Fraternities Vital Part Of Life at Pennsylvania

Dr. McCracken States

Houses Have Made Homes for Students; System's Growth Beneficial to University

Pennsylvania is a peculiar case in that fraternities are a vital, indispensable part of university life, Dr. Robert T. McCracken, former chairman of the Interfraternity Council board, said last night at the annual Interfraternity Council banquet held in the Pennsylvania Hotel.

He went on to say that because Pennsylvania is in a great city, fraternity houses have made a home for students.

"He said that he could not imagine an institution where fraternities were more essential than at the University.

He continued that the fact that like a number of fraternities on campus, Pennsylvania's have been in existence for 42 years, showing that perhaps this much of an increase.

Discussing the future further, he said that he could not imagine a greater thing for the University than growth in the fraternity system.

Recalls Fraternity Life

Recalling his days as a fraternity man, the University Dr. McCracken said that a fraternity became a priceless ingredient in college life and that the warmest memories were of his fraternity days.

In discussing the relationship of the fraternity and the university the former chairman said that fraternities have contributed to the problems of students. One of the main reasons for joining these fraternities was to avoid the drug problem, he said.

He then said that one of the greatest problems that he must remember was the encouragement given the individuals when they went on to other activities. He also recalled that the present fraternity chapter house, after having experienced the fraternities, was built in the warm greetings of his heart.

"In the 1960's, we shall have further emphasized by the large number of books, some of them, available for the subject of millinology, and also carried articles by students."

Reluctant to Admit

However, Dr. Thomas pointed out that there has been a great increase in the last decade to a number of the people who belong to churches and attend church services. He further explained that this was due to a number of reasons resulting from modern social and economic small-town life to a small-atmosphere whose human contributions to the lives of religious institutions.

Setton Letter Cites Increased Defacing Of Library Volumes

According to Thomas, Dr. McCracken that in Pennsylvania has been cited from the notes that modern Americans in their new awareness of religion are merely searching for a social, a sense of being, the company of a few, and a feeling of insecurity, and peace of mind, for the true meaning of religion.

In citing specific evidence of these new beliefs, Dr. Thomas pointed out that there has been a great increase in the last decade to a number of the people who belong to churches and attend church services. He further explained that this was due to a number of reasons resulting from modern social and economic trends.

Religious Influence

Greater Since World II

Moderate religious trends, although criticized as being motivated by the search for an easy religion, must be viewed as "a change in life and grounds for new hope" toward a revival of religious interest, Dr. George T. Thomas, chairman of the department of religion, at Princeton University, said.

In his lecture, "Religious Trends of the University," Dr. Thomas stated that the modern university student is not "a religious" student, but "a non-religious" student who is interested in the "true meaning of religion, for the true meaning of religion, for the true meaning of religion.

Who's Shoe

It has been said and will be said that spring is here, starting in an auspicious time of the year. The green of the growing grass and budding trees is able to be greeted by the early spring. As we have said it is a special time of the year, the time when nature awakens, and we see the return of the familiar flora and fauna of the warm season.

In the spring, nature is in full bloom. The flowers are blooming, the birds are singing, and the sun is shining. It is a time of renewal and growth. In the spring, we can see the signs of life everywhere. The trees are budding, the grass is growing, and the flowers are blooming. It is a time of new beginnings and fresh starts.

With the arrival of spring, we can see the signs of life everywhere. The trees are budding, the grass is growing, and the flowers are blooming. It is a time of new beginnings and fresh starts. The weather is warming up, and the days are getting longer. It is a time of renewal and growth.

In the spring, we can experience the beauty of nature. The colors are vibrant, the smells are fresh, and the air is crisp. It is a time to be outside and enjoy the sun and the outdoors. The birds are singing, and the flowers are blooming. It is a time to be outside and enjoy the sun and the outdoors.

In conclusion, the spring season brings a sense of renewal and growth. It is a time of new beginnings and fresh starts. The weather is warming up, and the days are getting longer. It is a time to be outside and enjoy the sun and the outdoors. The birds are singing, and the flowers are blooming. It is a time to be outside and enjoy the sun and the outdoors.
Ciszar Enters Leading Duellers In NY Tourney

Fanch Lachm Christian and 17 of his best figures are to play in the 16th annual International Semi-Annual Association (Windsor) Championships this afternoon and tomorrow. The championship will take place at the Hotel Commodore Plaza.

Fris will be active in the full competition. This group will be composed of Joe Triani, Larry Smith, Bill Bullins, John Lessin, and captain Al Minisky. Representing the Quakers in this division will be Dave Michalske, Bob Shagren, and Gil Verhult.

Ciszar will meet All Fliers, Peter Tharron, Joe Corvines, and Paul Nyier in the intercollegiate competition in the 400 meters.

This year's team is expected to be extremely close. Navy, the defending three-time and three-weapon, rates among the favorites. Also ranking in top contention are New York University, which finished fourth last year; Ivy League champion Columbia, second this year; Princeton, third last year; and strong Yale and Penn teams.

The Violets of NYU are particularly strong in open and open divisions. Columbia's strength lies in open and open events. In addition to Navy as defending champions in the open and three-weapon, Cornell is the defender in the full and CONV in the sabers.

The colleges competing include Navy, Pittsburgh, Penn, Army, Navy, Columbia, Princeton, NYU, Duke, Penn, Franklin and Marshall, Boston College, and MIT.

PARKING for the I-F BALL SPECIAL RATE $45c tax included ALL EVENING FISCH'S 1334 Callowhill St. Between 13th & Broad on Callowhill

There's more to a suit than natural shoulders

There's tailoring, for example. And fit. And quality. All of which are as important today as they were yesterday, in the classic cutaway or as traditional styling. To us, too.

Our authentic natural-shoulder suits reflect the experience of over half a century in fine men's apparel. What more could your wardrobe ask for, then?
