American ‘programmed’ for Whites, charges Woodruff

The Rev. James Woodruff, urban minister and leader in the Unitarian Universalist Church, demands establishment of American universities on the same principles as the University of Pennsylvania in an attempt to clarify the position of the University regarding the celebration of the Vietnam War Peace Center, 601 Walnut St.

Wallace responds to the uncertainty of pay hikes

By ALAN SALAK

Citing "lack of assurance" that salaries of mathematics faculty members would be raised sufficiently next year, Dr. Andrew Wal- lace, chairman of the department, offered his resignation Jan. 16, effective July 1.

Wallace, who also serves as president of the Student Non-violent Coordinating Committee, said he was forced to resign because of pay hikes that were not forthcoming.

Wallace, who was named chairman in Sep- tember, said he has "had no confidence personally felt he was doing a good job. This indicated continuing salary problems and refusal to settle them that is "irresponsible and unethical." Upon the request of Provost Goddard for his resignation, he said it is a racist "programed toward white folks" and against blacks.

Wallace said that chairman of a department offers recommendations on salaries of faculty members. He said the whole salary scale is undervalued, "The whole salary scale is undervalued," Wallace said, and that it has been examined by a number of sources. He also said that the University is anxious to be helpful.

As a white student, he is actually oppressed by his racist attitudes because his speech is "programed toward white folks" and against blacks.

OVERSTATING HYPERBOLE

Sir: I am a graduate of the Walnut St. Center and have tried to attack your issue in a manner to which I believed you needed to be exposed. I believe that you have overestimated the problem which you have proposed.

I believe that you have overstated the problem. I believe that you have been an individual who is not interested in the welfare of the community. I believe that you have been a person who is not interested in the success of the Walnut St. Center.

I believe that you have been a person who is not interested in the success of the University. I believe that you have been a person who is not interested in the success of the University as it applies to this one. A letter to the editor is no place to bring forth the nonsensical views of individuals who are not interested in the success of the University.

The article implies that when the Center is moved to the Powel or Drew schools the white children will have to be transferred to make room for the black children. Fencers' record at 3-0, triumph over Army

By ROB SAVET

Most sophomore fencers, especially the 3-0 team-victory novices, are in for a tough week of training and learning. With the first week of the season over, the squad is looking forward to a new challenge.
