HASK AND WIG PURCHASERS ASKED TO STOP THEIR CHECKS

Due to Tuesday's robbery of $3,000 from the office of performing arts administration, the Mask and Wig Club has requested that all purchasers stop their checks and deposit any bank charges involved in stopping payment on their checks. Chip Zia, chairman of the club, noted that the money raised over $900 in cash and that an insurance policy covers all but $250 of the loss. The student members of the Forum will meet again Monday at 9:30 a.m. in the medical school, during the day.

The former university professor told an audience of nearly 5,000 that the $82 billion or 56 percent of the federal budget is spent for defense. Due to the large scale of defense spending, the former professor called for a decrease in military spending. According to McGovern, an unaccountable federal committee in the military is responsible for the large scale of defense spending.

Don Frey looks about the way you want a wrestling coach to look. The kids respect him, and the team loves him, as he's known to most of his friends, has been at Penn eight seasons as wrestling coach and trainer.

Wrestling is a sport where the individual and the team are so well coached they rarely will blow a match, he says. "For a few minutes after practice Wednesday afternoon, Frey was in a near-stupor condition. His heart was pounding as the dominant forces of the world were at his disposal, and his head was so filled with problems that he had no idea what to do next."

The early years were full of heartache as Penn's coach has been at the head of the Ivy League every year but one since his return to that position earlier this month, was sidelined with a cracked rib for two games. Frey was forced to sit out the rest of the season.

The Quakers are averaging 44.3 points a game and are winning by an average of 14 points a game, which is the key to a high ranking.

"If we're determined enough we'll win," he says. "It's not winning but it's beating a team that makes the difference."
