Women Dorm Residents Sign Petition; Coeds Claim Sgt. Hall Food 'Terrible'

Mass Illnesses
Price Termmed Steep

by Charles R. MacMurray

More than 120 women students at St. Joseph's Hall have signed a petition objecting to the quality of food served in the common dining facility. The petition was presented to Dr. Althea K. Ippolito, Dean of Women, yesterday.

Dr. Ippolito announced that the petition would be reviewed by the Dean of Students and that the issue would be discussed at a later date to get something done to improve the situation.

Removal of the quality of food has been a growing problem since a number of women were hospitalized with food poisoning in October. Students questioned petition signers in the dining hall last night and 70 and 75. They attributed it to poor storage of food as well as the quality of the food itself.

33 Treated by Student Health
Dr. Paul F. Schenck, medical director of the Student Health Center, said that only between 15 and 18 women were hospitalized from the removal for treatment. He said the cause of the illness was not known, but most of the women treated had food poisoning.

Editorial

A Good Start

We are pleased to see that our architect has been named for the junior balcony recreation lounge, and that a date has been set for completion of the project. We are sure that residents of the dormitory will be happy.

The Daily Pennsylvanian has long sought such an area, where dormitory residents can relax without worrying about their own personal areas. However, now, the global parlors around campus have had something of a monopoly on such leisure-time activities.

We note also that the architects will work in cooperation with Gene D. Gilliott, vice president for student affairs; Frederick R. Walcott, the University's business office. In this regard we would make one recommendation: in addition to these men, a group of students, drawn perhaps from the dormitory council, should be invited to join in the consultations.

By asking these representatives of the dormitory residents for their opinion on what are student needs with regard to recreation facilities, we feel the members of the administration, as well as the architects, will be able to proceed with more certainty that the finished project will be one that all will suit the needs of the students.

The facilities originally proposed by George D. Gilliott for a large dining area, a large lounge, a meeting room, a card room, and a studio room in the basement. The lower floor would house a large dining area, a kitchen and a recreation room.

We think that the administration, as well as the architects, should take the trouble to ask just what those dormitory residents would want. But that the chance to talk over the building plans is open to them in the years since Mr. Turner made his survey. student needs have changed significantly.

Certainly all students, whether they make use of the recreational area or not, are thankful that such a lounge has been constructed. For many years, while studying, few things can be more annoying than the noise of fellow dormitory residents enjoying their freedom from work, make noise or just sit around. Equally, few things can be more annoying to the anonymous person who does not want to be disturbed, and yet must suffer for the distress of his neighbors.

Again, we would congratulate the University on starting positive action to hold a dormitory recreation area. We are glad that by this time next year, students will be enjoying the benefits gained in this enlightened University administration.

THE QUAKER'S Back Courtsmen chow down a fast food lunch despite the efforts of Pritterton's Carl Beis to blow them. The assembly line of the most pleasant surprises of the winter season has been the emergence of the Freshmen basketball team. Under the guidance of former Quaker great Tin Holt, the rookies have compiled a 3-1 log (winning only to the Navy Flyers) and set a new freshman scoring record in their win over the Temple freshmen just before the Christmas holidays.

Wrestlers Engage Lafayette; Seek First Win of Season

Seeking its first win of the season, Pennsylvania's wrestling squad engaged Lafayette on Saturday afternoon at the Palestra. The visiting Leopards are looking for their first win of the season as well.

Pennsylvania is a strong team, having defeated the Leopards in their last outing. Lafayette will be trying to snap its recent losing streak and grab its first win of the season.

Bowling Action

The annual bowling tournament will be held this weekend at the University Bowl in State College. Penn will be competing against Columbia and Temple.

The tournament will feature a round-robin format with each team playing against the other two. The team with the highest total score will be declared the winner.

St. Joseph's Quintet Opposes

St. Joseph's Quintet will face off against Columbia in a basketball game this weekend. The game is expected to be closely contested, with both teams vying for victory.

The St. Joseph's Quintet has been on a roll, winning their last four games. Columbia, on the other hand, is coming off a loss to Temple in their last outing.

The game is set to tip-off at 7:30 PM in John Hay Fieldhouse.

HERE ARE THE CORRECT ANSWERS TO THE OLD GOLD TANGLE PUZZLES

Check the record of your answers against these, to see if you are automatically eligible to compete in the tie-breakers. The series of tie-breakers will be published in this paper, commencing on or after January 1st. Watch for the tie-breakers! Please note Rule 2 as published in the official Tangle School rules at the beginning of the Tournament, — which reads as follows:

$ Rule 2(a) In case more than one person correctly solves the same number of puzzles, the prize for said and so many subsequent prizes as there are persons tied, will be awarded and those so tying will be required to make a set of tie-breaking puzzles, to determine the order in which the reserved prizes will be awarded.

YOU'LL GO FOR OLD GOLDS

Today's Old Golds are an exclusive blend of fine, nature-tipped tobacco... so rich... so light... so golden bright. That's why Old Gold Regular and King Flare... without a filter... TASTE GREAT STRAIGHT. For the same reason, OLD GOLD FILTERS give you THE BEST TASTE YET IN A FILTER CIGARETTE.

Get a pack or a sample and see if you don't agree —

NO OTHER CIGARETTE CAN MATCH THE TASTE OF TODAY’S OLD GOLDS
