Long hair causes football problem

By JOHN RILEY

Steve Steinfeld, a player on the defensive backfield on last year's football team, has been ordered by a majority of the team to either cut his hair or go out of the squad.

Robert Ojost, head football coach, told Steinfeld that it would be difficult to make the team with shoulder-length hair. "I'm sorry, but you can't keep the hair. But if you want to keep the position, you'll have to cut it off," Ojost said.

"If you won't, you won't play with a position. This hair would hinder that," Ojost went on.

Although Steinfeld, who has been playing for a knee injury since spring practices, said he hadn't made up his mind yet what he was going to do, Ojost said, "Since he hasn't practiced immaculately well, I'm starting to assume his knee might be a factor too."

"If you haven't given him a deadline yet, but I can't say definitely what's on at all. That thing should be resolved in the next few days," Ojost added.

Steinfeld said, "There's no way anyone can tell you what to do with your person. I really want people to know about the situation. It's a small thing, but it's representative of something larger."

Steinfeld said that after a meeting of the team's seniors, at which long hair was considered, he was told to be named captain. "Ojost told me I would stay on the team with the hair, but you won't play really," Steinfeld said.

The final ultimatum came in a team meeting Saturday, when three-quarters of the squad, by Steinfeld's account, voted for short hair. After the vote, Ojost said, Steinfeld got up and sat down in terms of individual rights, asking why hair made a difference in the case of a good football player.

Chris Stalmach, who is a later meeting of the school's football, said, "I wouldn't have my self respect if I can't play."
Israel kills 150 Egyptians in biggest raid since 1967

By Frank James

The AIP — Israeli troops, led by the 7th Armored Division, made a 16-hour raid on west Egypt along a 35-mile coastal front from Tuesday to Wednesday. The operation targeted Egyptians and their allies and was the biggest in the area in 1965.

The Israeli Defense Minister Moshe Dayan said that the raid was a response to an allegedly Egyptian military attack. Dayan said that the purpose of the raid was to prevent further attacks on Israeli territory. The raid also aimed to disrupt the flow of supplies to the Egyptian mainland from the Sinai Peninsula.

Dayan said that the operation was successful and that it had achieved its objectives. He added that the Israeli forces had suffered no casualties.

The raid was a significant escalation in the ongoing conflict between Israel and Egypt, which had been simmering since the 1967 Six-Day War. The conflict had been characterized by frequent border incidents and sporadic attacks.

The attack was carried out by the Israeli Army's 7th Armored Division, which was considered one of the most powerful units in the Israeli army. The division was equipped with advanced tanks and other military vehicles. The raid was launched from the Israeli-controlled Sinai Peninsula and targeted Egyptian military installations along the coast.

The Israeli army claimed to have destroyed several Egyptian military positions, including armored vehicles and artillery. The Israeli forces also captured a number of Egyptian soldiers and civilians.

The Egyptian government denied the Israeli claims and described the operation as a violation of international law. The United Nations Security Council was expected to discuss the situation in a meeting later in the day.

The raid was the largest military operation in the region since the 1967 Six-Day War, which Israel had won against the Arab countries, including Egypt.

The operation was part of a series of military actions taken by Israel in recent weeks, including a series of air strikes against Egyptian military targets in the Sinai Peninsula. The Israeli government has been under increasing pressure to take action against Egypt, which it sees as a threat to its national security.

The Egyptian government has accused Israel of engineering the conflict with its Arab neighbors and described the military actions as illegal and aggressive.
The Daily Pennsylvanian is the most hated newspaper on campus — but then again it is the only newspaper on campus. The paper is published daily by a crew of 91 news writers, sportswriters, photographers, ad salesmen, editorial writers, production workers, copy readers, night editors, day editors, assorted power brokers, hangers-on, and other dregs of society.

Working from the basement of Sergeant Hall, the group manages to turn out a newspaper that is considered one of the seven best college dailies in the country. The editorial staff is not paid; many consider a slight craziness as an essential qualification. Editors use other means of enforcing discipline — though we must admit that no one has been maced yet.

Preserve our stacks

Unlike students at most major universities, students at the University of Pennsylvania do not have to sit waiting while a clerk goes through the detailed and painful business of using the card catalog for the book they want. Students here have the choice of using the largest open-stack university library in the country; a privilege that may be called off or ended if the University community continues its present attitude of apathy.

Warren Hess, University director of libraries, reported Monday that up to 7000 books are being closed each day. Many freshmen are therefore being brought in contact with the problem of a closed book stack for the first time. Special consideration, however, must be given to departments of the arts and the sciences in which educational offerings reflect student participation in University affairs, rather than to departments in which educational concerns and problems are pertinent to concern only an informed elite.

The advantages of an open-stack library are obvious. Instead of enduring the interminable wait for a book that might be right down from the stacks, students here are able to get the book immediately. The students, therefore, would not care if there are benefit to the students, for the college community. The disadvantages are not exter-

We urge the revitalization of these committees and encourage majors to play a major role in the life of their departments. Two meetings are up to students, not just a small group of people, and that enable them to organize the administration with academic affairs as possible, we offer three suggestions.

The education committee of our new students' council is responsible for creating an imaginative organ of change, rather than just another detail in the endless catalogue of departments. It will encourage all types of educational schemes and allow students to work within the governing framework. For it is important that the education committee should con-

The Great American College Bedspread may send you to college free!

(Announcing the 2nd Annual Bates Piping Rock “Send Me to College” Contest.)

Last year, Denise Bucich, a college freshman, won the Bates 1st Annual “Send Me to College” Contest. And a year’s free tuition at Hofstra. This year, the “Send Me to College” Contest is going to be even bigger. Because this year Bates is going to send three students to college.

And one of those students could be you.

The contest is simple to enter. All you have to do is go to the Domestics Department in any of the stores listed in this ad. Put your name and address on one of our ballots. And wait. The contest runs from September 8 to October 3.

What is Bates doing, all this? Well, you’ve been taking a Bates Piping Rock to college for so many years, we felt it was about time Piping Rock took you to college. You’ve made Piping Rock the Great American College Bedspread. And no wonder. Piping Rock comes in 18 different colors. And you don’t have to waste valuable time taking care of it. Piping Rock is machine washable and dryable. There’s even a No-Press finish, so it never needs ironing.

So enter the Bates Piping Rock “Send Me to College” Contest at any of these stores. And let Bates take you to college.

This is Piping Rock. Available in 18 college colors. In twin, twin, $11.98; double, $12.98; bunk, $9.98. Prices a bit more in the West. Matching draperies available.

**Violent Weekend Culminates In City-Wide Police Curfew**

*Letter to the Editor*

FEAR

The recent violence in the city has left many residents feeling fearful for their safety. The police curfew has been extended to cover the entire city to prevent further outbreaks.

*Police Statement*

The police have been working tirelessly to restore order and ensure the safety of all residents. We urge everyone to obey the curfew and remain indoors until further notice.

*Community Response*

Many community members have expressed concern about the safety of their families and neighbors. Some have offered to volunteer and help in any way possible.

*Government Response*

The city government has announced increased police presence in high-risk areas to deter further violence.

*Editorial*

We must all work together to ensure a safe and peaceful community. Let us not allow fear and violence to divide us.

*Additional Coverage*
