities.

Transportation II and III will continue to operate for ROTC, and will be required in the sophomore year. The course in freshman year will be renumbered, making it a requirement for students in their senior year. In the present 4 hours per week for one term.

Marketing Still Required
Marketing II will continue to be a required course, but will be given four hours per week for seniors and juniors and eight hours per week for two semesters. Junior and senior years will include the senior seminar. The 18 semester credits in the student's curriculum will be divided into three years, 5 to 6 hours per week.

Elective Diversified
Of these electives, seven will be designated as required courses for the first two years of the program, and one additional six semester credits in what is called non-business subjects. Non-business subjects include all courses offered in departments other than the Wharton School, and an additional six semester credits in what is called non-business subjects. Non-business subjects include all courses offered in departments other than the Wharton School, and an additional six semester credits in what is called non-business subjects. Non-business subjects include all courses offered in departments other than the Wharton School, and an additional six semester credits in what is called non-business subjects. Non-business subjects include all courses offered in departments other than the Wharton School, and an additional six semester credits in what is called non-business subjects.

For Med. School

The scale for men in ROTC is 74-91, 143 credits. For the women: 80-109, 141 credits; 110-127, 143 credits.
