Mitchell To Be
Presiding Dean
Of Med Schools

Dr. John McK. Mitchell, dean of the School of Medicine since 1948, has been appointed President of the University's two medical schools, Dr. Gaylord P. Harnwell, president of the University, announced yesterday. In his new post Dr. Mitchell will coordinate the programs of the School of Medicine, where he will continue to serve as chief administration, and the Graduate School of Medicine, of which Dr. George Keene is dean. In addition, Dr. Mitchell will become executive officer of a new two-year Master of Medical Science degree program. Dr. Mitchell, professor and chairman of the department of surgery, is still to also help to integrate more fully the work of the University's medical schools and hospitals.

Harnwell Expected To Give Approval For Arming Guards

Action Establishing Increased Protection For Campus Personnel May Come Today

Dr. Gaylord P. Harnwell, president of the University, is expected to accept the recommendations of an ad hoc advisory committee, "I can't believe that, except in minor detail, this will be turned down," Gene D. Gissane, vice-president for student affairs told The Daily Pennsylvania after the committee met yesterday.

The program calls for the granting of firearms to the campus guards and establishing a campus radio-communication system to aid further protection. The students learned from another source that the program does not provide for the enrollment of students to watch for signs of disturbance and report to the Campus Guard Headquarters. The yellow, to be assigned specific areas to watch. It was suggested that small looks, equipped with telephone service, be used.  

Lighting System Studied

Gissane revealed that the recommendations to the President will be taken into account when attempting to make any necessary changes in the type of campus guard force.

The committee also is supposed to look for the establishment of security, but has not been able to do so.

Dr. Gaylord P. Harnwell, president of the University, is expected to give approval for arming guards.

Students, Professors Will Be Exchanged
By Mass. Colleges

A mutual exchange of students and professors among four Massachusetts colleges is being practiced this year, the New York Times reported.

The exchange is part of a cooperative-arrangement program initiated this fall by Amherst, Mount Holyoke and Smith, and the University of Pennsylvania.

Two groups of men representing the institutions, arranged to study the same subjects.

These institutions are among the four other schools which have been practicing similar exchanges for several years.

Dr. Mitchell is slated to be at the Pennsylvania Medical School.

Dr. Richard V. Smith is slated to be at the University of Pennsylvania.

Letters to the Editor

Editor, Daily Pennsylvania:

Ever since my great-uncle victory over Yale, I've been a die-hard football fan. One of his commitments is to lecture at the University of Pennsylvania about the history of football. He says he has a great deal of material, and he is looking for a team that would be interested in hosting him. I think this is a great opportunity for us to learn about football history.

Yours truly,

Richard E. Friend

Night Editor.

Faire Internationale

by David Seidenfeld

For the past twenty-five years, students of the University of Pennsylvania have flaunted their own version of the year-end tradition of the "Walter Potter of the Year" award. The award, which was given to the student who was "the biggest ass on campus," has become a symbol of the university's unique culture.

In the past, the award has been given to a variety of individuals, including administrators, faculty members, and students. The award has been a source of controversy, with some alumni and students arguing that it is disrespectful to the university community.

The award has been given to a variety of individuals, including administrators, faculty members, and students. The award has been a source of controversy, with some alumni and students arguing that it is disrespectful to the university community.

Your support and dedication are greatly appreciated. We look forward to continuing our partnership with you.

Sincerely,

David Seidenfeld

Columbia's Improved Forward Wall

Taking full advantage of a bad day in the field, the 3-1 victory over Harvard gave the Quakers a much-needed win over the visiting Bluejackets. The Quakers played the Indians to within a yard of the Penn defense.

Columbia's improved forward wall scored nine times in the 22-0 shutout of the Indians. The Quakers received two goals from forwards Bob Skoff and Jack Wilke.

Quakers Grab JV Booters Seek Top Mark

The junior varsity team will play the first round of the Ivy League Junior League Tournament on Wednesday.

Trackmen Get Down to Work In Intra-Meet

The Penn-Columbia game was decided by a 3-1 advantage. The Quakers scored two of their goals in the first period and went on to win in the final minutes.

NCAA Swimming

The NCAA Swimming Championships will be held this year in Philadelphia. The Quakers are expected to make a strong showing in the meet, and the team will be represented by John Smith, Bob Johnson, and Mark Davis.

Columbia's Improved Forward Wall

The Columbia forward wall, led by the dynamic Sam and Harry, scored nine times in the 22-0 shutout of the Indians. The Quakers received two goals from forwards Bob Skoff and Jack Wilke.

WHAT MUST A JOB OFFER TO INTEREST YOU...

...CHOICE OF LOCATION?

So often, the college graduate is confronted with the problem of choosing the job which is offered but not the location in which he must live. If this is your problem, you should consider the Pennsylvania electric power companies. With them, you can choose almost any location in beautiful and prosperous Pennsylvania. Here you will find the opportunity to fulfill your working, living and recreational desires.

...A FUTURE?

The Pennsylvania electric utility companies have doubled their output during the past ten years, and will again double it during the next ten. Moreover theirs is a product upon which our nation is dependent for its growth and security. Where else can you find so bright a future?

...A VARIETY OF INTERESTS?

The Pennsylvania electric power companies can offer you a job in Power Plant Engineering, Field Engineering, Community Development, System Planning, Transmission and Distribution Engineering, and many others. It is one of the few industries in which you can find the field which interests you most. Talk to your placement counselor or to the personnel director of one of Pennsylvania's electric power companies. Or, write to Pennsylvania Electric Association, State Street Building, Harrisburg, Pa., stating where you would like to live and work.
