Student Committee Votes for House Plan

By WILLIAM BURCHELL

The Student Advisory Committee on Housing Recommendations has endorsed implementation of the House Plan, and investigation of possibilities for private assistance in the Plan's development.

The committee's report states that "though financial difficulties have virtually eliminated the plan as originally conceived, the Committee does not feel that a House Plan cannot be constructed which would include educational and integrative functions, as well as housing functions."

The report, released yesterday, which Hill Hall is the first building, "fulfills the essentials of a House Plan," but that "less elaborate plans could also meet the criteria of the House System."

Thomas Perloff, the committee's chairman, said: "something more economical and just as functional." The committee's recommendation was to "fulfill the Plan's goal of the "social stratification" of students, while providing a "multi-functional unit" which would "allow for diversity of interests." The report will be considered by the University Council at a meeting tomorrow, together with a report of the Advisory Committee on University Housing Policy, and administrative group.

Alan Codding, a member of the Perloff committee, noted the importance of a House Plan, which provides "two levels of contact," and "the concept of contact with residents in the same house." "The importance of associations encountered elsewhere in the residence halls, "Codding said.

The Committee report urges University encouragement of residence halls and campus apartments for graduate students which would not be financially available to them. "The report emphasized that "for undergraduate housing would not be used."
The Generals Hold the Winning Cards in Vietnam

SAIGON, South Viet Nam (CNS) -- American officials, the press
and South Viet Nam's military, are setting the stage here for a
dramatic transfer of power from military junta to elected civil-
government. The junta's government, under the leadership of Gen.
Nguyen Van Thieu, is the product of a new Constitution ready here.

Local elections are scheduled here on Sunday for an estimated 39
per cent of the country's hamlets. By September 21, which gives the

Freedom of the Wall

Sunday's "paint-out" was the most obnoxious display of intellectual intolerance exhibited on this campus since a gatet of hooligans attacked an anti-war picket line here one year ago.

When a party of night-riding Know Nothings took upon itself the task of keeping the campus clean and pure and free of what it called "impropriety and sacrilege," it knew that it had to go "right to do so. No law or rule in the books allows one group to paint anti-war posters on a construction wall while bidding another group to paint them out.

There is, however, an old-fashioned American Tradition called freedom of expression. That tradition has always suggested to most of us that anyone be permitted to write or publish anything that his heart desires, so long as he does not counsel violent overthrow of the government (and even that reservation has been made).

None of those panels appeared nearly so offensive as the young militants who removed them Sunday night. Not one was quite as obscene as the old lady who stood on the sidelines, grilling the Know Nothings in every possible intemperate insult.

Obliterating "distasteful" graffiti is very much akin to burning "distasteful" books. The self-proclaimed censors could better have registered their disapproval by responding to the slogans they deemed "distasteful" via the proper medium.

Self-appointed censors is a recurrent theme in American cultural history. Vacuous jingoism has always manifested itself at the times when we have been least convinced of the rightness of our foreign policies. Academic censorship has always accompanied that jingoistic fervor.

Today citizens of this country are engaged in a foreign policy debate. A responsible and growing minority has expressed grave doubts as to the propriety of our present policies in Southeast Asia and indeed in trouble spots around the world.

And the chauvinists have reacted inevitably as they always react; i.e., with a "my-country-right-or-wrong" attitude, and, worse yet, through the totally negative reaction of censorship without response.

Steven Kuromiya, originator of the Vietnam war protest "paint-in" has suggested that advocates of present American policy get together with his group and arrange a "wall-painting dialogue." Opponents in the debate would be given alternate panels on which to paint their feelings and positions. The idea has merit. It certainly makes more sense than the Sunday "Paint-In-Paint Out." However, one got the feeling that those responsible for "painting out" the "Paint-In" had not really considered a response. Perhaps some of their cohorts have.

Monday morning's "paint out" of Sunday's "paint in" illustrated more juvenile and inarticulate behavior than one would ever hope to see, particularly on a college campus.

Several fundamental principles, previously assumed and understood, are called into question as a result of the "paint out." Respect for individual opinion and the right to free expression form the essential bases of a democracy. Without these privileges, society as we know it cannot exist. As citizens of a democracy, it is our responsibility to maintain and uphold these privileges.

Whether or not one agrees with the opinions of the students who participated in the "paint in" on Sunday, there is no question that they had every right to express their views in this manner. While the students who staged the "paint out" have an equal right to their views, they exhibited total irresponsibility in their smear of the anti-war protests. The "paint out" represents a flagrant violation of the most basic ingredients of a democratic society. How has this happened to an idealistic youth? The expression of a democracy should be idealized in a campus environment.

Letters to the Editor

BOOK-BURNING NEXT?

Editor, Daily Pennsylvanian:

Whether or not university students share the opinions presented on the wall (and how can anyone disagree with PEACE?), it is inconceivable to us that supposedly well-educated people can destroy, without giving a valid expression of opinion. If the young men in question feel so strongly about their views, why do they not support them the open during the day, and take the responsibility for their actions? Anony mous action, as such, has been more truly representative of systems of government alien to the United States, to

**Morgenthau: Cold War is Still Raging**

**By William Burchill**

The "Cold War" is not ending, although, "there is an abatement of ideological commitment today in relations between the United States and the Soviet Union," said Professor Hans Morgenthau said Friday night in Irvine Auditorium.

In the first session of the International Affairs Association's National Conference on the U.S.S.R., the former U.S. ambassador to the United Nations said that he was glad so much interest had been shown by the faculty. He suggested that there be another panel discussion. Some observers recalled U.S. Commission of Education Harold Flowers' quip that panel discussions are the real enemy of progress: "They lead only to more bigger and better panel discussions."
Who determines what your life shall be? What determines the real nature and destiny of man? If it be God, then there is more to prayer than mankind dreams, and every trial in our lives is an opportunity to discover man "in His image."" — Lyndan B. Johnson

Golfers to Face Rutgers After Loss at Lehigh

By DAN KAPLAN

In a match that went down to the wire, Lehigh, defending MAC champion, nosed out the Quaker golfers, 43-43, Friday in Bethlehem.

After six matches completed the score stood 3-3 with Penn's number one man, Bob London, still out on the course. Spring, who had been down by as much as three holes, managed to even the score up at the 18th. He fought his Engineer opponent through the 20th, but couldn't keep up the momentum, losing on the 21st hole and giving Lehigh the victory.

Coach Bob Hayes was extremely pleased with the team's performance as of late. "Spring played remarkably well; we almost pulled off an upset." Arthur Kern returned to form after his first match of the season to Lehigh, last season, by beating his number one opponent, 5 and 4.

Sophomores Craig Weatherly and Bob Hoye also turned in easy victories in the 5th and 7th holes, but neither Dave London nor Ted Lingenheld managed to pick up wins at the top of the line-up.

"In order to win we have to take our two out of the top three matches, the experienced players to relieve the pressure of the more inexperienced golfers at the bottom," remarked Hays.

London continued to have problems with his game losing his fourth match of the season against a fellow rookie. Bill Burns, our top netter for the past two seasons, and Wes Overton, the other co-captain, have been playing against each other for the past two seasons, and Wes Overton took the top spot from London this afternoon. The Scarlet Knights lost to Penn, 6-1, last year, but Hays looks for a much rougher match today, returning numbers one and two, All-American candidate Bob Marosik coupled with former number one man, who returned to the third position after a one match at the second slot, dropped his first match of the season 2 and 1. Frosh Netmen Swamp Navy As Curry and Bellis Excel

If the frosh netmen's performance this past weekend is a good indication of their play in the future, then Princeton ought to take notice.

Led by Hugh Curry and Matt Bellis, the Quakers assaulted Navy 9-0 on the Middie's court today.

Navy's veteran Tennis Coach Bill Powell have been matched up this season.

The Quakers hit the road again as they meet Rutgers in New Brunswick, N.J. today. The Scarlet Knights lost to Penn, 6-1, last year, but Hays looks for a much rougher match today, returning number one and two, All-American candidate Bob Marosik coupled with former number one man, who returned to the third position after a one match at the second slot, dropped his first match of the season 2 and 1.

The Middie coach has alter- cations.

The pitching department is one of Navy's strongest, as coach Donahue has six hurlers on the club--headed by starter Rick Miller. Miller currently has a 1-1 rec-
