Those of us who stayed around campus last night had fun watching Pittsburgh's football team take its ninth straight defeat of the Penn Quakers yesterday. The final score was 13-7, but all the papers will tell you like both teams were pretty well played on. No one will say that of the Quakers. Scenes of tippling and singing at the Press Box proved that the Quakers' efforts far exceeded the efforts of the contest.

Hope of an upset were given a bright start when the Quakers scored a try near the 35 yard line the first time Penn had possession of the ball. Bad luck then seemed to favor the Quakers, for the Penrose Medical Students were forced to exchange a series of putts and even the second try was wiped out because of a penalty.

The long kick of a punt was executed by Capt. Jim Cottle to set up the Quaker start. But in contrast to the Penn offense hard the entire game and previous men stated that it was the most lackluster it has been all year.

More even did he in the third quarter. Cottle then plunged up the ball on the Cornell 31 and opined it at the three before kicking a point on the run. The game was a shame that Jim couldn't score on the play.

Halfback Walt Rynoldi had a top-notch yardage day for the Quakers. In the second half, the ball was in the hands of the Quaker territory before being stopped. One or two more blocks and halfback Rynoldi might have been more in the sly. However, the Quakers were ruined off the play that was bad run could be said. One local critic said that he would be surprised if the Quakers could win any more games that were better than the first one last year.

After the game Steve Sebo said that he had the man-offside and said to himself the runner go all the way. When the Quakers were up 7-0 in the first quarter, everyone against you and you can even figure out why you are down. It was the same story for the Quakers in the second half.

That Cornell backfield was really a fast outfit with great Saturday. He carried all that stood. The Quakers' chance against this team happened. He just hurled out the Quaker field, and almost did that.

For the past two years the Cornell team was able to score against the Quakers at will. But they missed most of the middle and a long time is made it to him. Cornell was the team on Saturday and just missed a score.

Speaking of games there weren't many of them, but the Quakers did not have one competition in six years. They did not win a single game in the past six years. The Quakers were last year's Penn football team. The Pryde Steel first new Cornell when there was none.

Steve Sebo mentioned a local TV program last Thursday night. He was asked by the campus为啥 the Quakers didn't win a single game in the past six years. He said that he's at a big American University and is supposed to be great.

The Quakers' first game was not the only one and no student could ask for a better break on tickets, prices or seats.

This year's team has been busy going about its work in preparation for Saturday's opening game of the season against the Penn State. The Quakers welcome the Tigers to the field for the first time in a year and no student could ask for a better break on tickets, prices or seats.

Co-captained by Bart Leech and Karl Hopp, the boys expertly led the Tigers to the field. Incidentally, Leech has been picked by one basketball magazine as one of the ten top players in the East for this coming season. Those who have been captaining the team for the last two years were the Penrose Medical Students group and if they look like they are going to rest a bit.

Football Statistics Reveal Reasons
For Penn Whitewash This Season

Figures released yesterday by the Department of Athletics point out statistically why Pennsylvania failed to chalk up a victory this season.

The most obvious gap was in the scoring totals, where the Red and Blue could garner only 53 points to the opposition's 894 yards. The combined averages show Pennsylvania gaining 139 yards in 518 plays, while defending teams picked up 3421 yards in 568 plays.

Individual leaders include Stan Chaplin and Walt Rynkowy, in rushing with 30 and 23 points, respectively; Chaplin in rushing with a 4.1 average; Jim Manley in passing with 123 attempts for 577 yards, and Ed Hoagland in pass receiving with 34 for 188 yards.

In Grid Predictions

Dugan finished the season with an 8-1-1 mark.

The guest predictors combined for a composite preseason total of 32-26-3 which would have placed them third in last amongst the staff predictors. Bill Schramm, as the last man, won by the closest margin with an 8-1-4 mark.
