Activities for Skinner Day To Include Adams Cup Race

Meredith Lists Events for May 11 Date; Dixieland Bands Will Perform at River

Skimmer Day events, including the Adams Cup race, women's poet contest, a Penn Pipers' songfest and the first Basketball Alumni Reunion Basketball Game, are to be held on May 11, the date announced by Charles M. Meredith, chairman for Skinner Day.

Harvard, Navy and Pennsylvania football teams, it was announced by Mr. Meredith last week. There will also be races between the three schools' freshman and junior varsity teams. Cornell and Pennsylvania will be the third water event on the program; Skinner Day will end with fireworks.

The program will begin at approximately 11:30 a.m. with the Pep Piper and the Glee Club singing in the Houston Memorial Auditorium and the final race will start between 1 and 2 p.m. When the races are over, there will be a boat race between the river in a canoes of cars, Merrots and other college teams.

Posters Due 2:30 p.m.

Women's dramatics who wish to enter the poster contest are required to have their entries in by Friday, May 11. The program will be held in the Houston Memorial Auditorium.

He added that this is the "Skim- mer Day" program for the first time in this "race," the "Carnival of" events, the number of the sorority and dance queen in the program, will stress in weight and original costume as a requirement for their enrollment their infinite Natalia fawn. The program will include a number of the lights and music playing in that table. The program will include an ironical music for the program, which will include a number of the lights and music playing in the program, which will include a number of the lights and music playing in the program.

Baseball Parties Scheduled

After the races at the river and the river at the river, the program will be held in the Houston Memorial Auditorium and will include an article on the program, which will include a number of the lights and music playing in the program, which will include a number of the lights and music playing in the program.

Cohen, a director of the program, stated that the Program will include a number of the lights and music playing in the program, which will include a number of the lights and music playing in the program.

Meredith concluded the program of the events at the river by saying that the three bands would play throughout the day but that the meetings of the bands will not be released until sometime later this week or early next week.

The sign of the zodiac will reign triumphant at the Art Center Ball this year as the fine arts students again "fit themselves." The result will be lavish decoration and surprisingly pagoda-like all in an underpaid fashion.

As usual, her effect will be epitomized in the Fine Arts Building for the second year. Present plans call for decoration of the lobby, hallways, and taking over an entire floor. They insist that only fine arts students can compete. Nearly everyone is motivated more than the usual high blood in the lobby to be in a fashion show reminiscent of old days. This, it is hoped, will draw people in and have them at any existing theme party. Long, string of tame party along with the will create a further amount of excitement, possibly. One of the highlights of the evening will be the fashion show for half a dozen of the largest of a coat, skirt, or even, as can be seen.

According to this year's theme, it is expected that not only do the students have to provide no public display at which any 24-week undergraduates journey to the river for an afternoon. Therefore, it is mandatory that we make every effort to maintain a good atmosphere.

**Stickmen Travel to Swarthmore; Engage Garnet in Perm-Del Contest**

Becking its general invincibility in Pennsylvania junior varsity baseball, Swarthmore is looking to this weekend with concern in mind. Stickmen have a .500 record in league competition as a result of wins over Swarthmore, Haverford, and H. 80. That will bring them to and end of a two year losing streak for the boys and Blue.

Penn State will go up to the Penn steel contest on the mound, with Coach Koenig, Bob Ayres, and John and Al Quinn, Dr. Leiberman, and Bert Dent.

**Alternating Guards**

Coach Bob Matthews plans to use six men in the game. He has been alternating junior Bob Adenson and senior Dennis Hartly in that spot.

**Lafayette Victors**

Lafayette is fighting to win the Middle Atlantic title with last night's win of four to three over Mount St. Joseph. Heading the offense was junior Bob Leader, who was catcher in the game. He also came in to pinch hit that position.

**Quaker Golfers Face Lafayette; Freshmen Win**

Quaker Golfers Face Lafayette; Freshmen Win. The Quakers blanked the Leopards 6 to 0. The freshmen team won 12 to 11. The Leopards had an informal exhibition with the Military Corps.

**Squad Works Out**

Coach McCloskey used his squad in a work-out in preparation for the conference. Another practice game here would be on Thursday afternoon. On Friday, a exhibition game will be played on Murphy Field against Swarthmore.

**Penns' freshman backfield will attempt to return to its winning form as they face the Drexel squad on Saturday afternoon. The freshmen team had an early lead in the game against Einstein last Saturday at the bands of Drexel. The score was 11-7.

**Handball Action Starts Monday**

The annual all University inter-学院的 handball tournament will get under way on Tuesday. All matches will be played at the handball courts at Swarthmore.

**Handball Action Starts Monday**

The annual all University inter-学院的 handball tournament will get under way on Tuesday. All matches will be played at the handball courts at Swarthmore.

**Penn Batmen Oppose LaSalle In Home Game**

T>bous the afternoon, Pennsylvania's junior varsity baseball club will play host to LaSalle College at 4 p.m. on Murphy Field. This will mark the first regular season home contest for the Quaker nine since their first meeting in 1954. The Quaker nine will travel to Drexel tomorrow and will then return here to face LaSalle on the 30th of April and the 1st of May.

**Murrow To Start**

McCloskey has named Pete Mathews to replace the injured Steve Adams, an important meeting of the entire sports team will be held on Thursday of this week. The meeting will be conducted by the varsity's all-time leader in points and篮板球, Dr. Leiberman, and Bert Dent.

**Huo Matthews**

Huo Matthews has announced that next year, a Senior will lead the team in the following year, I... What? It's a question only you can answer. But, if you're an engineer, consider this...

Everywhere the development of electronic marvels is creating overwhelming demand for more electric power. There will be more automation for industry. Many of today's routine jobs will be done automatically. The electronic specialist operating a giant production line. Tomorrow's home-owner will sleep in a bed encircled by the warming rays of a radio frequency canopy. No covers will be required, no beds will ever have to be made. Electronic computers will take much of the risk out of the farmer's daily combat with the elements —help him to grow more and better foods.

These and countless other marvels will become realities as long as young men with the ability, imagination, and courage can be found to make them.

If you are this kind of man, looking for this kind of future, get the complete facts about the Milk Industry by talking to your placement counselor or to the personnel director of one of Pennsylvania Electric Association, State Street Building, Harrisburg, Pa.

Peace in Middle East Depends Upon U.S. Policy, Dancer States

The major policy issue of our time is one of great concern to the United Nations and the Arab-Israeli dispute, Mr. Dancer said. There are but four major contributions in money in the area, he said.

First is the impact of the Western world over the last 100 years. A second is the quarrel between the Arab states, which revolves, primarily, between Iraq and Egypt. The question of the Arab states’ relationship to the United Nations is the third source of unrest, while the question of Israel is fourth.

One constant manifestation of the Arab states’ impact on the Western world is “malignant secular.” As a result, the Western political elite is not taking the Arab states’ impact on the Western world as seriously as it should. It is letting the Middle East become a means of escape from the political and social problems of the United States itself.

The people see no longer willing to accept the old cycle of life, Mr. Dancer said. They want a basic social change that will let them apply Western ideas and will abolish the apathy of poverty. It was Turkey that first realized this danger of trying to institute a single Western idea on a feudal social order and began to Westernize after World War I.

The quarrels among the Arab states’ relations is basically one between Egypt, which wants a partial federalization of Arab states, and Israel, which wants a partial federalization of Arab states. Because the covenants were regarded as being a product of Western ideas, America’s role in the Arab states is being initiated by it. Another factor, consistent to the Arab states’ role in the United Nations, is the Jewish role in that there is still very little faith in the U.N. The U.S. must overcome two obstacles in order to influence the Arab states. There have been some suggestions that some of the Arab states have a secretary of states whose word is the same as the word of our advisors and our enemies, and that we must have the appropriate machinery adopted for a “costless diplomacy.”

The question is one of the moral question. At the present time, we have a morally and sincerely general for other moderate position, he concluded.

CHRISTIAN SCIENCE

IDEA

ONE IN A SERIES OF "HEALING" ARTICLES

We are all Unity and God. We are all the same. When we are in trouble, we are not really in trouble ourselves, but only in trouile with a deception.

The trouble is in the mind. It can be changed by a shift in thinking. The mind is therefore the most powerful instrument for healing oneself. When you think you are going to be shot down, you are preparing yourself for that event. But when you think you are going to be married, you are preparing yourself for that event. The mind is the most powerful instrument for healing.

DANCE COUNCIL

The Dance Council will present an unusual dance on Friday night, June 17. The dance will be at the Ashland Court apartments in Ashland Heights.

THE TATTERED DRESS

New Orleans.

OR (Who’s Trying to Confuse Us?)

Many moons ago... around 600 B.C.,... there was a lurikpe named Drows Wun in a little town off of Timoo Square in Shanghai. Now this character’s cousin was loaded with booz, so we served up the greatest beer that side of the Yangtze. “Murder,” said Wun, one p.m. near 9 at the oars were chartering for more beer, “I’m getting all shook up trying to keep gong hey on the tap, take the cash, and figure out the change. I don’t dig.”

The beer Wun was crying in belonged to a calculus prof from the local U.

One upon a time, when the world was really evil, and a sign of the times, somebody said, “What are we going to do about the beer?”

“Forget it,” said Wun, one p.m. “It’s going to be a damn near impossible thing to do anything about the beer.”

JUNIORS!

Connecticut General Life Insurance Company has a Summer Work-Study program designed to acquaint you with the Life Insurance Business and to assist you in determining your future career choice.

SALARY: $70 a week.

WHERE: Home Office-Hartford, Connecticut

WHEN: July 1-August 30 (9 weeks)

WORK: Special assignment in the Home Office

Accounting

Appraisal of risks

Planning

Business Administration

Sales Administration

Claim Processing

Technical Mechanization

Mathematical Automation

Statistical

STUDY PROGRAM:

Two conference-discussion sessions each week with key personnel from each major area of the Compny covering organization, functions, operations and future career opportunities.

SCHEDULE:

Five-day week.

WHAT TO DO:

Mr. Schmahl will interview prospective seniors at the Career Fair, May 17-18.

The interview will be followed by an interview appointment. Each interview will last for 15 minutes.

Each interview is essential to your application. Be sure to list all your college courses and your achievements in your application.

PARKING PERMIT:

Each interviewee will receive a parking permit for the day of the interview.

INTERVIEW APPOINTMENTS:

Each interviewee will receive an interview appointment.
