Seniors Named To Plan Events For Ivy Week

Ivy Ball, Senior Dinner Will Be Held May 8-11

Two events for alumni have been named to the Ivy Week Committee to plan the events of the Weekend, Jan. 18-19. The Senior Class will have its final Alumni Officers elected, and the Senior Class Council will be organized.

Saturday Event Planned

The possibility of a class function on Saturday afternoon will also be discussed by the group, which has several alternatives to consider for making the weekend a notable one. The committee will meet with the class officers andKeen alumni chairman Alon S. Chang.

Those chosen are Bob Blumenthal, chairman William C. L. Harris, Allan Bick, chairman William E. Hatfield, chairman of the Class of 1960, and Ray Simons, chairman of the Class of 1961.

Annual Help Week Drive Nets $2055 As More Than 350 Pledges Participate

by Errol L. Stone

The 1960 Help Week Drive has collected $2055 for the Philadelphia Society for Crippled Children, William E. Hatfield, chairman of the Help Week, has announced. Over 350 pledges from seniors and juniors' fraternities participated in the drive, along with the army and navy fraternities. The Interfraternity Council is in association with the Juniata-Pennsylvania Council.

The collection this year surpasses the goal previously set and represents an increase over last year's total which amounted to $1,928.

Campaign in Two Shifts

The campaign was divided into two shifts, 8:30 a.m. to 12:30 p.m. and 12:30 p.m. to 4:00 p.m., and conducted in the downtown and 9th Street shopping area.

The pledges collected in groups of three, consisting of one woman's fraternity and two men's fraternities. Each group carried paper and plastic bags, which were presented to all donors.

In the past, pledges have been highly praised for their generous efforts in the Help Week activities.

It Might As Well Be Spring

The venerable Ben reposes contentedly with wings of elation stealing over his countenance, because of the success of the Hawaiian Ball, the august Philadelphia has donned his bell-hop and three-piece suit.

Star Congratulations to ‘59 To Elect Initial Alumni Officers

Nominees To Be Announced In DP; Balloting Scheduled For Tomorrow

Following the announcement of the slate of candidates, elections for Alumni Association officers of the graduating senior class will be held tomorrow.

The slate of nominees has been determined by a joint committee of faculty and administration personnel, after consideration of petitions of nomination submitted by the Senior Societies.

The slate of nominees will be announced in The Daily Pennsylvania, no notice for the installation of the elected officers will be sent to the members.

The election will be held tomorrow in the Student Union, and the officers will be installed on the first day of the Senior Year.

Outraged Taxpayer Dept.

The Army

The following article, submitted by a graduate student at Pennsylvania State University and the personal diaries of the president army and the draft system, seeks to make the new leader. He has requested that his name be withheld for reasons that "the president's" identity enhances this piece because we feel it is of interest to our countrymen, and that he wishes to avoid this conflict of military obligations with the military leaders in the near future.

After any twenty-fours weeks spent on active duty, and the fine amount of notice and immediately went to my draft board to try to gain a few months because of certain business commitments. I was treated in an irritating, cold, superficial manner by a middle-aged woman who gave me no information whatsoever. My request was referred to the State Capital, through he learned that no exemptions of any kind could be made, and that I must report on the date ordered.

I reported on the day and was sent to Texas for Basic Training. Perhaps it should be stated now that life in the army does not brainwash, change, or soften the basic or any manner. It merely simplifies the game, seals it in preservative alcohol till the day of Basic Training time to convert the newly-enlisted man into an army. In time of actual war, perhaps as a foot-soldier, in the ranks of the Army East. But during Basic in peacetime it just doesn't work. The men are reduced in stature as they are, but young, second-class men who find an instrumentable task in teaching men who are smarter than they are. The officers, fresh from college, are rather earnest in a cynical way. I think there may be clear of college and enlisted men who instantly recognize them for what they are. The man Basic that the average draftee realizes that eight weeks is not enough. In order to serve as a combat soldier he needs at least six months of rigorous drills and practical training. And yet I have never heard this fact mentioned by Army officials or critics of the Army's training program.

After Basic I was sent to a Nike Goliad Missile Base. Why was I there then? Probably because my scientific aptitude was my lowest mark on my battery of Army Tests. And what did I end up doing at Nike? I became a clerk typist. Why? Because the first hour than I volunteered when a P пластicer was asked the last hour of arrival, "What is this?

Later I was sent to Europe on a troop vessel that housed 1500 men like cattle in the hold. The officers and their families lived above decks in plush, liveried atmosphere paid for by the taxpayer. I found in Europe that many of the officers unused pull to return via the Americas, which is really lush and this again is supported by the taxpayer.

In Europe, after Army administration was epitomized by the type of man sent over. Here I found eighteen-year-old boys from small towns in America we looked upon Europe as a huge, dungeon playground. They were the men who were post-commander of their better-class men, inextricable every woman they could find, and strike an agreement, or of their own "Anti- Americans" campaign twenty-four hours a day. The story was, the Army, realizing that G. I. going to Europe should be able to act like the boy who was perfectly tolerated and pretty up a series of ignoble and downright foolish roles governing the American soldier in Europe. The helplessness of these rules shamed not the officers, but rather the serious men who wanted to get something out of a fourteen-month summer overseas.

It was in Europe, that I got to know many of the officers, that finding that others of them were fairly decent and responsible men. The majority of them, however, were frustrated, close-minded, and too often backed by their own propaganda. All lived in fear of their efficiency report which could make or break them in Wash-
Don Myers analyzes a recorded trouble indication with members of his central office force.

Don stepped into these supervisory positions after less than 3 years of actual telephone experience. (He has sandwiched a two-year military hitch into his record since joining the company in 1954.) Previously, while on the Plant Engineering staff, he planned circuiting between telephone exchanges and expansion to meet future needs. He also studied the highly complicated circuitry of central office switching equipment to improve its memory and routing functions.

Where does he go from here? It depends mostly on him. But one thing is sure: continuous growth in the industry will create advancement opportunities for those members who have what it takes to get ahead.

This is not just the story of Don Myers—many college men like him are moving ahead in telephone careers. See for yourself. BELL Telephone employment might be right for you.

Talk with the BELL interviewer when he visits your campus and read the BELL Telephone booklet on file in your Placement Office.
Schmidt Gains All-City Berth
Egan Receives MVP Award

by William T. Bates

Schmidt, who coached the varsity and second team all-city selectors, was named to the All-City first team. He coached the team that was department of The Daily Pensylvanian.

Schmidt, who is recently named the head coach of the co-op player of the year, is the head coach on the Big Five squad along with the head coach of the University of Pennsylvania. Schmidt's squad is currently finishing the season with a 16-4 record.

The last time the Big Five squad was beaten was by the Owls, 72-69. Schmidt's squad is set for the top four spots in the Big Five.

Delts Oppose Ebony
In I-M Hoop Finals
At Hutchinson Gym

by Michael Brown

Delts Tau Delta and Ebony, the only teams left out of the 50 that were in the scholarship pool now tonight in Hutchinson Gymnasium at 7:30 for the University intramural basketball title.

Since the three intramural finalists were announced on December 11, 232 contests have been played in the Intramural Division. Mr. Jack Glavas, Director of Intramural Activities, has announced that the Delts will be playing against the Ebony team tonight.

The Delts will be trying to climb the first championship for a freshman team in four years. The Greek letter societies have not won the title since SAE turned the trick in 1954.

The next game is Thursday night at 7:30 at the University Intramural Gymnasium.

Delts Tau Delta and Ebony, the only teams left out of the 50 that were in the scholarship pool, are tonight in Hutchinson Gymnasium at 7:30 for the University Intramural basketball title.

This week's column will be a little less than usual, and will include a bit of humor as well.

This week's column will be a little less than usual, and will include a bit of humor as well.

For Penn purposes, the basketball season is over and with West Virginia's 47-33 loss to Durbin on Friday in the NCAA tournament, the same is true elsewhere in the Ivy League; but the news of victory, the price of the daily Prive, is an article recent which did not add to the award of the scoring championship to Lou Dandridge of Columbia, and the news of defeat to the powers that be does not delight that Carl Bix, the Toppers' favorite son, would not get credit for the point for his pole position, and Bixard, the title for the Delts.

This was done after Cornell protested the posting of the score of Delt's total which would have given the Princeton forward 29 points and the score of the Delts was not posted. This was the first time that posting scores totals were disallowed in the final standings.

Meanwhile, at Hitcha, the Cornell Daily went in a exciting victory, either. The series up there can't seem to figure out why. Jordans didn't get me to the all-tty team. Neither, by the way, Could the Columbia Spectator understand the sight of Murray Moman.

The heid scene, Temple's season is over also, but across town the Owls are aching their chaps over next season's prospects. It seems certain of their newspaper, that the Owls, Princetonian, is a current story which did not add to the award of the scoring championship to Lou Dandridge of Columbia, and the news of defeat to the powers that be does not delight that Carl Bix, the Toppers' favorite son, would not get credit for the point for his pole position, and Bixard, the title for the Delts.

(Continued from page four)

With Al Cervi out as coach of the Philadelphia Warriors, Eddie Gottlieb will probably name Neil Johnston to the post. This should give the 6-5 center some headaches to add to his leverages.

Speaking of headaches, what’s The Magul going to do when his powers, The Superstar, talks The SH11 into staying with the Globetrotters. Jailbird anyone?

That Brown professor who said that the school should drop football because it distracts from studying, should transfer to Brooklyn College. At that school, organized faculty opposition sounded the death knell to the football and hockey teams as well as three editorial boards at The Phoenix, its weekly newspaper. Besides, Brooklyn gives higher tuition to schools for experienced faculty; ask Penn’s Sociology Department.

Only 16 more days until Garden State opens.

Gym Team Meeting
Penn’s Gym Club will begin meeting daily on Mondays, Wednesdays, and Fridays from 2:00 to 5:30 p.m. in Hutchinson Gymnasium.

Gymnastics, rapidly becoming a very popular sport on campus, consists of competition on the parallel bars, horse, flying rings and tumbling.

All those who have signed up are urged to practice at these hours. Any other underclassman with some gymnastic experience is invited to try out for the team during the week of March 18.

Fred Herman, a graduate student, will supervise the practice sessions.

But soft! What taste from yonder FILTER-BLEND...

IT’S WHAT’S UP FRONT THAT COUNTS

This filter, be it e’er so pure and white Must needs give flavor too, full clear and bright Else would the trusting smoker, filled with hope Again be dashed, dejected be...and more.

And thus we come to Winston’s obvious truth It’s what’s up front that counts—and ’tis, faroosth in that the fine tobaccos, in the end Are by exclusive process—Filter-Blend— Become the tastiest taste that e’er hath played Across your dancing taste-buds, man or maid!

Be ye not slow, therefore, to test the wit Of what we say; that Winston, friend, is it! For that with ev’ry smoke ye do delay Ye are not gathering rosebuds while ye may!

“We are advertised by our loving friends...”

OPTICAL REPAIRS—PROMPT STUDENT service, broken lenses re- placed. Frames sold and repaired.鏡子修理。訳文：If you lose your glasses, you are always there and always will be there to take care of them. The Pennsylvania University, adapted many years ago by the National Interfraternity Conference, de- clared, among other things, “that the primary loyalty and responsibility of a student in his relation with the institution are to the institution and that the association of any group of students as a chapter of a Fraternity implies the definite responsibility of the group for the conduct of the individual.”

Every NCO fraternity supports this declaration wholeheartedly, but without exception they feel that this responsibility can be more perfectly fulfilled when the college administration is sympathetic and highly cooperative, instead of looking upon fraternity men as irresponsible step-children.

They said it couldn’t be done... They said nobody could do it... but —

I’M IS LOW in tar with MORE taste to it

"I’M is kindest to your taste because I’M combines the two essentials of modern smoking," says TV’s Jack Lescoulie.

LOW TAR: I’M’s patented filtering process adds extra filter fibers electrolytically, crosswise to the stream of smoke... makes I’M truly low in tar.

MORE TASTE: I’M’s rich mixture of slow burning tobaccos brings you more cigarette smoking, hence I’M.

"LIV MODERN... CHANGE TO MODERN I’M"
