UNDEFEATED QUAKERS BEAT CRUSHERS AT CAMBRIDGE

The undefeated Quaker football squad faced the unbeaten Harvard Crushers in a snowbound game Saturday afternoon at Cambridge. Pennsylvania has had no more than one win on their record for many years and the Harvard team is coming off a loss to the unbeaten Yale squad. The Quakers are 3-1, the Crushers 2-0-1. The weather was a distinct factor in the game, and many of the spectators were forced to sit in the snow with their backs to the wind. The Quakers were to play against a powerful Harvard squad and relying on the strength of their forward line they were able to score three goals in the first half. The second half saw little action and the final score stood at 3-0 in favor of the Quakers.

COMMITTEE ASKS UNIV., TO CANCEL DOW & CIA INTERVIEWS

The Faculty Committee on War and Peace, chaired by sociology professor Philip F. Proctor, decided at a Thursday afternoon meeting to request the University to cancel the impending recruitment interview by the Dow Chemical Company and the Central Intelligence Agency. The committee voted unanimously that these interviews be stopped.

BUSES WILL LEAVE HILL HALL TOMORROW AT 5 A.M.

Over 100 tickets have been sold for the Quaker-Crusher game today, and the administration announced that the bus service to Cambridge will be arranged. The bus service is planned to leave from Hill Hall at 5 a.m. and will transport all those interested to the game location. Tickets are available at the Student Government Office for $2 each.

COMMUNIST GUNNERS FIRE ROCKETS INTO SAIGON

Communist gunners fired at least 14 rockets into Saigon Thursday and continued their shelling of the city. The shelling--first since Aug. 22—began at 9:30 P.M. Thursday with a barrage of seven powerful rockets into scattered sections of the city. The bombardment lasted for almost an hour and was the first since the United States declared a bombing halt in the north of Vietnam. The rockets were fired from the southern part of Saigon.

PHILIP POCHODA, DEC. 5

Philip Pochoda, decided at a Thursday afternoon meeting to request the University to cancel the impending recruitment interview by the Dow Chemical Company and the Central Intelligence Agency. The committee voted unanimously that these interviews be stopped.

Johnson orders bombing halt

President Johnson orders the bombing halt and suddenly it was like the Christmas Eve of 1967. The President's announcement came as a surprise to many people. The bombing had been going on for weeks and there was no indication that it would be stopped. The announcement brought a wave of joy and relief to those who had been on the edge of despair.

President Johnson's announcement was made in a special address to the nation. He said that the United States government had decided to halt bombing in Vietnam for 90 hours. The announcement was made at 10 a.m. on Friday, Nov. 7, and it was effective immediately.

The President said that the decision had been made after consultations with his top advisers and that it was a response to the wishes of the American people. He added that the United States government had been working on a plan for a bombing halt for several weeks and that it had been decided to order the halt immediately.

The announcement was made at a time when the United States was under increasing pressure to end the war in Vietnam. The bombing had been going on for months and there was growing opposition to it in the United States.

The President said that the bombing halt would be effective on Saturday, Nov. 8, and that it would last for 90 hours. He added that the United States government would continue to take steps to stop the North Vietnamese from launching rockets and mortars.

The announcement was welcomed by people all over the country. It brought a wave of relief and joy to those who had been on the edge of despair. It was seen as a step towards ending the war and bringing peace to Vietnam.

that fresh initiates get involved. Participation but seem to want others to do it for them; it is time measures in the University. The committee obviously 10 students to appear before it to discuss disciplinary etc. to the Dean of Men's of Women's office in Logan Hall.

We urge students to consider this committee as a good place for dialogue to be initiated and reach high places faculty-administration super-committee which provides a

The Harvard plan has an interesting side-effect, which may recommend the plan to those who would like to end Dow's production of napalm. Dow will send someone to speak at Harvard this year—but will not recruit. Of course, Harvard students may apply to Dow but it will be more difficult and will most probably discourage many who can more easily talk to Du Pont and Monsanto on campus.

If enough high-quality institutions decide that Harvard's plan is a good one, Dow realizes as has, its recruitment program may be severely hampered and may cause the company to reconsider its policies, as it has indicated it would do if necessary. Dow reacted as it has, its recruitment plan is a good one, andDow reacts as it has, its recruitment is so hampered that it will produce napalm as long as the United States government asks it to or until its recruitment is so hampered that it will be severely hampered and may cause the company to reconsider its policies, as it has indicated it would do if necessary.

The real fear

By MARK LIEBERMAN

that the war effort by producing equipment and weapons which will produce napalm as long as the United States government asks it to or until its recruitment is so hampered that it will produce napalm. In Torrence, Calif. Its policies in this regard are clear: it has "the finest reservoir of...".

OFFICIAL NOTICES

Our Edward Seidler will discuss employment opportunities in computer programming with the United States Information Agency, seminar style, in Houston Hall, Room 3, today, 3-4 P.M. Fast service all day, and motion pictures will be shown at 10 A.M. and noon.

CAMPUS EVENTS

ALL CAMPUS FORUM: The Edward Seidler seminar will be followed by a forum on campus, tomorrow, 8:00 A.M.-9:30 A.M., in Houston Hall, Room 201. Fast service all day.

UNIVERSITY OF VIRGINIA SCHOOL OF BUSINESS ADMINISTRATION: Fred J. Smith, Jr., Mr. Dean, will be on campus Tuesday, Nov. 5, to interview potential business administration students. For appointments, call the School of Business Administration, 222-2222.

OPPORTUNITIES STAFF: The Opportunities Staff will be on campus Tuesday, Nov. 5, to answer your questions about opportunities. Call the Opportunities Staff, 222-2222.

FABER AND FABER: A Faber and Faber representative will be on campus Tuesday, Nov. 5, to answer your questions about the Faber and Faber publishing house. Call the opportunities staff, 222-2222.

PENN PLAYERS: Needed: one pianist to play for rehearsals and performances of Gilbert and Sullivan's "Cox and Box". Sight-reading essential. All interested please call Fred Alden, 222-2222.

CDIV: Meeting Mon., Nov. 4, 7:30 P.M. to discuss plans for CDIV's 1969 season. Suitable for all students interested in spreading the word of the CDIV. Call John Lathrop, 222-2222.

CHORAL SOCIETY: Rehearsal and production planning for Fall, 1969. Come to rehearsal Mon., Nov. 4, 8:00 P.M., in Houston Hall, Room 201. Call Louis Kallmann, 222-2222.

TO الط OME: An open house on the campus. Meet the Dean and student groups. Call Louis Kallmann, 222-2222.

NOTICE TO THE CAMPUS:

Students planning graduate study in economics are invited to attend a seminar on the "Theory of Economic Growth," to be held Wednesday, Nov. 6, 7:30 P.M., in the C.A. 2nd fl. Call Louis Kallmann, 222-2222.

YOUTH FOR NIXON: A youth booklet on "The Important of the Nixon Presidency" will be given away to all students interested. Call the opportunities staff, 222-2222.

JUDICIAL COUNCIL: A hearing on the issue of curfew, last year, will be held today, Room VV-128, from 3-5 P.M. All those interested in revising the curfew regulations should attend. Call Louis Kallmann, 222-2222.

SUPPORTING SIGMA ALPHA LAMBDA PHI: As a show of support for the Sigma Alpha Lambda Phi, the Student Center will be open tomorrow, 10:30 A.M., 200 College Hall on "If it can be done now, it could have been done sooner." He said that after the joint presentation was made to the board, the board would be resumed if prompt and proper action were taken. Mr. Edward Seidler will discuss employment opportunities in computer programming with the United States Information Agency, seminar style, in Houston Hall, Room 3, today, 3-4 P.M. Fast service all day, and motion pictures will be shown at 10 A.M. and noon.

DeGerlia (Continued from page 9) may have been a 'maverick'--discretely con- fiding the plan to me before his death, I was told.

DeGerlia was trying to serve as an inter- mediate between the Viet Cong and the American government for a separate peace agreement. He was interrogated and sentenced to a term of imprisonment. During his stay in a Vietnamese prison, DeGerlia refused to sign a confession and was sentenced to a term of imprisonment. He was released from prison in 1973.

DeGerlia was charged with espionage and other crimes and faced the possibility of a long prison term. However, he was later released and began working as a private investigator in the United States.

DeGerlia (Continued from page 11) would be a right-wing ideologue, DeGerlia was accused of espionage and other crimes. He was arrested and faced the possibility of a long prison term. However, he was later released and began working as a private investigator in the United States.

DeGerlia was a member of the Communist Party and had been involved in various political activities. He was later released and began working as a private investigator in the United States.
Quaker gridders seek sixth straight at Cambridge

Defensive battle is anticipated

By Howard Töpfl

Pennsylvania's worst team in the four-game Ivy season was once again the Harvard football team. And if coach Bob Gurrill's Quaker squad are to continue their recent success, they'll have to keep their eye on the Ivy League leaders, who are currently ranked second with Harvard and Yale, The lid on Division Two.

The Crimson field game in the country in the past two weeks in favor of their opponents already this season. The Crimson defense that has shut out the Harvard booters had a 22-19 triumph over Penn's team this fall, and that's the strongest thing that has happened in years.

If it's a good thing for everybody, but it has to be the present for George Burrell. Last year, both the Harvard and Cornell have been doing on their lines for years.

But this year, George has risen in meteoric fashion. Of course he has been more of a celebrity, not the way he was when he was a freshman on the varsity last year, but this year, George has been the star of the show.

The conversation, however, always flows back to Harvard. Burrell is amused by all the attention he's been getting, but he's not the only one.

Last year Harvard forced the ball out of quarterback Kirk Cline 12 times in 13 aerials good for 129 yards. After the Harvard backfield, he commented.

"It's probably the big game of the season," he says, "and people are getting excited about it.

The Harvard defense that has shut out the Penn team this fall, 22-19, as well as five assists. Solomon has scored five goals and two assists.
