Pennsylvania's track forces en
university at New Brunswick Saturday as the varsity swept past Lehigh and Rutgers in its opening outdoor meet, 85 to 39-2 to 3, except
for the 400 yard hurdles which were the same two schools' meet, 33-44.

The Quaker varsity captured one of the 15 events, and won the first three places in four of them. Penn placed in every event and had the meet under control from the start.

Captain Johnny Hanes, Al Smith, Jerry Berryman and Jim Smith led the Red and Blue to victory. Hanes won the 100-yard dash, 110-yard hurdles and the 400 yard hurdles, cutting the time in straight sets, 6-2, 4-6. Smith won the 440 yard dash with a new school record of 48.4. Berryman took the mile In 4:42.4, finishing ahead of Penn with Columbia third. The Quakers covered the two mile course in 9:56.2 while the Quakers were clocked at 10:01. Columbia finished in 9:56.8.

The Chidb Cow victory was the fifteen for Princeton compared to 22 for the Red and Blue and 11 for Columbia.

Demoted Varsity Wins

In the junior varsity race, Penn's demoted number one boat defeated Princeton by five lengths in full length and was timed at 1:48.5. The Princeton entry was clocked at 1:48.9 with fifth second boat did not show much in loss of

Charlie Burkwell

The loss was Penn's seventh in 11 outings. The Quakers previously dropped a 3-2 decision to Penn State on Saturday. Quaker starter Bill Armitage fell off to a 5-1 lead in the first three and from the third to the fifth half the second boat did not show much in loss of

Promoted Jayvee Crew Defeated by Princeton

Pennsylvania coach Joe Burke summed up the crew's loss to Princeton as the Chips Cup race at New Brunswick. "We were beaten by a crew that won by 700 meters. We had high hopes of taking 1st place in the race instead of the promoted Jayvee." Burke emphasized that the team did not kill Princeton's Olympic chances and stated that although Princeton won, the team was still in the running for the States Olympic berth.

Change Promoted at last As to which boat would start in the Bows row, Princeton was all right. The Chips Cup race was at the Shadick. Burke said this week, because the team was so confident, they had already defeated the promoted by 18 seconds on the river yesterday by a length and needed only one win on Tuesday to regain its spot.

Princeton, winners over Navy and the Navy Alumnus the previous weekend, jumped off in a quick lead on Saturday and widened it to the way to finish more than 10 seconds ahead of Penn with Columbia coming in a close third in 9:54.8. The Chips Cup victory was the fifteenth for Princeton, compared to 22 for the Red and Blue and 11 for the Columbia Lions.

Demoted Varsity Wins In the junior varsity race, Penn's demoted number one boat defeated Princeton, full length and was timed at 9:45.2 with the Quakers at 9:59.6. The Quakers were demoted at New Brunswick Saturday as the varsity swept past Lehigh and Rutgers in its opening outdoor meet.

There was no second attack, respectively, and the fronted team was the same two school yearlings. The Quaker varisty captured nine of the 11 events, and won the first three places in four of them. Penn placed in every event and had the meet under control from the start.

Captain Johnny Hallock, Al Begg, and Jack Smith led the Red and Blue to victory. Hallock won the 100-yard dash in 9.6 and another 110 yard run in 10.8. Smith attributed his victory in the 220 and placed second behind Hallocks in the 100.

Barr and Smith were standouts in the middle distance events. Barr won the mile in 4:28.4 with Smith second in the 880. Smith finished first and second in the 440 and 220. Barr at his best.

The Quakers won three firsts in the final events as Capt. John Haines, 440 yard man, won the pole vault, and Carl Hauser, 880 yard man, was the broad jump victor.

In the freshman meet, Penn's George Katterman headed the attack. Katterman won both the 100 and 880, and was second in the mile on the winning mile relay team.

Andy Wolfeget and Bob Mortensen also starred for the first team. Wolfeget placed first in the 880 and 110 while Mortensen had a strong second in the 220 and 110, in 1:08.

The Quaker varisty captured nine of the 11 events, and won the first three places in four of them. Penn placed in every event and had the meet under control from the start.

Cindermen Beat Lehigh; Rutgers: Frown Victorious by Bob Reeshead

Pennsylvania's varsity heroes on the field of the season and the Ivy League schedule as Penn State, last year's Penn-Champions defeated the Quakers, 16-6, Saturday at Grey Field.

Norm Beck led the Penn scorers with two goals while Greenberg and Bert Eyer each scored a goal for the Quaker's four point effort. The Quakers were defeated in two units on attack.

The freshman team did not come to its schedule when the restaurants played Swarthmore High School, Saturday morning.

The grub defeated the Red and Blue and took third in the field events. Charley Ward won the high jump, and took third in the broad jump. Mortensen also starred for the Quakers with two goals and a helper set down nine Owl bats in the two run game.

But in the top of the seventh there were enough fireworks to make even the most circled spectator forget the near-fighting weather. Temple's John Grundiio opened with a booming four-foot master to center field.

After two were out, Ray Norby flied in the "Majors" single, barreled into Auziff, coming third, and everybody was safe, that is everybody but pantslinger Lee Toff.

Both benches cleared, and Toff was eliminated by almost 5000.

After the tumult had ceased, Bregold batted a three-run hom, or to cup the wildest inning of the day.

Fire milked the business...

Who pays the sudden expense?

Insurance people know that fire is only one of the evils that can happen to a company. The expense of hiring temporary working space, machinery and equipment, and delivery trucks comes high. Unless there's Extra Expense Insurance (along with Fire), going are a serious financial blow.

This is only one way insurance men get into the welfare and workforces of other businesses. In fact, insurance men at North America are “in every business.” The Company is America’s oldest and strongest stock fire and marine insurance company. It throws a wall of protection around American business—covering fire, barony, embelishment, liability exposures, ocean shipments and so on. It also writes policies and bonds protecting homes, schools, hospitals, churches from financial loss.

At North America there's career opportunity for men who want to work in jobs that "make insurance work." You can be trained for non-selling jobs as field representatives, claims and loss adjuster or staff service man. As a starter, see your Placement Director or send for a copy of our booklet, "Your Future with North America Companies." Write H. Paul Abbott, 1600 Arch Street, Philadelphia 1, Pa.

Dick Walsh (right) discussing carrier equipment which will provide many additional long distance circuits out of Philadelphia.

**A Campus-to-Career Case History**

As an Engineer in the Transmission Section of Bell Telephone Company of Pennsylvania, Richard M. Walsh plans for the future.

“Our group’s responsibility,” says Dick, “is to see that we have sufficient facilities to handle present and future needs. Telephone usage is growing every year, and we keep up with this growth by keeping ahead of it.”

“For instance, to meet the increasing demand for communication circuits in our area, we’re adding 70,000 new channel miles this year alone, at a cost of $3,500,000. Laying new cable will give us 40,000 of those channel miles, and we’ll get the other 30,000 through use of existing equipment, while we send a number of long distance calls on each pair of wires simultaneously.

“Thus, though a cable might have only 300 pairs of wires, we can, with carrier, make it carry over 3000 telephone calls at one time. Using carrier equipment to get extra circuits out of cable—which is expensive to make and lay—in an example of how we engineers to give high-grade service at the lowest possible cost.

“Before I graduated from college I had interviews with twenty-eight companies. Out of all these I chose the telephone company because it had the most to offer in the way of interesting work, training and opportunity. This certainly turned out to be true. In a growing bus I found my opportunities grew, too.”

Dick Walsh graduated in 1938 from the University of Delaware with a B.S. in Mechanical Engineering. There are many interesting career opportunities in other Bell Telephone Companies, and in Bell Telephone Laboratories, Western Electric and Sandia Corporation. Your placement officer can give you more information about all Bell System Companies.
