Fraternity Is Penalized With Social Probation By Discipline Committee

L.F. Discipline Committee Penalties Overruled: Beta Theta Pi on Probation Until January, 1956

Beta Theta Pi fraternity was placed on social probation until January 1, 1956 by action of the University Faculty-Student Disciplinary Committee yesterday. The Daily Pennsylvania learned from authoritative sources.

The action was taken in conjunction with the Sunday riot in which 42 students were arrested, but because of property damage caused and general improper conduct on the part of some of the fraternity members in the past few weeks.

Charges were originally made against the fraternity by the Interfraternity Council at its meeting last Thursday when the fraternity was imposed a fine of $100. The Individual fraternity had its appeal heard by the at 1:30 p.m. Friday, but no statement was made by William Grover, manager of The Record and the Freshman Handbook and the Drool Times.

Science Fiction Fan Discloses
Routine at Recent Convention

by Link and Levinson

A few weeks ago we wrote a column about science fiction and how it has swept the nation. In addition to a number of campus S.F. fans who demanded that we print an official apology. Naturally we refused.

One Wharton fan who had become disillusioned with his hobby, told us that he had attended a recent Nyon (this means "Science Fiction New York Convention") in a S.F. terminology). Here is his report, and he generously swears that every word is true.

"I took an eight o'clock train over to New York and arrived at the McAlpin Hotel. The lobby was decorated with huge posters reading: "Welcome, Fan!" "Howl!" "Spaceport!" and "Get Labor Tunes at Roots 8." A bespectacled gentleman at the door asked me for my Nyon registration card. I showed him my ticket and explained that I, T. F. of Planetaria University, was interested in attending the convention.

"I introduced myself to the Convention Secretary, William Greenfield, a dapper gentleman who confected roast cakes at White Sands. Nevada. The first thing he asked me was, "Do you wear Francis Lane's Delegate Slings?" I told him that I hadn't. "Well, it's called, "Delegate Pコンテンツ Me Oh My Dining,"" he chirrred. I decided to return immediately to my home.

Mr. Greenfield stationed to regain our tickets. We were issued blank counter cards and ordered two "Saturn Slings." I nibbled at shoe and ordered two "Saturn Slings." "Well, it's called, "Delegate Pork Cents Me Oh My Dining,"" he chirrred. I decided to return immediately to my home.

The drink tasted like gin-and-ginger, but I didn't mention it, not wanting to hurt his feelings.

Lions Defeat Penn Nine With 7 Run First Inning

A seven-run outburst in the top of the first inning led Columbia's baseball squad to an easy 10-3 decision over Pennsylvania yesterday at Murphy Field.

The Lions got only three hits in their early spurt, but capitalized on wild walks and a number of Quaker errors to send 11 men to the plate. Only three of the nine runs scored were unearned.

Tony Plaskonos was the victim of most of the Columbia on-deck bunting. He was the only two runners in the game in which he appeared. The Quaker hurler could not get one man on until Kitty before leaving in favor of McGovern. Kitty got two on and was driven in by a fly from Fassr. Allegheny bobbled on a sacrifice fly, and a walk, a throwing error and two singles brought in three more runs before McCosky entered in relief.

Another bobbled hit gave Hillclubs a life at first, and Bob Gray singled into two more before the aide was finally retired.

Penn Scores In Third

The Quakers got both their tallies in the third inning at Jim Manley's expense. Jim singled to a deep left center. First baseman Ray Green, who led Penn with three hits, singled to drive in Manley and another over by Mike Dalton and Jim Conlin scored Green. Alf Poore, the Quakers' top hitter, came to bat and was out. Chuck Brown left nine men stranded on the bases.

Jerry Loucks asks:

What sort of work would I do on my first assignment with Du Pont?

Charlie Lounsbury answers:

There is a great variety of first assignments at Du Pont, Jerry, depending on a man's field of training and the general area of work he has selected. For example, I understand you're interested in plastics, and you might start in development work in the plastic molding area. This will give you an opportunity to learn about the basic properties of plastics and how they are used in various applications. You'll work with a team of experienced engineers who will guide you through the process of developing new products.

Jerry, you may also have the opportunity to work with other departments in the company, such as the Chemical Engineering, Development, and Marketing departments. This will give you a broader perspective on the plastics industry and how various departments work together to bring new products to market.

In general, Jerry, a man is chosen for a specific job within the scope of his major field of study. His first assignment is intended to help him make the best use of his abilities as promptly as possible.
