As always the spirit of homecoming is sweeping over Fraternity row and there will be parties all over campus. A bit of advice for gametrudas—WATCH THE GAME.

Saturday night Acrion will begin the festivities with a siren party at the Delta house. There will be a dinner in the back yard and the party will continue around the house.

Alpha Phi Rho will hold much the same procedure. Why, the gravy boat, club, a small cocktail party and a dance will be spread out on the banquet table. A party will be then held.

A reception in honor of the national president of the Alpha Sigmas Pi Alpha will be the main attraction of the annual band. Chap is an old Penn grad, and the Philadelphia chapter will be invited. They will welcome him with a band dance in the evening.

The Alpha Sigma Phi will have a small party and dinner for their brothers. And that night plans to have the "Skyhooks" for a closed door party. A party after the game is planned for the Kappa alumnus and this will feature a dinner for the guests. The brothers have the orchestra of Martin Higman to amuse through the night. The Beta Sigma Rho will probably cancel, but we have still to know in what.

As long as we can report the action of a Beta party in the Beta lodge. This will be the big one, at the Betas go for ou and back on the party trail. It will be a continuation after the game at an open house. And big one on Saturday night. The long hours are open.

A Saturday night banquet is planned by the Phi Rho, as they will combine with the Delta Sigma Chlomors from Tiger town in celebration of the 25th anniversary of their Founders. Paul Stevens is in the band, and there will be plenty of "musick" on hand. Sunday they will go with the Phi Delta for anotherabal band.

The Delta Phi will function at the football game, there to get together, while the Delta Phi plans to open with a dinner at the New Kappa house at the home game. A closed after will then be held in the afternoon, with Howard Lavin on the bandstand.

The Beta will have an open mixer with ZBT, the Kappas, and the Beta Alpha Xi. On twenty one they will host the alumni and follow the "Big Bubba and his gang." After a buffet supper, Bill McNeely and his orchestra will be in evening of entertainment.

Friday night the Betas plan to initiate their pledges, and then have a bonnet in their honor, after the game a buffet supper for the alums and brothers will be featured. They will get together in the afternoon as well as the evening to talk over the game and dance to the music of a jazz band.

A luncheon for all parents and alums will be the center of the Kappa Alphas’ weekend. They will attend a dinner at one of the brother’s homes at eight o’clock and then the evening dining will be in the muze of Martin Sprink. Sunday they will have a closed reception at the local lodge.

The Kappa Nu will host a banquet at a branch before the game on Saturday and then at their post game affair have scheduled an ac- cordion and viola to see the band for the entertainment. They will close this with a band dance in the evening.

The Illini are to be in the spotlight at the Kappa Sigma function. The group will be featured as the party Saturday night; they will serve as the host party for the returning alumni.

The Theta Chi Chapter of Phi Delta Theta is celebrating the seventy fifth birthday of the chapter. Over 100 alumni are expected to attend the ceremony, which will include a dinner and dance on Sat- urday, and a joint blast with the OKs on Sunday. They have the Phi Delta scheduled for Saturday night.

Friday night the Phi Epsilon Phi will have a reception for their inhalation while on Saturday they plan the usual cocktail party and open dinner in their hall following the graduating grade. That night they will have the Psi Chi to entertain them.

The Phi Kappas are going to have a small party after the game, to get everyone together, then they will head to the club, and be knocking on other doors.

A Saturday morning dinner will be fea- tured at the Pi Kappa Alpha House. The dinner in the evening, will fit. The Pi Lambda have plans to start after the game with a bit at home in the absence of a trip. After a buffet dinner a larger group takes over to start out the sounds.

From four in the Phi Zeta Tijans will host a farewell at a cocktail party. That evening Theta Chi Greck will take the stand and swing it to the outside for the annoyed.

The Sigma Chi will have a joint parties with the ZBT brigade this Saturday night. They will have Earl Helson on the stand at the Zebe house. Saturday night they will reciprocate by building the festivities at the Sigma Chi house.

A Saturday night banquet is planned for the Sigma Phi Epsilon alumni is to be the center of attraction for the Penn chapter. That night they will have the music of Jim Done machinery for the afternoons of a wild afternoon in the stands.

TEP will start the fireworks after the game and that night a buffet supper. The theme for this party is "The Gaugilt Era" complete with Shrine singer and jazz band.

Theta Chi is going to have the "Skyhooks" on the stand for their stomp music, as they plan to start not right after the game.

Friday night holds a tag party for the Theta Rho, and then Rich-ard Jacoby will entertain at the pubs as they bolster up for the long night ahead. Said night will have Ed Shore and his band on tap, the Kappa with the Kappa Club of Princeton as the guests of the house.

 Theta Xi has the Kay Arm Group ready to play for the ladies at their Saturday night festivities in another one that will start after the game.

Come On, Come All! The Kappa Kappa Gammas will open their season on campus with a party on Saturday afternoon. The girls pretty mix of instruments and entertainment is also a good time to meet some of the "coke Femmes" here.

This will be a short one as we can only close with the warning—at the plane on Saturday—WATCH THOSE SAVES.

No one is going to believe that these embarrassing and thrashing away things will be taken, granted, or even known by the reader."

Dr. Conant (Continued from page 1) says he is 14.

The widely-discussed range of American high school programs, then, is necessary to meet the needs of 14- to 18-year-olds. The United States keeps in schools where Europe does not, is ahead of a highly-organized national school system. The American school system is a public institution, up to the individual child. For that reason, he thinks, it cannot work.

The free spirit of an age group that is not bound by the curricular programs of a public institution is a real insight, though it is a subjective social program rather than a formal arts foundation. The United States knows it, he adds. We should be in favor of complete change in the American pattern of secondary education, Dr. Conant says. American high school can do much more to help the student. The United States has an educational program that is not bound by the curriculum of the school. We need to think about it and see how to work with the student.

Now answer this one: Do you really think about the filter cigarette you choose? YES... NO.

If your answer is "Yes", well, you're the kind of person who thinks for himself. You can be depended on to use judgment in everything you do. The fact is, men and women who really think for themselves usually smoke VICEROY. Their reason? It's a thinking man's filter and a smoking man's taste.
