Theologian Tillich Addresses Univ. Religious Conferences

Discusses Relationship Of Religion To Existentialism; Praises Liberal Protestant's Historical Research

by Paul S. Weinberg

The presentation of an historical approach to Tillich's thought and a religious and existential approach to Tillich's thought is the theme of a series of lectures given by Rev. Paul Tillich, professor of Christian Science at the University of Chicago, at Harvard University last week.

"Historical Research," Tillich stated, "is the presence and absence of liberal theology in Germany, he said, that historical research has been applied only by Protestantism. "Abide then a great road in which the real achievements of the liberal era are not lost." Tillich said that the liberal theology should remain, but legal moralism has not been associated with Christ.

On Nuclear-Test Solution

The theme of Tillich's lectures was the "Foundation of the Existential Movement." He explained that the works of those who have written on the presence and absence of liberal theology in Germany, he said, that historical research has been applied only by Protestantism. "Abide then a great road in which the real achievements of the liberal era are not lost." Tillich said that the liberal theology should remain, but legal moralism has not been associated with Christ.

**Editorial**

- **On The Man...**

When Harold’s Dr. Paul Tillych tackled the subject of existentialist thinkers, it was a part of the University’s Conference on Religion. He came up with some thoughtful and interesting ideas about the subject of the Word and the spirit, presented his ideas ‘on a realm of philosophy, but perhaps the issue is something else. Perhaps, Dr. Tillych wants to be, or to say something else.

At Harvard, where he has held the chair of philosophy for five years, Dr. Tillych has a few more issues on his mind, and try to prove valuable. The University welcomed his presence.

---

**The Humanities**

The size of the predominantly student audience, some seventy-seven hundred persons and the reception which it evidenced, testifies to the continuing need for lectures, talks, and symposia in the humanities. A liberal outlook, the expression and understanding of it, adds considerably to the education of any student at Penn. In the humanities, where the existence of side-by-side-of the humanities and the mass-communication sciences is prominent, the value of these lectures to many students is great.

Tomorrow, the Graduate School of Arts and Sciences will mark its seventy-fifth anniversary with the presentation of papers on the social sciences and the humanities. Again, the students of the University have the opportunity to explore further the nature of man’s thinking.

**SKATEST LOSE TWO MATCHES IN NEW YORK**

It was a tough weekend for the Penn State skating team. Although the team was able to finish second in both of their matches, losing to Cornell and Colgate, the defeats were significant for the team's overall performance. The matches took place in New York, and the team's performance was not as strong as expected. The next match is scheduled for next weekend, and the team is looking forward to regaining their lost momentum.

**RUTGERS WINS SWIM CONTEST OVER VARSITY**

Rutgers won the Swim Contest over Varsity, 13-11. The victory was secured by a dominant performance in the relay events, with the team placing first in both the 4x100 and 4x200 freestyle relays. The team's success was attributed to the strong individual performances of its swimmers, who were able to maintain a consistent pace throughout the meet. The win was a welcome relief for the team after a disappointing performance earlier in the season.

**VARSITY WRESTLERS WIN 17-15**

The varsity wrestlers secured a hard-fought victory over Penn, 17-15. The match was a close one, with both teams having a chance to win. However, the varsity wrestlers were able to edge out their opponents with a strong performance in the closing rounds. The victory was a significant one for the team, as it helped to solidify their position in the conference.

**SPORTS COLUMN**

Navy's Zone Defense Squelches Quaker Attack

by Ron Babcock

Poor shooting, especially from the free throw line, cost Penn in its first basketball game of the season. The Navy took the game, 73-53, and happily retired the inability to perform from the free throw line that has been one of the team's two-pronged attack.

Coach McClokey's Penn team, rated the third-best in the East, lost the battle of nerves after it was determined that Bob Milroy, who scored a game high for the Quakers, was not a true strong man to be defeated in the early going. McClokey has not been defeated yet for the season, by Virginia or Penn State.

In the Middle caps legged it out for a tough defense but had no success against the zone defense. Although the Red and Blue men held advantage of up to 14 points early in the meet, Jim Campbell's varsity rushing defense was abetted when the Scarlet was the last to take the lead, the score, 73-53. Freestyle relay, to clinch the meet.

The Red and Blue captured six of the eight while Penn could manage only four, but the Scarlet depth was the deciding factor as they made up the difference and scored three final places.

The outstanding race of the meet was that of the freestyle which ended the precision Penn attack. Paul Twohig led the Scarlet to the Quaker in this event and the Navy's mark was 1:16.9. Wally Davis, also of the Scarlet, Fred Novosad, Harry, and John Ludington, from the Blue, finished the contest.

Widely reckoned Novosad also turned in a first of his season equal to Captain Wadley, was first in the 200-yard backstroke, while Slick won the 50-yard butterfly and Novosad capped the 200-yard butterfly event.

**DP AWARDS STAR OF WEEK**

To Rubincam

Penn’s “Hobo” Rubincam has been anointed by the sports staff of the Daily Pennsylvanian as the Quakers Basketball Player of the Week for his fine play in the Red and Blue opening games of the season.

In the Rutgers struggle, he tallied nine points and played a fine game. Rubincam scored on three field goals and took all three of the free throws. The 4'10" center was field general of the Quaker attack, picking up five assists and an equal number of rebounds.

Rubincam was Penn's high scorer in the game. Rutgers blasted 10 points. Rubincam scored all three field goals and took all three of the free shots. The 4'10" center was field general of the Quaker attack, picking up five assists and an equal number of rebounds.

Hillcliff Lecture

Describes Views

Dr. Alfred Jonas will speak on "In Defense of Tomorrow" today at 4 p.m. at Hillcliff's annual Ra-

nukkah lecture. Dr. Jonas is both a dire-
tional director of program and resources for the B'nai Brit-

Hillcliff Foundation. His talk will be fol-

lowed by a brief debate over cert by the Hillcliff choir.

Existentialism

"(Continued from page 1)"

"(Continued from page 1)"

28 charity touches.

Dick Johnson was high scorer for the home team, tallying 20 points.

Dick Brown and Jim Becker added 14 each in the Mingle cause.

With the score 17-10 early in the game, the Midlins began to solve the Penn defense and rolled up

a 32-23 margin at halftime. At the end of the first stanza, the Quakers led by 16-15.

With 11 minutes left in the game, the Penns put on a brief, fi-
tile drive and pulled to within four

points of the scoreboard. The Beids, however, proceeded to disintegrate their defense,

so that the Quakers were able to start

a 6-3 scoring run, finally pulling away from the undermanned Penn teams.

The Midlins, playing before a partisan crowd in their hand-new
cold home, averaged a last of Penn last year in the

Pennants. At that time, the Quakers were on their way to a five-game winning streak, squashed by an up-

set win over Lafayette.
