Ford Calls for Direct Aid
To Education from Industry

Industrialist Gets Wharton Medal

Direct, collective action on the part of business and industry, including an extension of cooperation with education, must meet the challenge of the present age, Henry Ford II, last night, said. Ford spoke at the seventh annual Wharton Alumni So- nial, held at the Hotel Pennsylvania, sponsored by the Women’s Student Government Association and Edward Hillel, chairman of the board.

“Industrial growth today is no longer an individual growth nor a family growth. It is a group growth among the better men of the country. It is a cooperative growth and one in which the education, business and the organized professions must all pull together,” Ford said.

“By education I mean the education of talented people and how those who are trained in the schools of industry can apply their knowledge to the advancement of society. We in business, as far as I am concerned, consider education our greatest responsibility. . . . We learn by it, and we learn from it. We learn what we are doing by it, and we learn what we should be doing by it.”

Henry Ford, II, recipient of the Wharton School Alumni Gold Medal of Merit Award, and Dr. Gaylord P. Harnwell, presi- dent of the University, looked over the birthday cake which celebrated the Wharton School’s 75th anniversary.

Sophomore Week Events Begin
With Coffee Hour in HH Today

Sophomore Week activities start this afternoon with a coffee hour sponsored by the Houston Student Board, from 3:30 to 4:30, in the Ballroom of the students’ lounge. Coffee served.

Designers To Interpret Present Trends

A new electric transformer is installed in Houston Hall following a power failure which paralyzed the student’s facilities yesterday afternoon.

Power Failure Halts Houston Hall Facilities;
Dining Service Crippled During Lunch Hour

By Richard Siegel

Houston Hall dining facilities, as well as other Houston Hall activities, were crippled by a total electric power failure yesterday, at the peak of the lunch hour.

At that time, lights went off all over the hall. The halls and rooms, almost entirely dependent on electric power for lighting and heating, were plunged into total darkness and crippled by the power failure.

The power was turned off when one of Houston Hall’s three electric transformers failed. An overload of electrical power was suspected in the building’s transformer, which is powered by light coming from the Municipal Asylum, and in the Burlington Electric Lighting Company’s plant. The power failure that resulted was only one of a series in the last few weeks, and it was expected that all power will be restored again, that the building will function again as usual.

Power failure at the University will not affect the train service, except for the return to normal power conditions by this evening.

Hungary’s Revolt
Discussed Today By 2 Refugees

Irene Tantos and Mrs. Martha Posch, two Hungarian students who recently arrived as refugees from Hungary via Austria and Canada, New Jersey, yesterday discuss the revolt against Com- munist rule in the country. The revolt lasted only 10 minutes in the United States.

“Today’s Meeting” was held at the American College of Designers.

The traditional Ivy styling will be interpreted by 11 student designers in the Philadelphia area. The designs will introduce their own distinctive styles, to be shown at an accepted Ivy silhouettes.

Furay Designs
Will Provide Models of Graphic Arts, Inc. will direct the show and deliver the silhouettes for the var- ious designs. Rainy, sport coats, suits, footwear and outer clothes will be featured. In all, 24 silhouettes will be made, designed by Victor Furay, Vacation, Frank Frank- nes. Furay are designing the Ivy silhouettes. The show is being sponsored by the Pennsylvania Playen, H. I. Banner, Samuel Vinyard, Artho- rey, Harry Mounden, and Benjamin E. Piatkin, who will present their interpretations of the fashion designs.

The exhibiting designers rep- resent the best of the field, Mr. Adolphus Close, Real Sport Cath- edral, and the American College of Designers, H. D. Pullen, the Middle West, and the Philadelphia College of Design.

Hats for Models
Made by John B. Bistion Company

Hats for the designs made by John B. Bistion Company, will be made of rayon and accessories, to be worn during the show.

The model, an 18-year-old University student who was named one of 11 student design- Designers from about 100 ap- plicants. The models will be individually chosen and will need to meet certain specifications.

Miss Pennsylvania, Loris King- ham, a sophomore, will design the hat for the design. Paul Triolo, Lois Jakobs, will add the hat to the show. The program. Their ensembles will be selected by the faculty of the department of Fine Arts.

Talland Band will supply the music, and the students will be the models for the silhouettes. The show will be held at 8 tonight in the Physical Sciences Building.

The annual Christmas basket drive sponsored by the Fray, faculty board and directed by student and faculty groups is an important part of this policy.

It is not necessary to walk very far around what to expect to see in the very best basket.

For the most part, the baskets are baskets containing good wholesome food to satisfy the hunger of a particular family on Christmas Day and for several days afterwards. Only our greatest care can provide these people with tangible evidence of the

The best Pennsylvania and Utah basket.

**Penn Cagers Not Extended In Opener Against Rutgers**

by Ben Schwyzer

"You've got a good chance," Pat Moltke says to his Pennsylvania counterpart, Ed Paul, before the start of yesterday's match between the Quakers and the Scarlet.

The words of Temple Moltke, Pat's father, hung heavily in the air as the pair walked down the steps at Franklin Field yesterday. Pat Moltke, who was at the game with his wife, Beulah, had made the trip by car from Philadelphia, where he is employed by the Pennsylvania Railroad.

When asked about the significance of the game, Pat Moltke replied, "I'm not so sure. It's just another game." Pat Moltke is the manager of the Pennsylvania Railroad, and he is responsible for the safety of his railroad employees.

"I think it's just another game," Pat Moltke said. "I don't think it's going to be a big deal."

But for the Scarlet, the game was important. They needed a win to keep their season alive, and they needed a win to keep their chances of winning the Ivy League alive.

And they got it. The Scarlet won, 6-0, and the Scarlet players were all smiles, including Pat Moltke, who left the field with a big smile on his face.

Dr. Hobbs To Speak
On Sociology Thurs.

Dr. Albert Hobbs, visiting professor of sociology, will speak on "The Sociological Perspective: Its Influence on American Life" at a meeting of the Undergraduate Sociology Club at 8 p.m. Thursday, Room 851 of Hecker Hall.

The address by Dr. Hobbs will be followed by questions and discussion from the floor. "The meeting is open and all members of the University family are cordially invited to attend," Morris Verbil, president of the club, announced.

Dr. Hobbs, who has taught at the University since 1947, is the author of four books on sociological topics. "Dr. Hobbs is an acknowledged authority on population and is well known for his individual approach to teaching," Verbil added.

Power Failure
(Continued from page 1)

Eveling said that due to the tremendous expansion of the Dining Service over the past several years, the Houston Hall kitchens have become almost totally reliant on electrical appliances. Such devices as mixers, slicing and mixing machines, and refrigerators could not be operated during the failure.

The kitchens, Eveling added, are artificially lighted and operated as usual. He stated that kitchen personnel remained to the use of candles to continue with lunch preparation.

Emphasizing how much the University Dining Service depends on electricity, Eveling said the kitchens do not have enough dishwashers to handle the volume of dishes and glass-washing task now handled by five machines.

NOTICES

CIRCULARS

There will be a meeting of all the current Houston Homecoming groups at 5 p.m. in the Pancake Room.
