Invitation to the Dance
Kelly Dances Again
by Sanford L. Jacobs

Gene Kelly has come up with a new movie in which he participates: a theatrical role. Castling his professional eye from the vantage of director, choreographer and star, he has emerged from his current task with a ninety-minute reel entitled "Invitation to Dance" in the Dance: Irene Vorrack editable and Tornov, hoop of the twirls, with all their style, to the first two tops of this piece, as many parts as Kelly.
