Flags Displayed at Chapel

All fraternity flags will be displayed at the Chapel Thursday afternoons as part of the tradition established by the Board of Directors for the beginning of the fraternity season. The flags will be flown at the Cemetery's Chapel on campus from 10 a.m. to 7 p.m. during the week.

Official Forecast

U. S. Weather Bureau

High of 60 degrees.

Student Variety Show Will Feature Ten Acts

In HH on April 22

Glee of Freshman Mask and Wig To Appear, Wilson, Show Chairman, Will Also Be Emcee

Ten acts plus the glee part of the Freshman Mask and Wig Show will appear in the 7th annual Student Variety Show to be presented on Tuesday, March 15, at the Alumni Memorial Hall Auditorium, according to James F. Wilson, chairman of the show.

Wilson, who is also going to be master of ceremonies of the Variety Show, said that the program will include dancing, comedy, and musical numbers. Numbers that have already appeared in the show are "Dancing Through the Aisle," Bobbi Lawrence, Sigma Nu and Meggers; "Men Are Like Women," Paul Allen, Alpha Phi Omega, Delta Tau Delta, Delta Gamma, Mu Sigma, and an M.I.T. Coed; "London" presented by an M.I.T. M.C.; "The Rehearsal," Alpha Phi Pi, Sigma Phi Epsilon, and Phi Sigma Kappa; and "Mask and Wig Appear." Wilson added that the glee part of the Freshman Mask and Wig will give a full length production of "Julius Caesar." A cast of twenty students will play the parts of the Shakespearean production.

Prizes Awarded.

Three prizes will be awarded for first, second, and third place. The prizes are a place which will be announced on the program. The winners will be awarded certificates and a certain amount of money. Those who will participate are Ann Janis, George B. Hinkle, Helen R. Burt, and Anne B. Wise.

Memorial Service Held For Ralph Farmhouse, College, 1920, who died Thursday morning in the University Hospital, will be conducted by President Wilson, Friday, at 3 p.m. in the chapel. President Edward G. Harris in the auditorium of the Christian Association Building at 3 p.m. Ralph Farmhouse, whose home is Bierly, was a Provost. The service will be open to members of the University family.

Faculty - Fraternity Luncheons Held in 37 Fraternities Today

Members of the faculty will be luncheon guests at 37 fraternal luncheons today at 1 p.m. as part of the Fraternity Day activities. The luncheons will be held at the Alpha Phi Omega, Beta Theta Pi, Chi Omega, Eta Sigma Upsilon, Eta Sigma Nu, Gamma Delta, Gamma Pi, Gamma Theta, Kappa Sigma, Lambda Chi Alpha, Phi Gamma Delta, Phi Sigma Kappa, Sigma Nu, and Sigma Alpha Epsilon fraternities.

Dr. Dill Opens Lecture Series With "The Philosophy of History"

Dr. David Dill, Jr., will open a series of five lectures on the Philosophy of History today at 1 p.m. in Alumni Hall of the Wharton School.

The show will dealt with the "Philosopher of Philosophy," an attempt to develop a consistent philosophy on the various problems of life and thought. According to Dr. Dill there is a need for a new philosophy of culture. The five lectures will be on the Philosophy of History, Modern Culture, and other important topics.

Revisions to Rushing Rules Presented to I-F Council

Legal on and off Campus Rushing Will Be Allowed; Amendments Will Be Considered at House Meetings

Revisions in rushing rules and regulations allowing, among other things, legal rushing on both the campus and in fraternity houses will be presented to the Interfraternity Council last night by David A. Proctor, chairman of the revision committee.

If the changes should be passed by the Council, they would be added to the present rules and regulations, and nullify those now in existence with which they conflict.

The following is the text of the proposed revisions:

1. No fraternity man shall be served. It is not legal to serve men except to fraternity houses. Men shall not be served.

2. All fraternity houses shall be considered on Greek Life Week Monday through Thursday as the fraternity week and men shall be served in those houses. No other house, except to fraternity houses shall be served.

3. Divided Into Groups

Christian fraternities shall be divided into four geographical groups. Each group shall have one representative on the I.F. Council. The idea is to divide the country into four geographical groups, and have one representative from each group. This is the first step in dividing the fraternity houses among which fraternity houses shall be served.

4. During the formal rushing period, contact between fraternity men and freshmen shall be allowed only between the hours of 10 a.m. and 11 p.m. No other fraternity houses shall be served.

5. The rush shall run intensive on Friday the first week, and Monday through Friday of the second week.

Rushing Allowed

Following presentation of the proposals, the A. C. C. motioned for discussion of the measures and questions for the delegates who would be sent on the house of the fraternity house meetings this week.

During this time it was explained that the rush shall be allowed, and it shall be allowed on and off campus. The rush shall be allowed only for seniors and the freshmen got to choose which one they wanted to go with.

Proctor said that it had been decided that freshmen should have the right to be present at fraternity house parties during the first semester because it was felt that the freshmen men were going to enjoy parties at which they would meet most of their friends.

Other business at the Council was discussed, and the first step in organizing the Morris Arboretum, a part of the University, was discussed.

Also Fielding, Philip H. and James M. Alexander, Philip H. Blee Root, Gamma Delta, Henry Abraham, Delta Sigma Pi, and Charles Polk, Sigma Phi Epsilon, were appointed to a committee to work with Dean Dill on the campus regulations for Greek Life Week.

The following are the text of the revisions to the rush rules of the Interfraternity Council:

Completion of the.userService:

The University. The University. The University. The University.

Pennsylvania's chances for scoring points in the Eastern Intercollegiate Championships are lower this year. The team is not as strong as it was last year when it was one of the top ten teams in the country. But at least one member, Keidl, has the potential to make the team. He has won several events in recent meets.

When he first went out for swimming in high school, he could not swim at all. But he wanted to be a swimmer, and by sheer determination, he improved his strokes and techniques. He finished second twice, Yale and Harvard, and in each case, he broke the old record and set a new one.

Keidl was a freshman at the University of Michigan before coming to Pennsylvania. He won his first big meet at the Atlantic AAU for the last three years in the event. This season he won the lowboard indoor event for the first time. Despite his recent poor showing, he has improved his chances of winning the event.

Keidl's most stirring win this season was in a meet against Harvard's Johnson on the high bar. Keidl grabbed a slip-up on the round of diving Keidler left with one dive left. He won the event on a one-one-half full twist. He is a strong swimmer with a near flawless performance as the judges rated him, 8, 8, 8, 8.

It is also interesting to note that coach Keller has come a long way since his days at Franklin Field for the past nine years. He has produced several top athletes. This year, he helped Keller realize his peak performance. With his help, Keller has been able to salvage the season.

Keller is just one of the many fine athletes who have come through Franklin Field. It is a testament to the university's athletics program and its dedication to producing top-notch athletes.

The battle of high school track champs in the Spiked Shoe Meet. Description.

The Spiked Shoe Meet is a prestigious annual event that has attracted some of the country's best high school track and field athletes. The meet is held in Philadelphia and is sponsored by the Pennsylvania Athletic Association.

The meet has a rich history, with many of the nation's top performers having competed in it. One of the most notable athletes to have participated in the meet was John L. Haines, who established a new national record in the 50 yard dash.

The meet is also known for its performances by members of the Pennsylvania track team. The team has consistently performed well in the meet, with many of their athletes going on to compete at the collegiate level.

The meet is an important part of the track and field season, and participants come from across the country to compete.

The meet is a showcase of the best athletes in high school track and field, and it is a testament to the dedication and hard work of the athletes who participate.

The meet is a testament to the dedication and hard work of the athletes who participate. It is a great way to showcase the talents of these athletes and to see who will emerge as the top performers in the sport.
Cornell Duellers Win Easterns; Quakers Fifth

Cornell's well-balanced varsity fencing team is third in Eastern Interequatonal Championship. They defeated Columbia in the final competition held Friday and Saturday in New York's Congress Hall. The Quakers finished in a tie for fifth place.

This was the second season since Jason Call had been on the team that they failed to win a medal at least once. Bill Farber came the closest for Cornell, ending in a tie for first in the saber section and finishing third in the foil.

Cornell Undeterred

Dion, who was undefeated in dual match competition during the season, announced his arrival as one of the big surprises of the meet as he also failed to qualify for the individual championship.

Columbia won 18 points ahead of second-place Princeton with a total of 32 points in the overall event. finishing with 30 points. The Red and Blue dominated the meet, winning all but one event, the 300 yard breaststroke.

In capturing the title, the Quakers broke seven records.

Mermen Take 9 Firsts; Win Met Championship

Pennsylvania's swimming team scored a decisive win in the Philadelphia Metropolitan Collegiate Swimming Championships yesterday, winning all but one event, the 50 yard breaststroke.

The Red and Blue dominated the meet from the outset, winning the 300 meter relay with a time of 3:36.2. The preceding event was won with a time of 1:39.0.

The Quakers then captured first and second spots in the 220 yard freestyle, despite a fine swim by LaShelle's John Connolly.

Freddburg, Kline Elected Co-Captains of Matmen

Since Freddburg and David Kline were elected co-captains of the 1953-54 wrestling team last night at the annual University Wrestling Banquet at the Mas and WIG Club.

Freddburg and Kline succeed retiring co-captains Ray Walker and Lenon Shy.

Walker was presented the most valuable wrestler award and Shy was elected the wrestler who contributed the most to the team.

Best Winners Tipped

Due to the fact that only the best wrestlers were tipped officially. Phi Kappa Sigma's standout with a time of 3:21.3 for the longest distance. The victory enabled them to surpass Alpha Phi, who won the third heat with a time of 2:26.5. Kappa Nu was the winner of the second heat with a time of 3:31.3.

Beta Theta Pi Wins

The winners included: Nu Kappa, 3:31.3; Eta Sigma, 2:55.2; Kappa Nu, 3:17.0; and Phi Delta, 2:53.8.

Heat Winners Timed

First heat—Nu Kappa, 2:55.2; second—Eta Sigma, 2:22.6; third—Kappa Nu, 2:23.9; fourth—Phi Delta, 2:18.6.

MEN'S RELAY

Pennsylvania's finest men were another major disappointment in the intercollegiate championship.

Al Hofmann, Princeton's star man, was another blip on the radar. He won the 440 yard race with a time of 2:17 in the final race and 16 in the 400.

Miskins Wins Event

Miskins made his final showing for the Red and Blue, winning the 200 yard backstroke in the third heat strip. Aaron Kay, who won the 1:54 mark in his first heat, would have set a new school record had he not been the victim of his own backstroke.

Miskins, who was defeated Miskins, who was defeated in the second heat, had his backstroke in a fine heat. He swam in the final heat but failed to make the final.

Bill Harth and Cary Kaplan were defeated in the 200 yard breaststroke and had their backstroke heat won by a margin of 3:16.

The last game of the season featured two divisional league playoffs. In a low-scoring contest, Robert Morris clipped Ward, 26-17. Although the independents have finished their season's play, the divemasters and fraternity winners will continue in round robin play. The second set of games will be played Thursday.

LaSalle, Iowa Meet

In NCAA Semi-finals, LaSalle's basketball team will attempt to take another step toward successfully defending its NCAA title when it meets Big Ten Champions Iowa in the first game of the semi-finals at the Palestra. The Explorers earned the right to play in the tournament by finishing the Eastern Regionals at the Palestra, and LaSalle was eliminated in the championship game on Saturday.

Dear Joe,

How are you? I'm writing to you because I'm planning to publish a book about my experiences as a journalist in Africa. I'm looking for a publisher who can help me with the editing process and provide me with a comprehensive marketing plan. If you're interested, please let me know and we can discuss the details further.

Best regards,

**will receive his B.S. degree in Mechanical Engineering from Princeton University this June. He's been quite active in intercollegiate athletics—football, basketball and baseball—and served a term as Club Athletic Director. He's also found time to work on "The Princeton Engineer" as American Editor. Richard, Don, is taking thorough flight for his employment after graduation.**

**"Chuck" Noren answers:**

The answer to that is easy, Don, if you mean initial assignments. Generally speaking, a graduate's first assignment is necessarily based on his field of training and his degree, but his subsequent progress at Du Pont is always based on his demonstrated ability. You learn about other branches of science and engineering—you broaden your horizons through daily contacts with men having other skills. The result is that arbitrary divisions between technical branches gradually dissolve, and you become ready for new assignments and new responsibilities—even outside your original field. In my own case, I developed quite a bit of skill in mechanical and civil engineering techniques which I had been called upon to supervise the "shooting" of an experimental tunnel for the evaluation of new explosives—even through my original training was in mining engineering. Of course, specialization in a definite field may be continued if the man specifically wants it and reveals a talent for it. But the best opportunities for that are in research and development. Naturally, the value of this kind of work is also recognized at Du Pont. So, no matter what your initial assignment may be, Don, Du Pont is anxious to bring out your best. A good rule to remember is this. A graduate's first assignment is often necessarily based on his field of training and his degree, but his subsequent progress at Du Pont is always based on his demonstrated ability.
