Prof. Kintner Presents Real Issue in Vietnam At Victory Day Rally

By WILLIAM BURCHELL

Dr. William R. Kintner, professor of political science, announced, said Saturday the real issue in the Vietnam struggle is the fate of the world's "countryside" in the cold war between the "citiest." Dr. Kintner, who is also the Deputy Director of the University's Foreign Policy Research Institute, described the "countryside" as areas such as Southeast Asia, Africa, and Latin America, and the "citiest," as Russia and the United States.

Dr. Kintner's remarks came during "Dedication Day" at a "Victory in Vietnam" rally at Independence Hall, in which more than a ten speakers expressed their support of America's military involvement in South Vietnam.

University Enforcing Vehicle Regulations

Over 200 university traffic tickets have been issued for violations of the undergraduate parking regulations since Sept. 26 when the rules went into effect.

Discussion of traffic in Vietnam was taken off the campus and into the community at an all-day "open hearing" on Vietnam Positions Aired at Hearing, Saigon Envoy Questions U.S. Aim, Saturday at the Bellevue Stratford Hotel.

The university has the right to enforce rules beyond the city parking laws which are binding on the students, contrary to the beliefs of many who have appealed their tickets to the court, he said. A student can receive a summons if he operates a vehicle contrary to the University's rules, even though he may be legally parked by the city's standards.

Candidates Checked

The two graduate students hired to patrol the university vicinity list the license numbers of all vehicles parked without permits. Those with resident stickers are recorded, but those without stickers are compared against registration lists by a third grad student who does the book-keeping and sends tickets to the registered residents and to those students who have not registered their cars.

Should the student wish to appeal his ticket, he may be made an appointment to the residence hall desk or to the dean of admissions, assistant to the dean of admissions, assistant to the director of alumni relations and the director of student services.

State Representative Wants Univ. To Become State-related School

Gelfand Attacks Duplication; Harnewalks Asks Increased Aid

State Rep. Eugene Gelfand (D., Phila.,) said Friday that he hopes the University will eventually become a "state-related" institution like Temple. Charging that Commonwealth colleges waste money because of a "duplication of effort," Gelfand urged the various institutions in the state to "learn to specialize." In an exclusive Daily Pennsylvanian interview, Gelfand conceded that the possibility of Pennsylvania's becoming a "state-related" sports staffs" was rather remote since "the Penn administration does not lean in this direction."

Achieving "state-related" status would mean that the Commonwealth would be represented on the Board of Trustees, tuition would be significantly lowered, and public aid would be increased. In related news, University President Gaylord P. Harnewal, testified Thursday that low tuition is not the best means of securing equal educational opportunity. He proposed that state aid be increased instead.

Longley Named Director Of Alumni Relations

Robert F. Longley, former dean of men at the University, has been named Director of Alumni Relations, President Gaylord P. Harnewal has announced. Longley has been acting director of the division since he resigned as dean of men in January.
Sororities Announce 65-66 Pledges

The following is a list of all the sorority pledges for 1965-66 released by the Panhellenic Council:

ALPHA CHI OMEGA
Costigan, Mary Ellen; Dickerman, Ann
Marcone, Linda M.; O'Brien, Kathleen
Souders, Barbara E.; Vanderlinde, Susan
Wilson, Elizabeth

ALPHA EPSILON PHI
Agee, Roberta; Arnone, Roslyn

PREMED WEEK EVENTS

Representatives of eleven medical schools will speak about their schools at the following times. Each will present his talk two times if two schools are scheduled at the same time; three times if three schools are scheduled, so that all students may attend every session if he desires. All meetings are in Houston Hall except for Saturday morning.

Thursday, October 28, 4:30-5:30 P.M.
Major Address, "Evaluation of Medical Applicants"
-Dr. Joseph Ceithaml (Univ. of Chicago), Room 200 College Hall

Thursday, October 28, 7:30 P.M.
Univ. of Chicago- Franklin Room
Univ. of Rochester-Room No.1 (3rd floor)

Friday, October 29, 4:30-6:00 P.M.
Yale University- Franklin Room
Georgetown University - Room No. 1 (3rd floor)
Miami University Room No.11 (3rd floor)

Saturday, October 30, 9:30-10:30 A.M.
Johns Hopkins University-College Hall,Room212
University of Colorado-College Hall,Room214

Monday, November 1, 4:30-6:00 P.M.
University of North Carolina-Franklin Room
Emory University-Room No. 11(3rd floor)
Marquette University -Room No. 1 (3rd floor)

Tuesday, November 2, 5:00 P.M.
Northwestern University-Franklin Room.

Students interested in informal interviews with representatives from the following medical schools should inquire at the Pre Medical Advisory Board Office for schedule of locations and dates:
University of California at Los Angeles, University of Missouri, Emory University, New Mexico University.
College and State

Dr. Harrwell was in Harrisburg again last week to testify before the Higher Education Committee of the Pennsylvania State House of Representative. He addressed himself to the context of Commonwealth aid to the University, reiterating his argument that the "private" educational institution is entitled to such aid in the light of its role and contributions to the public sector. The President also ventured to explain the University's tuition policy, which has been under fire in the legislature. The main point raised was that high tuition for those who can pay provides funds necessary for large "public" universities' tuitions are fixed at a low rate and so much changes can occur. Dr. Harrwell did not attempt to predict the future of Penn's tuition and aid policies, but one of the testimonies was disturbing: the affirmation of the fears expressed in the Philadelphia Inquirer in recent weeks --namely, that the granting situation has made the University "very responsive" in the major and minor details of its subsidy. This phenomenon is distinctly different from that prevailing in the world of education. There are two conflicting factors: on the one hand, there is increased dependence on the State to find alternate sources of funds; on the other hand, political considerations are the first in a long list of demands made by the General State Authority projects.

The President's testimony was, on the whole, a sound and well reasoned presentation of the University's rightful claim on State assistance. But one point of the testimony was disturbing: the affirmation of the fears expressed in the Philadelphia Inquirer in recent weeks. The University has shown itself to be an institution of high quality, and it is not surprising that it is trying to keep up with the increasing pressures of the modern environment. However, the University cannot threaten to move to New Jersey.

Penn Players Review: "The Days Between" by Richard Schuster

It is unfortunate that Penn Players had to be the group chosen to give "The Days Between." It is Philadelphia premiere last Friday night. Because I honestly believe that the Bryn Mawr production was superior to the production it received.

"That is not to say that this production of Robert Anderson's story of a college English teacher who is between the dream and actuality of being a teacher is not good. On the contrary, most of the acting and the technical work were quite good. However, the problem is that the show essentially either suffers from the lack of a single acting job. And quite simply Pamela Dullese fails in the role of Miss DuBose, she would write in her wife's diary: "The Days" is the kind of play whose emotions ride a very discernable wave; there is an inherent ebb and flow. Miss Dullese plays her part all in one key and when she finally is slowed to break down, she does not know how to do it either. She is not convincing in her experience. But she was outstandingly the rest of the cast.

In a sound and well reasoned presentation, the University's rightful claim on State assistance is clearly presented. However, the University cannot threaten to move to New Jersey.

Penn Players Review: "The Days Between" by Stephen H. Kutzman

The United Nations At 20

The UN achievements extend to virtually every facet of human existence; and although it has not realized all of the high hopes of its founders, it has shown considerable progress. The UN's successes have been many: the ceasefire in 1948; the establishment of the United Nations; and since that day in October, 1945, when the delegates of fifty-one nations signed the charter, the United Nations has expanded and matured, giving the world one of the greatest hopes for peace and prosperity.

"Project Mississippi"

The campus NAACP has announced plans for "Project Mississippi," a project to build a community center in Shaw, Miss., a tent city of displaced tenant farmers. The project has been largely supported by the Black Student Government and other campus organizations to do all they can in helping NAACP give the people of Shaw this desperately needed facility for Christmas.
Govt. Studies Fraternities

(Continued from page 1)

One national fraternity officer predicted that more and more fraternities will grant their local chapters "local option" over membership policies as a result of the new provision. Indiana ma-

nager, said William Zerman, exec-

utive secretary of Phi Gamma Delta, fraternity, locally, fraternity will be able to certify that they do not discriminate.

Rossen Fedral Funds

Fraternity certification will allow the university to re-

duce the direct effect of U.S. foreign policy in Asia. "This anti-discrimination clause represents a compromise between those members of Congress, supported by national fraternities, who resisted the Office of Civil Rights' concern with fra-

ternity membership policies, and those legislators who favored a blanket ban on Greek discrimi-

nation.

Forums Begin

On Asia Policy At 20 Colleges

Over 20 campuses joined a multi-city series of forums on American foreign policy in Asia yesterday and today.

Sponsored by a new group, Americans for Reconsideration of Far Eastern Policy, the U.S. Day project was national headquarters. The "U.S. Day" project is a one-year-old movement originating in New York City, the New York speakers included Norman Thomas, Michael Harrington, Congressman William F. Ryan, Norman Cousins, Prof. John K. Fairbank of Harvard, and Allard Lowenstein, New York lawyer and former civil rights worker.

The program was the first effort of AARP, which was in-

itiated during the summer and now has headquarters at Yale. One of the purposes of the com-

mittee is to offer a more mod-

erate, broad-based alternative to the militant anti-war protest movement. It has opposed civil disobedience to "include more people in our discussions," according to the Rev. William Shannon's, Jr., of Yale.

Lowenstein has been acting as a temporary full-time organizer for the committee. Speaking at the initial meeting at Yale in September, he said "the time has come when people who feel as we do can wage an enormous effort on American Far Eastern policy, supported by national fraternities, we have to change the assumption that things can't be changed."

Four Objectives

The committee has formulated four objectives: an immediate cease-fire in Vietnam; U.S. re-

cognition of Red China; admission of Red China to the U.N.; and Chinese cooperation in areas such as race, color, or national origin could cost their federal funds.

But according to the National Inter-

fraternity Council, the financial impact of the nation's fraternities and sor-

orities is financially independent of their universities, and thus exempt from the new legisla-

tion's requirements.

In the initial meeting at Yale in October, said. The lecture, to be held at 8 p.m., in Room E-6 of Diet-

rich Hall, is "presented in the belief that there is much to be learned about the U.N. and its work in different areas," ac-

cording to Shail Anjaria, pre-

sent of IAA.

The Stanford Sigma Chi inci-

dent provides an example of the difficulty in proving discrimin-

ation, since the Sigma Chi national denied that the race issue was involved in its suspension of the local chapter, charging instead that Stanford Sigma Chi exhibited "contemptuous attitude" tow-

ard the national fraternity.

**Official Announcements**
- The International Affairs Association presents its R.N. Day lecture by Dr. Edith Gomori, Hungarian Representative to the U.N., on the topic "Human Rights in the International Association" tonight at 8 p.m., Room E-8, Dietrich Hall. All are invited.
- Mail Call Vietnam will have a booth open all this week to answer questions and collect letters for the Mail Call Vietnam Campaign on Campus.

**University Agenda**
- Graduate School of Business -- The following representatives from Graduate School of Business will be on campus on the dates and at the times indicated. Oct. 27, Dr. William D. Carmichael, Dean of Cornell University Graduate School of Business and Public Administration from 10 a.m. until 2:30 p.m. Oct. 28, Dr. Kurt Steiner, Director of Admissions, Northwestern University Graduate School of Business, from 10 a.m. until 11 a.m. For appointments call the Office of Fellowship Information and Study Program Abroad, 2nd floor, 1 of Houston Hall.
- U.N., on the topic "Human Rights in the International Association" tonight at 8 p.m., Room E-8, Dietrich Hall. All are invited.
- Mail Call Vietnam will have a booth open all this week to answer questions and collect letters for the Mail Call Vietnam Campaign on Campus.

**Activity Notices**
- BASKETBALL -- All freshmen interested in trying out for the frosh basketball team, please report to the Pala-estra, tonight Oct. 25 at 7:30 p.m. BELLINGER'S SOCIETY -- Meeting for all interested in heeling at 11 a.m. tomorrow in room 1 of Houston Hall.
- CAMPUS CHEST -- Meeting of senior and junior boards, tonight at 8 p.m., in Room 1 of Houston Hall.
- CHRISTIAN SCIENCE ORGANIZATION -- Meeting tonight at 7:30 p.m. in the upper room of the Christian Association Building, 3601 Locust. All are welcome.
- CIÇOLO ITALIANO -- Ci sarà un tavolo italiano oggi. Lunedi, 3-5 p.m.

If you’re an engineer or scientist near the top* of your class, you’ll get plenty of opportunities.

But none quite like this.

NOL is different from other organizations which may seek your services. It is completely creative in purpose, a laboratory in the true meaning of the word, and one of the largest and best-equipped laboratories in the world.

NOL is big because it has a big job to do. NOL creates advanced naval weapons. Works from inception to prototype test and development. Research ranges from nuclear effects to acoustics to explosives and materials. NOL is the nation’s leading R&D establishment for Anti-Submarine Warfare, the Navy’s principal high speed aeroballistics activity, and a leader in the development of new air and surface weapons. It is also the Navy’s primary laboratory for the development of projectile, rocket and bomb fuses. Since 1950, NOL has completed 158 new weapons and devices.

The job demands the finest facilities. NOL has them: Mach 17 wind tunnel, 200 G centrifuge, hypervelocity ballistic range, IBM 7090 computer, underwater weapon tank, antenna range, particle accelerator, millions of dollars worth of equipment, much of it unique.

And the job demands people. NOL has a civilian staff of 3,000. 1,000 are professional engineers and scientists, many with national and international reputations.

Here is your opportunity. Each year, NOL interviews outstanding engineers and scientific graduates to join its staff. Selects the handful that seems to be really creative. Takes them to its beautiful 875-acre “campus” (the front yard is a golf course) in the rolling hills of Maryland near the Nation’s Capital. Puts them through a one-year professional development course with rotational assignments to various areas within the Laboratory to prepare them for permanent assignments.

From the very beginning, new staff members have an opportunity to contribute directly to significant projects. To be part of an organization where groups are small and emphasis is on the individual. NOL stimulates continuing professional growth by providing both time and support for graduate study programs. Maryland University is 10 minutes away, and graduate level courses are taught at NOL each semester.

NOL needs:

Aerospace Engineers to conduct design studies of high-speed, high-performance re-entry systems and solve basic problems in theoretical and experimental aerothermodynamics, aeroballistics and hydroballistics. To perform the aerodynamic design and development of hypervelocity wind tunnels and ballistic ranges.

Mechanical Engineers to conceive, design, develop and test arming and target detecting devices for tactical and strategic missiles, underwater weapons, rocket motors, jet and aerodynamic controls, complex vehicle structures, and mechanical or electromechanical time and motion-sensing mechanisms.

Electronic Engineers to design and develop underwater communications and detection systems, weapon guidance systems, influence fusing, airborne missile systems, instrumentation for weapons evaluation and aeroballistic research. To perform new concept feasibility experiments.

Physicists and Mathematicians to conduct basic and applied research in underwater acoustic effects, oceanography, electromagnetic and infra-red radiation, magnetic and semi-conductive materials. To perform analytic studies of weapons systems. Mathematicians to conduct numerical analysis, programming and trajectory plotting.

Interested?

An NOL representative will be on campus

November 4, 1965

Contact your Placement Office for interview.

Summer Professional Employment Opportunities are available for outstanding graduate students and students who have completed their third year in engineering or physical science. **Princeton Freshman Squad Wins in Final Minute**

The Penn fresmen battled the Princeton youngsters for winnowing on even terms for 58 minutes, as the Knights were to be outplayed. The Princeton squad led by their work in the final 10 minutes of the game, but two fumbles were enough to allow the Tigers to emerge victorious.

**March**

(Continued from page 2)

Mr. Joseph Shailer, a communication expert for the Pennsylvania Railroad, regretted that the ex-commissioner of civil rights in Vietnam was fighting for civil rights in Vietnam, and pointed out that one of the first actions of the Communist forces in the North was to destroy religious leaders.

Shailer cited the mass exodus of people from North to South Vietnam when the border between the two countries was open, as well as heavy desertions of Vietnam soldiers as evidence that a great majority of the South Vietnamese are opposed to the Vietnam war.

Tigers Bunched

Princeton then came in a group. They took fourth, fifth, sixth, seventh, and ninth. That was enough to allow the Tigers to emerge victorious.

(Continued from page 4)

The natural body said this was not the reason the chapter was dropped, however. Because of the Stanford incident, which prompted Commissioner of Education Francis Keppel to warn that any institution of higher education allowing fraternities or sororities to discriminate would not qualify for federal funds, Sigma Chi is now under scrutiny at campuses across the nation.

At Yale University, the Phi Gamma Delta fraternity chapter just voted to go local in opposition to its national's membership selection policies. The chapter had pledged the first Negro in the history of the national last spring and had subsequently been subjected to heavy pressure from the parent body.

The chapter, which is Sigma Sigma Sigma sorority in the Catholic University of America in Washington, D.C., is being reviewed by the Phi Gamma Delta national. Its local chapter had just joined in May. Pam Bull, chapter president, said the division was made after some chapter members attended the sorority's national convention in New York City.

"During the convention," she said, "[I discovered policies of the organization which had not been made known to our group when we joined."

**Court Backs MSU Student**

**Frosh Harriers Excel; Quaker Varsity Trails**

The Penn Freshman Harriers romped to their fifth straight victory Friday over a three-mile Fairmount Park course.

The victory came in a meet against Columbia and Princeton.

The Quakers had five finishers in the first ten and finished with 23 points. Princeton was second with 26 and Columbia trailed with 80.

First in the race in the time of 15 minutes 13 and 1/2 seconds was John Melkonian from Columbia. Following him were three Penn Harriers, Bill Caldwell who finished second, Bill Kease in third, and Lloyd Shaffelman in fourth place. The next Quaker to finish was Ed Podhorn in sixth and he was followed by Joe DeMaio in eighth.

The Penn varsity did not fare as well against the same opposition over the five-mile Fairmount Park course. Princeton won the triangular meet with a score of 31 points. Columbia led 48 and the Quakers trailed with 83.

Because of the Stanford incident, which prompted Commissioner of Education Francis Keppel to warn that any institution of higher education allowing fraternities or sororities to discriminate would not qualify for federal funds, Sigma Chi is now under scrutiny at campuses across the nation.

At Yale University, the Phi Gamma Delta fraternity chapter just voted to go local in opposition to its national's membership selection policies. The chapter had pledged the first Negro in the history of the national last spring and had subsequently been subjected to heavy pressure from the parent body.

The chapter, which is Sigma Sigma Sigma sorority in the Catholic University of America in Washington, D.C., is being reviewed by the Phi Gamma Delta national. Its local chapter had just joined in May. Pam Bull, chapter president, said the division was made after some chapter members attended the sorority's national convention in New York City.

"During the convention," she said, "[I discovered policies of the organization which had not been made known to our group when we joined."

**Frosh Harriers Excel; Quaker Varsity Trails**

The Penn Freshman Harriers romped to their fifth straight victory Friday over a three-mile Fairmount Park course.

The victory came in a meet against Columbia and Princeton.

The Quakers had five finishers in the first ten and finished with 23 points. Princeton was second with 26 and Columbia trailed with 80.

First in the race in the time of 15 minutes 13 and 1/2 seconds was John Melkonian from Columbia. Following him were three Penn Harriers, Bill Caldwell who finished second, Bill Kease in third, and Lloyd Shaffelman in fourth place. The next Quaker to finish was Ed Podhorn in sixth and he was followed by Joe DeMaio in eighth.

The Penn varsity did not fare as well against the same opposition over the five-mile Fairmount Park course. Princeton won the triangular meet with a score of 31 points. Columbia led 48 and the Quakers trailed with 83.

Mr. Joseph Shailer, a communication expert for the Pennsylvania Railroad, regretted that the ex-commissioner of civil rights in Vietnam was fighting for civil rights in Vietnam, and pointed out that one of the first actions of the Communist forces in the North was to destroy religious leaders.

Shailer cited the mass exodus of people from North to South Vietnam when the border between the two countries was open, as well as heavy desertions of Vietnam soldiers as evidence that a great majority of the South Vietnamese are opposed to the Vietnam war.

The national body said this was not the reason the chapter was dropped, however. Because of the Stanford incident, which prompted Commissioner of Education Francis Keppel to warn that any institution of higher education allowing fraternities or sororities to discriminate would not qualify for federal funds, Sigma Chi is now under scrutiny at campuses across the nation.

Princeton Defeats Quakers 51-0; Gogolak Breaks NCAA Record

By DAVE SACHS

The Tiger gridders defeated Penn 51-0, at Princeton last Saturday. It was the fifteenth straight win for the 1964 Ivy League champions. The Orange and Black rushed for 252 yards and passed for 144 yards. Penn's Charley Gogolak completed one pass for 14 yards, but the Orange and Black's defense allowed only 13 yards of offense. The Red and Blue's defense was led by Bob Weber's running and passing, which set up a 43 yard Gogolak field goal. The Quakers were held to only 167 yards of total offense.

The Princeton offense was led by Fullback Bert Kerstetter, who scored two touchdowns, and quarterback Bill Harrison, who completed 13 of 20 passes for 218 yards. The Orange and Black defense was led by linebacker Sack, who had 14 tackles and two sacks, and safety Harvey, who had 12 tackles.

The Red and Blue's defense was led by linebacker Peter Gill, who had 11 tackles, and safety Bill Potter, who had 10 tackles. The Princeton offense was led by quarterback Bill Harrison, who completed 13 of 20 passes for 218 yards. The Orange and Black's passing game was led by quarterback Bob Weber, who completed 10 of 16 passes for 144 yards.
