Class Brotherhood Instilled, Frash, Juniors Lead Way  
by Michael L. Steiner

Most of us have at one time or another heard the popular saying, "Everybody talks about the weather, but no one ever does anything about it." Were we to replace the word "weather" with "school spirit," would we be doing a grave injustice to the atmosphere which is doing more for the education of our students than anything that is being done? The spirit is to provide a sense of coherence, to help those who drift and foster a good sense of direction. But do we really have a spirit? If we were to ask, who would answer? There would be a few who could claim and, in our opinion, quite a few more than that. 

Possible New Penn Tradition

There are, of course, several reasons why something about it, and when they finish their work, it is very possible that some of them will want to become another Penn tradition, and have been established. The event, to which I refer, is the "Frosh-Junior Jamboree," an all纪委 purpose entertainment which is to inaugurate Frosh year at the University, traditionally known as the "Frosh-Junior Jamboree." The expected, Senior and Sophomore classes are also involved, and in order that the spirit be great enough, and all signs point to the fact that it will be, a similar affair involving the Frosh-Junior and Sophomore classes will be planned.

The trip, or so-called "Jaunt," is to commence Saturday morning, October 15, as a new Penn tradition. These Frosh are going to make university, no doubt, a whole new one to many of us. Of course, the question is what is to happen if you leave from the Christian Association, bound for Green Lake, Pennsylvania, site of the University summer camp for undergraduate children. Incidentally, it's my guess that a large majority of Penn students have even been there, but the students who are unaware of these training camps for children, only a mile or so from the lake for swimming, volleyball, basketball, etc., are in for a treat. Anyway, they can look out the least which is a square dance and a Werner roast, Saturday night.

In addition to the above-mentioned functions, Sunday morning services for students of the Catholic, Protestant, and Jewish faiths have been planned, followed by a joint lunch for all faiths. The entire affair is sponsored by the Christian Association of the University of Pennsylvania under the direction of Mr. Howe, and we have been asked to make clear the fact that there will be students of all faiths attending, and everyone will be exalted, and not to be concerned as to where there are places available. Members of the university community should be identified with Dr. Lincoln Harker of the Wharton School's Committee on Women's Affairs, Dr. C. J. Culanin, Dean of Women, and Mr. Dickson who is acting as chaperon.

Penn, Garnet Vie In Soccer Today

Fresh from its victory over Brown University last Saturday, Pennsylvania's soccer team engages a strong Swarthmore aggregation this afternoon at Swarthmore. The Garnet should provide more formidable opposition than did the Bruins. Coach Bob Dunn, who had tutored Swarthmore soccer teams for 35 years, rates this year's club as his best in four years.

The Garnet boasts five returning lettermen, including three who played against the Red and Blue last season. Three members of the club have been awarded the Daily Pennsylvanian All-American honor, and several other players have been honored by the Eastern Intercollegiate Soccer Association.

Promising Freshmen Found In First Round Net Tourney

An important event and the discovery of a few very promising freshman players marked the first events in the first round of the Intramural Tennis Championship, with 114 players completing competition yesterday afternoon at the River Field tennis courts.

The tourney was brought about by a request from the Beta Theta Pi and Delta Tau Delta fraternities, along withPhi Gamma Delta and Tau Kappa Epsilon, to organize a tennis tournament for male athletes.

Bob LEBENGOD

Sebato, who played in the first round of the Intramural Tennis Championship, was eliminated by his Phi Gamma Delta opponent, a 6-3, 6-0 winner.

Bob Lebengood and Frank Riepl, two freshmen, have been awarded the Quakers' only honor, the Most Valuable Player of the Week, for their outstanding performance in the first round of the tourney. Lebengood, starting left end, had a standout performance, complete pass for 15 yards and 13 points for two perfect games.

Lebengood, Riepl Earn Player of Week Honors

Bo Lebengood and Frank Riepl, two freshmen, have been awarded the Quakers' only honor, the Most Valuable Player of the Week, for their outstanding performance in the first round of the tourney. Lebengood, starting left end, had a standout performance, complete pass for 15 yards and 13 points for two perfect games.

Lebengood, Riepl, although not a regular starter at the position, both had offensive and defensive work. Playing at safety on most occasions, Riepl also handled punting duties, including a 68-yard boot, and was effective in downfield blocking.

The best punter of these two would be the choice of the crowd both seasons, and in the first round of the tourney, both were named to the awards. In the second round, a 3-4 record in 1964, had moved the Quakers into 15-2. Penn also made its second victory in the league. It was by far the best punting performance of the season. In addition, he continued his outstanding defensive play.

In Effort To Solve Major Problem

The show was rounded off with the following people singing the following songs: Robert Amsden singing September Song; Harriet Miller singing Autumn Leaves; and Tini Taylor singing Bewitched. Rotherhood and Robertson. Ronald Cowden did a good job with his ensemble in providing music for the program. The show was well rounded off as the campus chest drive which will be climaxed Friday night with the Campus Chest Carnival. The fifteen contestants for Queen of the Campus Chest appeared on the Variety Show. Final selection of the winner will be made Friday night at the Campus Chest Carnival.

Luckies taste better - Cleaner, Fresher, Smoother!

Copyright 1955 by Roger Price

LUCKY DROODLES! LUCKY DROODLES! YEA!

WHAT'S THIS?

For solution, see paragraph below.

A FLIGHT OF IMAGINATION prompted the Doodle above—it's titled: Flying saucer with Lucky-smoking crew. But it's a down-to-earth fact that Luckies taste better than any other cigarette—and for down-to-earth reasons. First of all, Lucky Strike means fine tobacco. Then, that light, mild tobacco is toasted to taste even better . . . cleaner, fresher, smoother. So, "Chug shrull!" (In saucer language, that means, "For taste that's out of this world, light up a Lucky!"

LUCKIES! LUCKIES! LUCKIES!

How many are there of this world? Who knows? All we know is that there's a growing number of people who prefer Lucky Strike Cigarettes—no matter what the experience of the world may be.
