U.S. News Reports Increase Of Job Offers to College Men

By Peyton R. Henry

The number of job offers to college graduates is expected to be record-setting this year, according to the "Survey of College Men." The survey shows that employers are offering more job opportunities to college graduates than ever before.

Graduating college men are receiving an average of more than 50 job offers this year, up from 45 offers last year. The increase in job offers is attributed to the strong economy and the demand for skilled workers.

The survey also indicates that graduates are receiving job offers from a variety of industries, including finance, technology, and healthcare. The average salary for a college graduate is expected to be $50,000, up from $45,000 last year.

The survey results are based on a sample of 1,000 college graduates, and the data is expected to be released in the next few weeks.
In the "Ivy" Tradition
uniforms after the blue and red. Blue is lighter, not lighter, but a bit lighter. To choose one of the few where material benefits can be reaped from an educational institution. This is surprising that some people join voluntary service.

It is easy to see, as the uniforms become more and more, that there are
shifts, why many by-type people are out. Let us not forget, that this is not a fullblown"Ivy" tradition, but a genuine, fullblown "Ivy" tradition.

Yet another reason, this problem had reached an unpleasant head on the Penn campus. The Band has been called everything from "ostensibly in the SRO's" to "an existential". This is surprising that some people join voluntary service.

The letters to the editor should be ad-
dressed to the editor of The Daily Pennsylvania State University. They should be double spaced at 44 characters in the line. All letters must be signed and will be held names on request.

At that time, the Committee on Student Affairs, which will make the ultimate decision, will be held to keep the present band uniform and repair and replace parts of it to make it acceptable. It is not the purpose of this letter to discuss the question of the desirability of the present band uniform, but rather to point out the dilemma, not elimination, that the Band faces when it attempts to set the standards of band uniforms.

In the tradition.
We should unreservedly by great tack stripes of red and blue. One letter mentioned a statement we had seen in the "Ivy" tradition that the Band should keep its own marching band.

how high is up?

There's an old saying that your future with a company depends on your own initiative and ability. The fact is, your future also depends on the attitude of the company toward the growth of the people they employ.

At West Virginia, we believe that our own growth depends on the growth of our engineer- ing people. We want imaginative, inquisitive engineers who wish to assign to small teams to solve our product, quality control and manufacturing problems. Each of our plants operates as a separate unit with engi- neering a basic part of each operation. This climate of freedom of action and quick recogni- tion of work well done is one that appeals to young engineering seniors.

Chalmers Barr, Personnel Director, will visit your campus shortly. He would like to talk with you. Be sure to see him. Contact your placement director for time and place.
