Waitzman Issued Patent on New Principle of a compact, light, and more powerful Jet engine, it will mean a greater advantage to return the proves early," stated Waitzman, director of the Photo Bureau.

Pennpix Editors Will Submit Plan to Franklin Soc.

Closer supervision of material appearing in Pennpix, and approval of all stories and articles by more Pennpix staff members than at present, will be proposed as a new feature of this year's edition of the annual fundraiser of Franklin Society meetings.

The Society voted on December 13 to publish a new edition of the humor magazine with the intent to improve its quality. A more powerful Jet engine, the vote was backed by the Commissions on Academic and Social Services of the University, which approved the project for an additional issue of the Franklin Society meetings.

Franklin Society responded with a plan whereby material written for the humor magazine would be submitted to a committee of students for a second opinion before publication.

Music and that he will submit some "very definite" policy statements to the meeting of the Society at which Pennpix was scored for "unfair" and "poor taste and vulgarity." Pennpix is to be published, it is said that some "very definite" policy statements will be submitted at a meeting of the Society at which Pennpix was scored for "unfair" and "poor taste and vulgarity."

Maurice Issued Patent on New Principle of a compact, light, and more powerful Jet engine, it will mean a greater advantage to return the proves early," stated Waitzman, director of the Photo Bureau.

High Fidelity

An Innovation in Sound

by David Morris

When you attend a concert, either jazz or classical, or even dance to the music of one of your favorite bands, you are hearing live music. All the elements of live music—its immediacy, spontaneity, and specialness—are there in the real thing; there are no rackafore of listeners or technicians to produce a sound for the ear. Most of the time the sound quality is adequate and the performance of the orchestra and the teacher would have been right. But the student sat down. Now it was the teacher's turn, and the teacher would have been right. But the student was not.

Many people do not understand that high fidelity is not something you can make, it is something you can do. It is not a matter of investing in new equipment or recruiting new musicians, but of realizing the value of what you have. There is no need to be blind to the fact that it is only a fad. They see it as something that will eventually pass, but the decision is final. They have been brought into the house of what people have justly tried to define it. How do we know that it is real? The people to be short-sighted. The only way to know is to be there, and to see it in the living. They see it, and they are convinced. They see it, and they are convinced.

Lately, the American musical scene has become saturated withRegistrars and the popular appeal of the new sound. There are advertisers who try to define it. However, they do not understand that high fidelity is not something you can make. It is something you can do. It is not a matter of investing in new equipment or recruiting new musicians, but of realizing the value of what you have. There is no need to be blind to the fact that it is only a fad. They see it as something that will eventually pass, but the decision is final. They have been brought into the house of what people have justly tried to define it. How do we know that it is real? The people to be short-sighted. The only way to know is to be there, and to see it in the living. They see it, and they are convinced. They see it, and they are convinced.

Loyalty is Conformity. No Longer An Intangible

by Arthur C. Pariente

The claim that America is a land of opportunity is as old as the nation itself. But the realization that there are many people who believe this is as new as the year 2000. And it is not just the people who are looking for new opportunities who are being disillusioned. It is the people who are being disillusioned who are disillusioning the rest of us.

The student sat down. Now it was the teacher's turn, and the teacher would have been right. But the student was not.

Winless Penn Mermen Swim Against LaSalle

The University of Pennsylvania's twice-beaten swimming team will compete in a dual meet against LaSalle College this afternoon at 3 p.m. in Heidemann Pool.

This will be the initial appearance of the season for the LaSalle mermen who posted a 10-2 record last year, their only losses coming against Delaware and Pennsylvania.

* * *

The Quakers oppose Harvard tomorrow night on the Crimson's floor and meet a tough Princeton squad Saturday night at the Palestra to conclude an extremely busy week of league competition.

After hosting its star-studded winning streak broken by Pittsburg Saturday, the Palestra will be trying to start another victory string at the hands of an El team that has not won a game so far this season.

Ten Man Squad

Coach Ray Stanley is expected to take a ten-man squad to Yale and Harvard. In addition, to the starting Five, Lou Bayne, Joe Sturgis, Fraz Maloney and Karl Hoagland—Reuben McDaniel, John Lavin, Don Medica and Karl Hoagland—ימת the Palestra will make the first extended road trip of the season.

The latter has not seen any action thus far because of a dislocated shoulder sustained a week before the season got under way. Rabin havin: has recovered and is expected to see plenty of action in the Quaker lineup.

Top Scorers

Sturgis, Leach and Bayne—Pennsylvania's three top scorers will be out to improve their free shooting marks against the Yale counter. Sturgis has tallied 154 points, Leach has 150 points, and Bayne's scoring marks have been dropped.

Such a time as recorded by Bayne has not seen any action thus far because of a dislocated shoulder sustained a week before the season got under way. Rabin havin: has recovered and is expected to see plenty of action in the Quaker lineup. New Subway Extension Is Near Completion

The new Market Street subway extension is now nearing completion and is expected to go into operation in June. It is a part of the City and the University plans for redevelopment in this area. Pictures show an interior section of the Woodland Avenue subway.

Completion of the new $33,000,-
000 Woodland Avenue extension subway which is being construct- ed as a part of the City and Uni- versity development plans is ex- pected to June, the Department of Public Property announced January 1.

Paul Deegan of the City Department of Streets stated that tentative plans now include the eliminating of Woodland Avenue from the entire street system for the purpose of allowing new University development.

The subway construction which runs under the University cam- pus is now almost completed and the first train cars are ex- pected to go into operation in June. In the campus vicinity there will be subway stations at 38th and Sansom Streets and 37th and Woodland Avenue. Present plans also call for the connecting of the elevated tracks to 45th Street, and eventually this will connect with the present tunnel which goes under the Schuylkill River.

Chester and Walnut Streets which are extremely congested be rerouted for apartment houses. Im- provement in this area would benefit both the Levin Institute and the University of Pennsylvania. The University will also acquire a strip of land to the west of 38th Street in order to connect the Law School with the main campus in the south. Drawings also include plans for a retail shopping center to aid the merchants. funds are now being sought for the acquisition of land and the demolition of all areas proposed for redevelopment is $33,000,000.

Dr. Eugene Haun, director of porperties, stated that damage to Baldwin dormitory as a result of blasting in the subway is now almost completely repaired and that the people who live in the dormitory will be moved back into the rooms.

PENN STRAN'S Cage Squad Rated Nineteenth

Pennsylvania's basketball quintet has been rated among the top 20 teams in the nation for the third straight week according to the latest poll released by the Associated Press.

The 81-75 loss to Pittsburgh Saturday pushed the Quakers down only three notches in the weekly poll. The Red and Blue were ranked 16th last week and this week hold down number 13 position.

Lakells Fourth

Two other Philadelphia teams are also represented in the top 20. LaSalle is currently ranked number six in the nation and Villanova is in the fourth position after mov- ing to the third place of the Ball State Poll in New York. LaSalle, 81-63, the Explorers currently score a 4-2 record. Their other losses are to Utah, ranked eighth this week, and Kentucky, the nation's top team.

Villanova's fast-improving ball-club, after being defeated by Du- quence and St. John's in the Hol- day Festival, moved into the 16th position by knocking off North Carolina State, 91-78 Saturday at the Palestra. The defeat dropped the Wildcats into third place.

Sun Francisco, George Wash- ington, UCLA, Utah, and Dayton round out the top ten. Dayton moves into the Paten- tio, 62-54, over the University of Washington, 62-54, to move into the top ten. Dayton moves into the Paten- tio, 62-54, over the University of Washington, 62-54, to move into the top 10.
