University Party Candidates Voided
For Failure To Register by Deadline

Undergraduate Council Motion Results in Tie

Virginia, President, Casts Vote Which Decides

Undergraduate Council voided the University Party's slate of candidates for class offices because the party had failed to register with the election committee of the Council before the prescribed deadline.

Following a four-to-four tie, Hugh A. Vaughan, chairman of the Undergraduate Council, voted to uphold the motion on the grounds that the late registration of candidates was forbidden by the constitution of the Council and it was the duty of Undergraduate Council to abide by its constitution.

When Frank Gabler, chairman of the University Party, requested that the ruling of the Undergraduate Pennsylvania, he said that he was sure that the decision would be overturned and that the candidates would run once all the facts were brought before the office of Student Affairs.

Israel Lashov, chairman of the elections committee, said that the University Party slate of class officers was not on the agenda of Tuesday's meeting. However, he added, "the party did not register in the designated time and that the slate of candidates for class office was not submitted within the required period of time."

"We sincerely regret the necessity to take this action," he said, "but we have no choice."

Following the Undergraduate Council meeting, five members of the Council appeared before the Student Affairs Committee to reconsider the action of Tuesday's meeting. The Undergraduate Council constitution provides that meetings held upon presentation to the president of a written request signed by five members of the Council be held to reconsider actions taken by the Council in particular and the University in general." It was in this light that the request was considered," he added.

According to the constitution, nominations for class officers must be presented to the Undergraduate Council not later than ten days before the date of the annual election. The ruling of the Undergraduate Council is subject only to the Committee on Student Affairs. Since the committee does not meet until after the election, the statute of limitations for special consideration to meet the matter.

Dr. Fernberger Dies of Lukemia
On Wednesday

Dr. Samuel W. Fernberger, professor of psychology, at the University, died of Lukemia Wednesday night, at Women's Medical College Hospital. He was 68.

A graduate of the University in 1910, Fernberger had been teaching at the University since 1912 and was chairman of the psychology department at the University. He was in charge of the Fernberger Library, located in the basement of College Hall.

He returned to the University in 1920 as an assistant professor and had been at the post ever since. It is estimated that more than 11,000 students have been under Fernberger's classes in psychology.

During World War II, he served in the military and was in charge of the War Department Psychological Warfare Station. He was professor of psychology, division of higher education.

Police Stop Campus Riot

by Frank Stern and Arthur Pariente

Last night a small segment of the University undergraduates proved that they are still irresponsible juveniles. It is unfortunate that they besmirch the honor of the University as well as demonstrate their immaturity.

Not content with one episode of "revolting" with a barricade of debris, and egg and rock throwing, the juveniles had another fling at playing "children's games". The insistence of this group in goingad to the police showed a lack of intelligence as well as an absence of good taste. The University is a part of the city of Philadelphia and little can be done to alter this. It therefore behooves the students of the University to behave as responsible members of the community.

We are afraid these juveniles take the phrase "Ivy League superiority" too seriously. Their contempt for the law is no manifestation of superiority but only a petulant and anarchistic display of stupidity.

The genesis of such a "rowbottom" is not hard to imagine. A few students with perverted senses of humor decide it would be "fun" to litter the street with debris. Before the "fun" is over, approximately 150 students have been arrested, a police officer has been struck with a rock, several others have been splattered with eggs, and the University is presented in an unfavorable light in local and national papers.

The excuse that such behavior is only the students' way of letting off steam, or that it is only a manner of demonstrating that it is spring again is inadequate. Persons whose emotions are so unstable that they must ease tension by destructive means have little place in any civilized society, let alone in a University which regards itself as a bastion of knowledge.

We do not condone the action of the police in entering fraternity houses and making arrests. We can not, however, condemn their action after witnessing the barding of the police for several hours. Indeed, it was their patience which was remarkable.

To those of the approximately 150 who were innocent of any active participation in the riot, and we know that there were several, we offer our sympathy. For those juveniles who evaded arrest and will be bringing today about their conduct of which we have only contempt.

The price of their thrill has been the dishonoring of the University.

Stupidity on Locust St.

The attitude of some of the younger students towards their campus organizations now is that of superiority but is no manifestation of any kind.
