Returns from local, state, and national elections were compiled and displayed in Houston Hall Auditorium at an election rally sponsored by WXPN, the Citizenship Clearing House, and the Houston Hall student board of directors.

Students from political science 72 maintained a system of telephone telegraph and charts which listed the returns as they came in. The staff of WXPN handled the distribution of information received from the United Press wire service. The returns were broadcast over WXPN and through local speakers set up in the Auditorium.

Dr. Henry J. Abrahams, assistant professor of political science, analyzed the returns broadcast over WXPN and the talking statues in Houston Hall Auditorium.
