NSA hits University involvement

By DEBBIE JAMESON

A National Student Association (NSA) official, here today to defend the organization, charged yesterday that the University students have failed to involve themselves in the Philadelphia community.

"There is no co-ordination between the University and the community," charged Mary Lou Oates, NSA director of public information and an alumna of the College for Women.

Miss Oates will appear for a formal debate with members of UPSG to discuss the relevance of the NSA membership to the University at 8 P.M. in Stiteler Hall.

"The problem with Penn is not so much a matter of apathy, but that everyone is involved in his own small thing," she said. "The students and faculty are conscious of being part of the Establishment, and they like it."

She also deplored the way the student government system is "phenomenally paternalistic."

"There is no co-ordination between the University and the Establishment, and they like it.""

"I'm a hawk on the Middle East, and I'm an Israeli hawk. I honestly think someone has to teach those Arabs a lesson. They're licked and they're going to stay licked."

Clark urges halt to firing in Vietnam

By BERL SCHWARTZ

Sen. Joseph S. Clark, speaking in Houston Hall yesterday, declared himself a dove on Vietnam and a hawk on Israel.

"It's not so much a matter of apathy, but that everyone is involved in his own small thing," he said. "They're licked and they're going to stay licked."

Clark, whose talk in Houston Hall's West Lounge was sponsored by the campus Young Democrats, predicted that the shooting would end in Vietnam by the autumn of 1968.

"The cease fire, he said, would come about by the President's "one day announcing that he's stopped the bombing and saying we want peace more than anything else.""

He claimed that Johnson has continued to escalate in Vietnam because he "is still relying on those horrible hawks who surround him in the White House."

The cease fire, he said, would come about by the President's "one day announcing that he's stopped the bombing and saying we want peace more than anything else.""

Clark urges halt to firing in Vietnam

By BERL SCHWARTZ

Sen. Joseph S. Clark, speaking in Houston Hall yesterday, declared himself a dove on Vietnam and a hawk on Israel.

The best way to get out of Vietnam with honor," Clark said, "is stop bombing in the North, stop firing in the South, and persuade General Ky to do the same."

"I'm a hawk on the Middle East, and I'm an Israeli hawk. I honestly think someone has to teach those Arabs a lesson. They're licked and they're going to stay licked."

Debate tonight to start pre-NSA referendum

A campaign mounted by John Mahon, UPSS Assemblyman, and Kathy Walker, head of the UPSS External Affairs Committee, to present both sides of the NSA issue will precede the referendum on Nov. 29 on the University’s membership in the National Student Association (NSA).

The campaign will begin with a debate tonight in B-26 Stiteler Hall at 8 P.M. between Mary Lou Oates, NSA campus liaison, and director of public information, Tom Lamont, president of the University Student Association (NSA) for the opposition.

The campaign will begin with a speech on Nov. 7 or 8, probably at the Christian Association, and continue membership in the organization.

Further planned pre-referendum activities include a speech on November 9 or 10, probably at the Christians Association, and a speech on Nov. 21 by Ed Schwartz, President of NSA, in W-1 Dietrich Hall. After the speech, Mahon said, “Bob Feinberg’s committee, who are divided on the issue, will tell their story on NSAs.”

The objections being raised against NSA are that it is run by a minority, that it is becoming political when it should be non-political, that it is becoming a planetarium, a pool, an orchestra hall.

The objects being raised against NSA are that it is run by a minority, that it is becoming political when it should be non-political, that it is becoming a planetarium, a pool, an orchestra hall. The University will not defend its championship this Saturday its Intercollegiate Chess Team, which will be held in Houston Hall.

The University Chess team will defend its championship this Saturday when the Pennsylvania Intercollegiate Chess Champions will be held in Houston Hall. The University Chess team will defend its championship this Saturday when the Pennsylvania Intercollegiate Chess Champions will be held in Houston Hall, according to the thought of the chess master and captain of the Olympic chess team, who are to judge the five rounds of competition.

The University team was ranked sixth nationally by the Intercollegiate chess league of America. MIT is ranked first by the thought of the chess master and captain of the Olympic chess team, who are to judge the five rounds of competition.

Sen. Clark calls for bombing end

(Continued from page 1) and in the State Department." He said that the Senate will soon consider a bill which would allow only a national commitment such as Vietnam with "concurrence of legislature."

Concerning China, Clark — a Democratic Senator from Pennsylvania the last 12 years — said he would admit China to the United Nations and "teach them their manners and wash their mouths out now and then."

Discussing the recent fighting in Israel, Clark said, "I would have blown the dickens out of that oil refinery. Everytime they (Egypt) sink an Israeli freighter, Israel should hit them back just as hard."

Lotz and police

(Continued from page 1) demonstrators when a man who had just left the hundred-dollar a plate Tate dinner began to curse and strike him, Lotz reported.

Lotz said that the police dragged him across the street while they asked them to arrest the assailant.

Pictures of the alleged attack were shown in Wednesday's issues of the Philadelphia Bulletin and the Daily Pennsylvanian. Lotz said that George Fencel, head of the Civil Disobedience Squad, denied any knowledge of the fight when contacted. Fencel later revised his statement to say that his men had been unable to capture the assailant.

Police Sergeant Joseph Davis is pictured holding the assailant in the Bulletin photo. Lotz, a senior in the College, reported that he will register an official complaint at the police department and press charges against his attacker.

"I want the police to give me the name of the assailant," he said, "and if they can't, I want to know why they didn't get it when they had the chance."

Oxford Tweed — the latest from Hathaway

Hathaway's weavers throw up their hands when we told them what we wanted in the Oxford Tweed. "Can't be done," they said, with a huff of finality.

"Can be done," said Hathaway, showing them an ancient swath of hand-woven English fabric dug out of the fabric archives. And done it was, resulting in the bright, warm colors of Oxford Tweed that are perfect for class and dates.

Hathaway's Oxford Tweed collection is made in cool cotton for softness and durability. The Club Button-Down collars have a soft roll. The back has a box pleat. The body is tapered for neat fit. (By Hathaway standards, all other shirts are mass-produced. Every Hathaway shirt is hand-tailored. That's why they cost a little more.)

C. F. Hathaway, Waterville, Maine. Hathaway® is a division of The Warnaco Co. In cooperation with the Cotton Producers Institute.

It's getting better

Shortly, the women of the junior class at the University will have the option of living in apartments, sororities, or dormitories. After the expected approval of the new policy by the Committee on Residence Operations (CRO) and by Vice-Provost for Student Affairs A. Leo Levin, applications for permission to live in apartments will be accepted by the Office of the Dean of Women.

This extension of a long standing policy, which has been long overdue. There is no logical reason that a woman with a year's additional tenure in the College has been long overdue. There is no question that the trend in student thinking is time to go back to the apartment.

At the same time, it seems hard to justify a distinction between junior and sophomore women, and between sophomore and seniors. Apartment server has suggested that if all students were given the choice, a significant number would move out of the dorms.

It is unclear whether this would be because of the lack of privacy and security, or because of disgust with outmoded rules, but it is an estimate that merits looking into.

At the same time, the University's reluctance to let women out of the dorms has been hard to justify, because that the apartment market would be overburdened and the suspicion that the dorms would have to go out of business.

There is no question that the trend in student thinking is time to go back to the apartment. There is no question that the trend in student thinking is time to go back to the apartment. There is no question that the trend in student thinking is time to go back to the apartment. There is no question that the trend in student thinking is time to go back to the apartment.
The Record Rack

Found: a new sound

Little Games. The Yardbirds (Epic)

In three performances the Yardbirds still play the songs recorded on their earlier "Rave-Up" album, but on record the group is exploring new combinations of instruments and new types of material. "Little Games" is a continuation and an improvement on the experimentalism of "Over Under Sideways Down." The four Yardbirds make use of techniques available only in a recording studio on a droning chant called "Glimpses," but they continue to do very well with original rockers like "Tinker, Tailor, Soldier, Sailor" and with the pendulous, folk-styled "Only the Black Rose." A few of the songs don't hold up, but there is enough quality here to make "Little Games" the Yardbirds' best collection since "Rave-Up."

An Evening with Baris Kartoff and His Friends (Decca)

"I never drink—wine," says Dracula to Mr. Renfield. Bela Lugosi died in 1956, but his voice, with straight rockers like "Over Under Sideways Down." The four Yardbirds make use of techniques available only in a recording studio on a droning chant called "Glimpses," but they continue to do very well with original rockers like "Tinker, Tailor, Soldier, Sailor" and with the pendulous, folk-styled "Only the Black Rose." A few of the songs don't hold up, but there is enough quality here to make "Little Games" the Yardbirds' best collection since "Rave-Up."

The MBA is valuable as our management future. We need competent young men who can move quickly into management decision-making positions and grow with us. The men selected will develop at an accelerated pace in the business environment. They will have intense exposure to a wide variety of business and professional disciplines offered by the University. The MBA program is designed to prepare students for management positions and decision making roles in a variety of business environments. It is a rare student whose spy-crafting course is just a trifle behind the action.

The Daily Pennsylvania announces with great pleasure the re-entry into season of the world-renowned Course Guide. Read during the off-season for its entertainment value, the Course Guide takes on new and perhaps more important meaning at this time of year. The courses offered the student at Pennsylvania are multiple, and it is a rare student whose spy system is up to the very difficult task of sifting out each course.

It is imperative then, if you wish to escape the clutches of dull, boring, or even hard courses during the course of the spring semester, that you avail yourself of this opportunity to identify those courses from the guide. The 1967 Daily Pennsylvania the 1967 Daily Pennsylvania Course Guide. The Guide is available for the balance of this week in the offices of The Daily Pennsylvania.

The Guide is available for the balance of this week in the offices of The Daily Pennsylvania. Starting next week, it will be displayed prominently at various places on the pre-registration trail.

**PAGE SEVEN THE DAILY PENNSYLVANIAN THURSDAY, OCTOBER 26, 1967**
Penn harriers face Tigers and Lehigh

By MARK PEARLMAN

Under ordinary circumstances the Saturday meet with Harvard and Princeton could not present Penn harriers with any real problems, since the Red and Blue thinclads will be running with only one day's rest. However, the Red and Blue thinclads will be running with only one day's rest, and will provide a stern test of their conditioning.

The Engineers haven't had a winning season in cross country in ten years although they came very close last year with a 5-5 record.

Coach John Covert, who in his first year as a collegiate mentor after a phenomenal coaching career at Osing, N.J., High School, still has only three lettermen to form the nucleus of the team. Among these three are Steve Haas, Bill Succup and Tom Was, all juniors who ran well last year. In addition Covert can depend on two highly rated sophomores, Ed Carney and Don Parsons, to finish high in most meets.

Jerry Williams will lead the Penn runners in their two upcoming meets, the junior distance man to the most improved member of the team this year. After a slow start he has come on strong in the last two meets, leading the Quakers to victories against St. Joseph's and finishing fourth in the Yale meet.

The match, played under cloudy skies and a light drizzle, was a fairly even game until Curry connected at 146.0 of the first quarter. After that goal, Greg Dale, playing at center forward, scored at 1815 of the second period and Ted Krichels added another at 20.30. These last two goals were sandwiched around Eastern Baptists's only score by outside right John Whiteham at 18.30.

Entering the second half leading 3-1, Penn continued to roll as Curry picked up his 3rd goal of the season at 810 into the third period. Steve Whiteman boosted a long shot past the Baptists goalie, Bill Rightinger.

Penn continued to dominate the second half however and Krichels again scored the opening goal for the final margin of victory. The goal came at 3010 of the fourth quarter. Penn's goalie Dan Riegle had a fine job minimizing the Quaker shots, making 6 saves as the outplayed team from Eastern Baptist third, and one final tally in the last quarter to whip their foes from Valley Forge.

The victory gave the Red and Blue a 3-1 record on the season, while the loss dropped Baptists to 4-4 on the year.

**CORNING SUMMARY**

Penn Kuchta 2810

**Wrestling**

All freshmen and sophomores increased in heeling wrestling management should to fill the Havemeyer at EV-2-9298 any afternoon or evening.

at the present time slated to

Under ordinary circumstances the Saturday meet with Harvard and Princeton could not present Penn harriers with any real problems, since the Red and Blue thinclads will be running with only one day's rest. However, the Red and Blue thinclads will be running with only one day's rest, and will provide a stern test of their conditioning.

The Engineers haven't had a winning season in cross country in ten years although they came very close last year with a 5-5 record.

Coach John Covert, who in his first year as a collegiate mentor after a phenomenal coaching career at Osing, N.J., High School, still has only three lettermen to form the nucleus of the team. Among these three are Steve Haas, Bill Succup and Tom Was, all juniors who ran well last year. In addition Covert can depend on two highly rated sophomores, Ed Carney and Don Parsons, to finish high in most meets.

Jerry Williams will lead the Penn runners in their two upcoming meets, the junior distance man to the most improved member of the team this year. After a slow start he has come on strong in the last two meets, leading the Quakers to victories against St. Joseph's and finishing fourth in the Yale meet.
