The Shame of Pennsylvania: The E. F. Smith Library

The first forty pages of the paper are not visible in the image. However, the visible text seems to be discussing the collection of the E. F. Smith Memorial Library and its significance.

The collection is known as the E. F. Smith Memorial Collection, and it contains all the books ever produced by the university. The collection is housed in the fourth floor of the Hare Building, and it is open to the public. Pennsylvania's Bill Ryndson snags a pass in the Navy secondary for a four yard gain in the fourth period of Saturday's game.

Pennsylvania's minor sports program.

The minor sports teams play before very few students during the season.

This is something that should not be forgotten. Student interest is not only declining in athletics but also in many other phases of University life. We can remember when Daily Pennsylvanian sports were jam packed but your personal interest was so low that many of the paper's members were worried about the number of students who read it.

Intercollegiate athletics has many important values to any institution. It creates fibre, spirit and sinew in a student body. It provides an outlet for energies and liberated of the student. Among other things it does it provide a means to demonstrate leadership in a community such as Pennsylvania in Delaware Valley.

These and many more reasons are for having a good sound intercollegiate and intramural program. The main point we feel that lack of student interest can be corrected by a broader, larger and more stringent physical education program. It cannot be denied that sound minds come out of a sound body.

This is something that should be realized and at the University. Our intercollegiate athletic program should be put to the test. We think that the student interest should be increased and this should be done by the undergraduates, alumni and administration.

Inter-Dormitory Track Meet

At Franklin Field Today

Intramural track will have its fall fling today when the Inter-Dormitory meet is held at 4:30 this afternoon at Franklin Field.

Until 1953 a single I-F meet was held and a series of three dorm meets was scheduled. Now, each Fall there is an I-F meet and a Dorm meet, the Inter-Dorms being the single meet, which is open to all undergraduates.

The top men and women on the track and field teams will be competing in both the inter- and intradorm meets.

Future Gridiron Events

Cop II, Lose I; Notre Dame

While Pennsylvania was taking the annual lax household last Saturday on Franklin Field, no dorm for the future was played out in capital letters as Cornell scored off his end of the road crossing the Penn 27-0.

The Kreeps, turned in a fine performance, which will be the most important event of the week.

The relay winners will be awarded 15 points with the other team scores on a 3-1 basis.

This is the second meet scheduled for the season, and the top three teams in each event will receive certificates suitable for framing.

Grid Upspoil Staff Predictions

Favoritism fell by the wayside as the Red and Blue gridiron predictions of the sports staff were made.

The meet will be held in Franklin Field, and a series of three dorm meets will be scheduled.

In the traditional Brown Jug game, previously undefeated Penn State was defeated by Notre Dame.

Winners of the match were both members of the Penn State defeating the Notre Dame.

The meet is run by the Spiked Ball Club, which will present the members of the dorm and cross-country teams with certificates which only two teams not show up to practice.
