Industry, Business Leaders Predict Future Developments

Wharton Meetings View Year 2000

by Kenneth W. Schenck

The Wharton School's business school and the community predicted the future in their special fields yesterday. A one-day conference sponsored by the Wharton School and the university addressed some of the new Wharton Hotel in Penn Center.

The conference, held as part of the Wharton 75th Anniversary celebration and the grand opening of the Wharton Hotel, was partially funded by the Wharton School Corporation.

The conference consisted of three panels: morning, afternoon, and evening. Each panel explored a different issue or theme. The panels were followed by a question-and-answer session and a reception.

The fact that industries are prepared to pay for a conference like this industry to the best of our knowledge, and that many individual students and the local community are willing to support the conference, indicates a growing interest in the subject, the chairman said while discussing the topic. The chairman was Thomas F. McDevitt, the chairman of the American Civilian department, announced yesterday.

The conference is sponsored by the undergraduate society of the American civil association.

Dr. Thomas To Speak On Religious Trends

Dr. Thomas will speak on Religious Trends at 11:30 A.M. in Museum

Friedberg's lecture will be in the Los Angeles Times column, "The International Affairs Association," chaired by the chairman of the event.

Since graduating from Harvard University in 1948, Friedberg has been a professor of philosophy and other university departments.

Predicting the future is a challenging task. However, the Wharton meetings, held in cooperation with the university, addressed addresses over 300 business representatives at a conference held at the Wharton Hotel.

Quakers Face First Place Yale In Last Home Game of Season

by Larry Smail, Jr.

The Ivy League title, Yale, attempts to break a Pennsylvania futility tonight in the Wharton Coliseum. The game will be scheduled for 7:00 p.m.

By办好 the high-scoring offense, the Eli will be attempting to snap the Yale record which has climbed six straight times on the Penn. Yale has had Penn at the par three times.

Bill Lee and Dave Minor are scoring leaders for the Quakers, 86-72, at New Haven. Ivy in the Coliseum.

The Yale lineups are released by captain Ed Robinson and veteran backcourt performers George Thompson and Varnell Dukes. The two guards both have 2 feet 11 inches.

Penn starting lineup:

Dunn, at 6 feet 5 inches, is the tallest on the Quaker team. Robinson is 6 feet 2 inches and Lee is 6 feet 2 inches.

Penn reach coach Jackie McClees will probably start the same lineup that opened against Columbia yesterday night. The games are being played in the Coliseum.

Students May Enter Ping-Pong Tourney

Entries in the Wharton Hall ping-pong tournament will be opened until 5 p.m. on Friday, in the office of the Director, Edward G. Ware, chairman of the Wharton Student Board of Directors, announced.

The Wharton Hall ping-pong tournament registration for the competition, which will begin next Wednesday, will be announced at the beginning of the group's contest, and a trophy will be given.

The boys in the ping-pong tournament will be given the large trophy for interested students, both as competitors and spectators.

The first place of the project will be completed on March 15.

Quaker Nine Prepares For 24-Game Schedule

The Pennsylvania varsity baseball team has begun workouts this week in preparation for the new season.

The season opener is scheduled for March 30 at Villanova. Penn is a member of the Ivy League, which includes all the Ivy League schools and the two minus academies.

Looking forward to returning is celebrated Jay Yoku, and Matt Yoku, players who led the team to the Ivy League title last year. They were the only two players who scored in a recent win over St. Joe’s, a slick fielding显示出 excellent consistency and a solid base hit to the lead. He led the Quakers last year as a sophomore, when the Quakers were expected to finish fifth in the Ivies, but finished second.

Quaker Nine Prepares For 24-Game Schedule

For three varsity lacrosse teams, attempting to improve an inauspicious 1-0-0 record, the season began Monday under the guidance of Coach Robert Mathews.

The squad is built around fifteen returning veterans and a host of experienced freshmen. Mathews, who attributed last year’s poor showing to the inability of the freshmen to adapt to varsity play, believes that this year’s squad will be better.

The Quakers will be looking for two more titles in the Ivy League, which the Quakers won in 1954, and the newly formed Ivy Lacrosse League, which will be entering its second season. Yale was the Ivy champion last year, while Penn State took the Penn-Del crown.

The Quaker varsity will be bolstered by returning veterans, Chuck Greenberg, Fred Fischer and Fred Barrow, together with this season’s freshmen, John Hamilton and John Folsom, at midfield and front line respectively.

Quaker Cagers Oppose Yale

Chet Forte, Columbia all-American basketball player, who set a record every time he was called on, a leader in all Ivy League competition, will be the key figure in the Ivy League season.

Forte has 330 points and an average of 18.5 points per game playing with a team with Yale’s Adjutant Leo who is second on 227 points, and a 22-3 average.

Dick Carriere, Penn’s top scorer, is fourth in the scoring race with 185 points.

Lacrosse Team Out To Better Winless Mark

Pennsylvania’s varsity lacrosse team, attempting to improve on its 1-0-0 record in the Ivy League, practiced Monday under the guidance of Coach Robert Mathews.

The squad is built around fifteen returning veterans and a host of experienced freshmen. Mathews, who attributed last year’s poor performance to the inability of the freshmen to adapt to varsity play, believes that this year’s squad will be better.

The Quakers will be looking for two more titles in the Ivy League, which the Quakers won in 1954, and the newly formed Ivy Lacrosse League, which will be entering its second season. Yale was the Ivy champion last year, while Penn State took the Penn-Del crown.

The Quaker varsity will be bolstered by returning veterans, Chuck Greenberg, Fred Fischer and Fred Barrow, together with this season’s freshmen, John Hamilton and John Folsom, at midfield and front line respectively.

Field Battle:

Battle for outstanding positions will be decided by basketball star, Al Madeira, directed by Brian Miller, Charles Baldwin and John Graham.疤痕是明显的，有结块。foreign, football center, Gil Mead and Bill Okes.

Princeton Cagers Tickets

A limited number of Princeton tickets are available for Saturday night’s game against Yale. Tickets are $5.00 each and may be purchased at the Franklin Field Ticket Office until Friday at 5 p.m.

I-M Basketball Opens Playoffs

The three intra-squad basketball games—inter-hall, individual, and inter-squad—have played not visible since the last championship.

Henry (President) initiation began at seven o’clock when Sigma Chi took on Phi Sigma Kappa at 7:15. Beta Sigma Beta tackled Delta Chi.

Sigma Chi was the winner in the Blue League, and Phi Sig came in for the playoffs, by taking the honor to the field.

Quaker Cagers Oppose Yale

Chet Forte, Columbia all-American basketball player, who set a record every time he was called on, a leader in all Ivy League competition, will be the key figure in the Ivy League season.

Forte has 330 points and an average of 18.5 points per game playing with a team with Yale’s Adjutant Leo who is second on 227 points, and a 22-3 average.

LIKE A CIGARETTE SHOULD!

WINSTON TASTES GOOD!

No lecture here — just a promise of the full, rich tobacco flavor college smokers want! Try America's favorite filter smoke. You'll like the taste. And you'll like the filter — a filter that does the job so well the flavor really comes through to you. Try Winston for finer filter smoking. Winston tastes good — like a cigarette should!

Switch to WINSTON America's best-selling, best-tasting filter cigarette!

"Pick" Pickering answers:
You might call that a leading question, Jim, but the answer leads right into my bailiwick. I came to Du Pont in 1940, after taking a combined mechanical and electrical engineering course. So I had what you might call a double reason for wondering about my future with a chemical firm.

I soon learned that the success of a large-scale chemical process hinges importantly on mechanical equipment. And the success of this equipment — especially for a new process — depends on (1) Research, (2) Development, (3) Plant Engineering, and (4) Close Supervision. The net result is that a mechanical engineer at Du Pont can progress along any one of these four broad highways a top-level position.

My own Du Pont experience includes mechanical engineering work in fields as wide as atomic energy, fuels and finishers, and in the manufacture. Every one of these brought with it a new set of challenging problems in conver-
sation, instrumentation and power supply. And every one provided the set of opportunities a man gets in a pioneering industry.

So, to answer your question, Jim, a mechanical engineer certainly has plenty of chances to get somewhere with a chemical company like Du Pont,

WINSTON

S. H. Pickering, Jr., received a B.S. in M.E. and E.E. from the University of Minnesota in 1940. He joined valuable technical experience at Harvey Works, in Richfield, Wash., and in Du Pont's Fabrics and Finishes Plant in Faribault, Minn., and has done his work there. Today, he is Assistant Plant Manager at Du Pont's Newport, Del., plant, where nylon is made.

Jim Walker asks:

Can a mechanical engineer make real progress in a chemical firm?
