Penn recruiting Blacks, poor, small-town youth

By Barbara Slopek

From pastoral villages to rundown ghettos, from the Appalachian mountains to the remote towns of the West, the University of Pennsylvania is recruiting blacks, poor, and small-town youth.

We're not only looking for bright kids, but for students who will add to our cultural and economic diversity. We also think these students are different in a racial sense. Many have been forced to flee the south to escape the racial tension, and they are not accustomed to the same discrimination that they faced in the South.

We're interested in students who are interested in joining the University's diverse community, which includes students from all over the world. We are interested in students who are willing to share their experiences and perspectives with others.
At no other time have I seen more conglomerate of young people under man. The crowd downtown was a

WE THE UNDERSIGNED, AS AMERICAN MEN OF DRAFT AGE, MAY BE ASKED BY OUR GOVERNMENT TO PARTICIPATE IN THE WAR IN VIETNAM. WE HAVE EXAMINED THE HISTORY AND THE NATURE OF THIS WAR, AND HAVE REACHED THE CONCLUSION THAT OUR PARTICIPATION IN IT WOULD BE CONTRARY TO THE DICTATES OF OUR CONSCIENCES.

WE THEREFORE DECLARE OUR INTENTION TO REFUSE MILITARY SERVICE WHILE THE UNITED STATES IS FIGHTING IN VIETNAM. OUR INTENTION IN SIGNING THIS PETITION IS TO UNITE WITH OTHER DRAFT-AGE MEN WHO SHARE OUR CONVINCIONS, IN ORDER TO TURN OUR PERSONAL MORAL REJECTION OF THIS WAR INTO EFFECTIVE POLITICAL OPPOSITION TO IT.

WE SUPPORT THOSE WHO WON'T GO
WE THE UNDERSIGNED BELIEVE THAT OUR COUNTRY'S INVOLVEMENT IN THE WAR IN VIETNAM IS UNJUST AND IMMORAL AND THAT NO YOUNG MEN SHOULD BE FORCED TO PARTICIPATE IN SUCH A WAR. WE SUPPORT THOSE WHOSE CONSCIENCE LEADS THEM TO REFUSE ENTRY INTO THE ARMED FORCES OF THE UNITED STATES, WHILE OUR TROOPS ARE ENGAGED IN THIS WAR.

Carpeting to replace Franklin Field grass

By AL BAGDAY

National television viewers saw two football fields Thursday night in the Georgia Tech-Oklahoma State game. That is, two football fields - one in Atlanta, the other in Oklahoma City. The latter, an AstroTurf field, cut into the Blue Skyscraper was, for all intents and purposes, as good as a natural surface. The former, a British-built grass field, was cut into the Georgia Tech field and, except for the color, was as good as the AstroTurf field. The Astroturf was used in the Georgia Tech game, and its look and feel were such that few could tell the difference between the two fields. The Astroturf field was used because the grass field would not be ready in time.

The astroturf field is made up of a network of small fibres, each of which is woven into a grid-like pattern. The fibres are made of a synthetic material, such as nylon or polyester, and are woven into a web. The web is then covered with a layer of rubber to protect the fibres from the elements. The surface is then cut into small squares, each of which is about 12 inches by 12 inches. The squares are then glued down to the ground, creating a stable and durable surface. The Astroturf field is used for a variety of sports, including football, soccer, and baseball. It is also used for a variety of other purposes, such as recreational areas and parks.
