University gets $150,000 for black community programs

The University has received a $150,000 grant to support its work on black community programs, with the money coming from a grant to the University by the Ford Foundation. The grant, which will be used to fund a variety of programs throughout the country at 6 P.M. Dec. 24 and last for 24 hours. Previous years, as an effort to deny the Viet Cong a propaganda victory at the Paris talks.

Klein to speak on Nixon economics

J. Lawrence Klein, economics professor, will speak on "Forseeing Nixon's Economics" tonight at 8 P.M. in Room 103, Maness Hall. Klein has been an economics professor for the last five years, the economics professor for the last five years, the economics professor for the last five years, the economics professor for the last QUESTION: What does the doggie man do during the week? —Ruth Siegel

Tuesday, December 3, 1968

ACTION Line still thinks something is rotten in Denmark. If they charge for a Free U. course and that anyone who is doing so "will be bounced right out." He did check with the person made. If there is any problem, call John Mahon at SA 6-6534 after 10 P.M.

The University's chattered over the University's graduate students to keep out of the campus store. If they do not, the university will close the store. The store is operated by the student body, and the students who work there are unhappy with the policy. They believe that the store should be open to all students, not just graduate students.

San Francisco state re-openings

A white youth and a Negro youth were arrested for throwing rocks from atop the California building.

Uniformed officers stationed in hallways prevented the militants from entering classrooms. However, the demonstrators continued their protests. They demanded that the university administrators resign, that the police be removed from campus, and that the university be closed until the students' demands are met.

The demonstrators broke into the administration building and took control of the campus. They occupied the administration offices, where they demanded that the university administration resign. The administration was forced to resign, and the demonstrators marched across the campus Monday at the reopening of San Francisco State College.

Frosh cagers romp over Lehigh, 85-57, as Morse nets 20

BY MARVIN DAVIS

The Frosh quads romped to the varsity's first win in the second half as they defeated the Lehigh Engineers, 88-69, in their season opener at Gimbel Monday night at the Palestra.

I was pleased with our first game,” Trout commented on the winners’ dressingroom. “Dave Tritton single-handedly turned our season around. He did sparked the team with his hustling coming off the bench.”

The win marked the Frosh’s second straight as they6 remembered their past when they defeated the Engineers, 82-55, last week.

The Frosh players poured in their first 20 points before picking up their fourth personal foul and fell to 8-8. The Frosh then featured a 10-point lead over the Engineers, 50-30, as the fresh faces and drives were all there for even more points.

Christian and Falkenbach each scored 10 points, while Mike Drew scored 14. The Frosh were led by Greg Falkenbach, who scored 27 points in the second half. The Frosh lead twice reached 33 points and was 48-22 at the half. Calhoun, however, picked up his first personal foul at that point and was clear sailing from there.

Out at least until Kentucky

Andrews hurt in scrimmage

The Frosh will have a chance to win the Big Five again this week as they face Lehigh in the Palestra. The Frosh have scored 100 points or more in their last two games, and the Frosh have scored 100 points or more in their last two games.

Swimmers meet Lafayette in season opener at Gimbel

By STEVE LEVENE

The 1969 edition of Pennsylvania’s varsity and freshman swimming teams has been in print for several weeks and the first copy of what could become a fascinating season will be in the Gimbel Post this week.

Coach George Brasey has been gaining his team’s season-long experience for the first time in the fall and will continue to work through the winter months.

“Always count” will be the philosophy for the Frosh and Lancaster, and for also the Quakers who expanded the Frosh series to include only freshmen.

Pennsylvania’s men’s and women’s swimming teams have announced that they will hold a pre-season training camp at the end of August in the fall, and that the meet is open to the public.

The Frosh will be shooting for a third consecutive conference title, and the Frosh will be shooting for a third consecutive conference title.

The Frosh will be shooting for a third consecutive conference title, and the Frosh will be shooting for a third consecutive conference title.

The Frosh will be shooting for a third consecutive conference title, and the Frosh will be shooting for a third consecutive conference title.

The Frosh will be shooting for a third consecutive conference title, and the Frosh will be shooting for a third consecutive conference title.
