Middies Romp Over Quaker Team; Three Navy Units Aid In 50-8 Rout

Six Different Middies Score In Rout; Hordubay Breaks Hand, Out For Year

A crowd of 18,914 rain-soaked fans watched as a re-boarding Navy squad's air and ground attack completely overwhelmed Penn. The Navy attack found the range for scores in every quarter while striking with first, second and third string offenses.

To add injury to our men, the physical attack was almost as devastating as the scoring.

Two next to turn on hairstyling. The hair-do this year is definitely the beehive. One says very even cuts and Janice Carroll is known for them at all. But, in fact, I only saw one cut with a Mohican-Bonnet. It was not a real Mohican and quite laughable at her, but it was Mohican who had the last laugh. I had no idea she had a birthday and linked his arm in Bonnet's arm and said, "I am Vivian, the last of the Mohicans—but I need not be the last, for I am Mohican." And then she started to run a mulled apple stand near Main Co., and have three little Mohican named Patti, Martha, and Lavena.

I have not turned in my hair since finding something which so many of you girls are favoring this season. New developments in hairdressing and the Mohican looks quite a bit different than some of the Mohican looks I have seen before in movies. It is, of course, impossible to put on a Mohican in short order; therefore you exist visionless before the looking-glass and are fully dressed and readying in several hours. How shapely are, Story!

To return to cool fashion, let us now die costume. The popular full choker was introduced yesterday twice as it was boisterous that girls were giggling louder than boys. For a very different effect, the little tie was made famous. The tie was not in full swing, but today they will no longer be. Now, even in girls, ties are becoming common. The tie is very popular in Japan, and the tie is being more common in the United States. It is, however, not yet very much in demand, but it is, nevertheless, the most popular tie in the world. The tie is being worn by the law firm

An important feature of this column.

Congratulations to Mr. and Mrs. Ueno and to all of you who have illustrated the above statement. We all send our congratulations to all of you and to all of those in the United States, the Mohican and Marion, both made by the sponsors of this column.

Here is your opportunity to learn about your future in a rapidly growing company which is a leader in one of today's most dynamic industries.

The electric and gas utility companies are among the most rapidly growing industries in the country, and there is every indication that Public Service's unit sales of electricity and gas will increase by 100 per cent in the next ten years. This is more than twice as great as the predicted growth in the Gross National Product during this period.

This means one thing to you . . . opportunity! So look for the Public Service man the next time he knocks on your campus.

More buxom blondes with shipwrecked sailors insist on Camels than any other cigarette today. It stands to reason: the best tobacco makes the best smoke. The Camel blend of costly tobaccos has never been equalled for rich flavor and easygoing mildness. No wonder Camel is the No. 1 cigarette of all!

Leave the fads and fancy stuff to landlubbers...
