Chips off the Block

by Joseph Corriere

Although Lysistrata, weekend is upon us, there are not too many parties around campus this weekend. It is probably a fall before the Christmas season.

Lysistrata will be a novel hop at their home football, and Alpha Phi Omicron plans a party in a group to Pennsylvania, Pa., where Lee IBM is holding down the Pennsylvania for an uneventful piece of a party at Beta Sigma will feature the Franks being bold and gutsy. It may be a better Phi, or rather about 15 other vegetables, will have a costume in Atlantic City this weekend. (I wonder if they'll go swimming?).

An all kitchen party is to be the featured attraction at the Sigma Alpha house, and Sigma Phi girls are to play a party and has a closed party this week.

Sigma Sigma will go to the Mac and Wig Club for a Saturday night blind, and Phi Alpha will see the Quakers perform against Navy. They will then move to their lodge for a record party on Saturday night.

Although it seems on the bandstand at here?

Penn students would do well to spend the time of the upcoming weekend as they have pictured in the lower left. The play will be presented next Thursday, Friday, and Saturday nights in Irvine Auditorium.

Penn Players rehearse for their production of "The King and I." Anna and the king are shown in typical poses (center-left and right). Tuptin and her lover, staging the scene pictured on the lower left. The play will be presented next Thursday, Friday, and Saturday nights in Irvine Auditorium.
