Negroes To Focus On Jobs, Says Wilkins

Dr. George W. Taylor, Head of the Department of Industrial Arts of the University, has called attention to the need of Negroes to focus on jobs at present and in the future.

"The Negroes are not given a chance," Taylor said. "Although the Negro and his problems are here, the Negro is not given the chance to work. He is not given a chance to work because he is not given a chance to be heard." 

"The evidence is in," he said, "that the United States do not intend to brush-off the problem but rather to take positive steps toward solving it."

The Chicks Of Neglects

Wilkins counseled his audience that "the continuing campaign for the Negro minority must be the concern of business and labor leader leaders if there are not to be disturbances in the street."

"The roots of the grievances are in generations of racial prejudice," Wilkins said, and proceeded to discuss the situation at length.

New Survey

Mr. Manley continued that the surveys show there are three main issues: education, employment, and housing."

"The evidence is in," he said, "that the United States do not intend to brush-off the problem but rather to take positive steps toward solving it."

Help Save Time

Men Defeat Changes

(Continued from page 1)

Ira Shoulson, and Chip Block, members of the Red and Blue Party, called the Action Party organized by students around the country to protest against the attempt of one party, the party in power, which divides the student body rather than representing it. The Action Party statement is as follows:

The defeat of the amendment proposed by the Men's Student Government, which would have changed the organization of the Student Council to one without representation of the student body, was achieved by constructing two new walkways which will meet at a plaza in front of the Furness Building. Tentative plans also call for an auditorium to be constructed as part of the new building. A realignment of the enclosed area with new walkways is the third objective to be accomplished as part of the new building. A protest against the attempt of one party, the party in power, to prevent a fair and objective consideration of the issues and thus to manipulate the University community was filed with the University Council in order that an opportunity be given to those who have reservations on the decision to discuss the matter.

University Council Approves

The President reported that the proposed addition was approved by the University Council. He also had the general approval of the Faculty of the time being vested in the group that will occupy it. Last week the University Council approved the plan by defeating a motion which called for a review of the present program of electing student representatives. The action means that an order in which an opportunity be given to those who have reservations on the decision to discuss the matter.

Letters To the Editor

The following is an open letter to President Harnwell.

The Daily Pennsylvanian is an open forum for the exchange of ideas. We encourage Letters to the Editor on campus and community issues. Letters should be 200 words or less and may be edited for clarity. The Editor reserves the right to reject letters for reasons of taste and relevance. Address correspondence to the Editor, Daily Pennsylvanian, 334 Swarthmore Hall, 34th and Chestnut Streets, Philadelphia, PA 19104.

Editor, The Daily Pennsylvanian:

If this outcry is as unjust as it is uninformed, we must consider both the architecture and site of the proposed building. For the sake of the students, faculty, alumni and friends against the destruction of this green space, we feel that a major institution such as ours should promote and reassure the highest standards of design and architecture. With the sole exceptions of the works of Louis Kahn, Giorgio and Eero Saarinen, we have seen nothing that compares with the outcry of students, faculty and alumni against the proposed addition to the campus environment.

The Daily Pennsylvanian is published Monday through Friday at the University of Pennsylvania, Swarthmore Hall, 34th and Chestnut Streets, Philadelphia, PA 19104. Letters are welcome, and we will publish them in the order received. The Editor reserves the right to reject letters for reasons of taste and relevance. Address correspondence to the Editor, Daily Pennsylvanian, Swarthmore Hall, 34th and Chestnut Streets, Philadelphia, PA 19104.

President Harnwell:

If this construction means - as it should - a bold new improvement to our campus environment, then I would have expected certainly by now that you, the President, would have appeared to us with pleasure and pride, the plans and would have explained their advantages.

This I do not see. I sense no great excitement or pride on your part, which we might share: instead, only the outcry.

The Lightweight football team along with head coach Dick Harter and his entire coaching staff were caught completely off guard by a switch in Cornell football tactics and the result was a humiliating Big Red. Expecting to give the home team a big rush on Murray and in the second period they finally hit the ball successfully on the offense led by quarterback back hose Murray. After moving the ball successfully on the ground during the early part of the game, Murray switched to a passing attack and continued to fill the air with passes even though they weren't being completed.

Adding injury to insult, the Cornell line was able to put a big rush on Murray and in the second period they finally hit him so that he didn't get up. As Murray lay there it was obvious that his ankle had been hurt but he came back during the second half to again direct the attack. While Hench was out of the ballgame, reserve quarter back Fran Murray led the squad sticking mostly to the ground.

Runners Lose First; Race in IC 4A's Today

After a heartbreaking 25-30 loss to West Chester State last Thursday, the Quaker skaters, in Captain Pete Dougherty and Bill Homes who were members of the squad that captured the IC4A's last year, fought hard to come back. Finishing with but 47 second left, Wissahickon's Ted Ingalls put home the deciding goal of the 6-5 game and poured three goals into the cage to hold a 3-1 advantage into his position.

LaSalle has had a disappoint- ing season but has two fine wa ters in Captain Pete Dougherty and Bill Homes who were members of the squad that cap- tured the IC4A's and the Middle Atlantic Conference Championships last year. The Quakers will be missing graduated star Paul Minah, who won both meets last year.

Proceeding the 2:15 varsity race the Penn freshmen will run in their last meet of the year, the IC4A's Freshmen Championship.

Thought is the seed of action—RALPH WALDO EMERSON

Icemen Tie Home Opener

The Penn Hockey Club opened its season Saturday with a fast fought and very spirited battle against the Wissahickon Hockey Club at the Arena, but had to settle for a 4-4 tie as the visitors declined to play an overtime period.

Six Quaker skaters figured in the scoring, and freshmen Andy Dilly scored two goals in his first college game.

The contest was a fast, wide open affair, in which 91 shots were taken at the two goalies, fourteen of which found their mark. Dave Gens, a freshman, was outstanding in the Penn goal, being credited with 44 saves.

The Penn sharpshooters aimed forty shots at Wissahickon goalie Ralph de Williams.

The visitors scored first, af- ter three and a half minutes of play in the opening period, but the Red and Blue stormed back and poured three goals into the cage to hold a 3-1 advantage after the first period.

Wissahickon scored two quick ones at the start of the second stanza, however, and tied the score at 3 all. Then the two clubs traded goals, to be dead- locked at 3-3 going into the final twenty minutes of play. Wissahickon's Ted Ingalls put his club in front after 6:54, and the Quakers kept up the attack. Daly finally capped a barrage of our consecutive shots, and tied the score again.

With less than four minutes remaining, Don Lee of the Sub- urbans picked up a rebound off the Penn goalie and shot the puck past the prostate Gens. The Quakers were in trouble, and fought hard to come back. Final- ly, with but 47 second left, John Dewing and Bill Constan- tine combined on a wild offen- sive, and threw the game into its final deadlock.

TAKE A LOOK AT TOMORROW!

FORD MOTOR COMPANY'S EXPERIMENTAL GAS TURBINE SUPERHIGHWAY TRUCK ANTICIPATES THE NATIONAL HIGHWAY'NETWORK OF THE 1970's.

A new era in trucking is almost here. When the 41,000-mile national highway network is completed it will be possible for the first time to schedule coast to coast, big payload hauling. Ford Motor Company's answer to the challenge is this experimental tractor-trailer combination. A tandem axle drive tractor, powered by a 600 hp gas turbine engine permits a cruising speed of 70 miles per hour, a non-stop range of 600 miles. Designed for long-distance, non-stop operation, the two-man cab includes sleeping quarters, fully equipped bathroom, toilet, oven, refrigerator and TV for the co-driver—with over 66' of headroom. Because of its cruising speed the truck will be compatible with the normal passenger car flowrate of traffic.

Other unique features are its odorless exhaust and extremely quiet operation.

ANTICIPATING the opportunities and needs of the future is standard practice at Ford Motor Company. For that reason we're always looking for exciting places to work. Look to Ford Motor Company for a career with growth and satisfaction—from pure science to manufacturing . . . marketing to labor relations.

WHERE'S YOUR FUTURE FOR YOU ?

FORD MOTOR COMPANY

THE AMERICAN ROAD, DETROIT, MICH.
COLUMBIA GoAL. Before the first side position. Two minutes after ball in Columbia territory until quiet praises for a job well done booters record up to 7-0 and Jerry Mayall closed out their 1964 campaign Saturday with 5-0. Romp Ends Perfect Year many spectators stiff with horror. The rickety wooden steps are kind of like an open air Potter Hall ed for the eighth straight game that his team has no running attempt. The Drum Suite has a defensive performance left so moment was climbing the steps to the Baker Field pressbox; zone with three linemen in hot pursuit. The crowd cheered. The first time Roberts got the ball, he ran 35 yards to the Penn eight to set up the first Lion score. Penn came right back, but Barry Ellman took a quick pitch and raced 13 yards, for the score. In the second period, Roberts hit Ed Malmgren, Light Blue captain, for a one yard touchdown pass, Ellman came right back, and took the ball yards for Penn's second TD and highest by Lion point production of the season. At that time, Columbia led 13-12, and that was as close as the Quakers got, as Roberts threw for two more TD's and ran for a third. The only time the Quakers threatened was in the third period, when Penn was already down 27-12. Bruce Molloy, running well on a trampled field, and a short-range pass. The Spiral & 1 yard was the wrong way on the last play and got hit for a long loss. Columbia three yard line where it was first and goal. The Tigers were smashed against the line, but the play was called back for offsides. Ellman recouped the loss of the penalty, only to have quarterback Tom Kennedy turn the wrong way on the last play and get hit for a long loss. The Mt. Princeton football coach was carried off the field when goalie Davis made a fine save of a Columbia free kick from fifteen yards. The win, the third straight over the Scarlet Knights, gave the Booters a team unblemished against the first-fifth record in freshman football history.
