University Council voting today

Thirty-four students will contest for the 14 under-graduate seats on the University Council.
Nixon creates 3-part commission to deal with deal disputes

LORIENT, France (UPI) — The commission of the men's dormitories will today elect 10 representatives to the General Assembly of the Men's Residence Board (MRB). The MRB is the chief legislative body of the men's dormitories and a separate legal entity from the University.

Point-one conferences are held for the 15 positions on the Assembly. For the first time, the men's dorms have been divided into 16 freshmen and two upper-class districts. Candidates were chosen at the floor meetings and will be chosen by one or two elections for the second round, or the second-round meeting.

The current meeting was held in the Catholic chapel in the Bogside district. The candidates were chosen for the current term from the Catholic district, which includes the Bogside area. The Bogside area is known for its sectarian violence and is currently under the control of the Catholic community.

The GSA petition will be available for students to sign. The petition is designed to develop voluntary student fees and to avoid any compulsory fees that may be imposed on the students by the University. The petition will be presented by the Graduate Student Association to the University administration and the Graduate Student Association for their consideration.

Irish police to serve summons to seaboard devlin

LORIENT, Northern Ireland — Residents of Lorient, France, have been divided into two groups (those of the Catholic community and those of the Protestant community). The Catholic community has been given the task of serving the summons to Devlin, who has been reported to be in the Bogside area. The Protestant community has been given the task of serving the summons to Devlin, who has been reported to be in the Bogside area.

The summons were served to Devlin in the Bogside area by the Protestant community. The Catholic community has been given the task of serving the summons to Devlin, who has been reported to be in the Bogside area.

Green Beret officers confident of aquittal

By United Press International

LONG BEACH, Calif. (UPI) — The defense of Green Beret officers charged with murder is expected to begin today in California, where a jury will have to decide whether the men are guilty of killing a South Vietnamese civilian.

The trial is being held in California because the men were stationed there at the time of the incident.

The defense is expected to argue that the men acted in self-defense and that the civilian was threatening them.

The case has been closely watched, as it is the first time a U.S. military officer has been tried in federal court.

The Green Berets were accused of killing the civilian during a firefight in South Vietnam.

The jury is expected to hear testimony from witnesses, including other military officers who were present at the scene.

The trial is expected to last several weeks.
Cross-country will race Rutgers this afternoon

When Penn opened its 1969 cross-country season this afternoon at Franklin Field, it will be facing the strongest team it has ever seen in its history, according to Tom Tuppen. The Quakers dropped their kickoff meet to the DAR at this time last year. The Quakers will be at their best, however. Returning to Franklin Field will be Ross Pizzuti, who was unable to compete last year due to an injury. The Tiger's varsity football team also opens its season today against a good team, which played an exhibition game against Temple Friday, October 3, and the game against Harvard, October 4. These will start at 9:30 A.M., and are open free to all members of the university community.

Coach John Buttrick and co-captains Dick Harrison and Jim Scrimgeour hope to keep the Tigers roaring again this year. They will act as quarterbacks—a position which didn't exist in Princeton during football's first century. Dan White, 1968's blocking back, joins All-Ivy Mike Juerin to give the team the fielding of team depth. MacBean, converted linebacker, and sophomore Rod Plumlee will be two new All-Ivies. Tuppen also filled in as the Tigers' varsity basketball head coaching reigns in Tigertown for the 1969 campaign, succeeding Dick Colman. The 39-year-old Princeton alumnus will acquaint the Tigers with a new system; as a result, the team will be at fullback, while Scott MacBean, Chris Montemurro, and Bob Baazley will make the backfield of top-flight ball carriers as five of last year's starters return. September 23, 1969

Girls’ hockey starts today

The women’s field hockey team opens their season today with a game at Bayside Arena at 4 P.M. Today’s game is the first of eight scheduled for this fall, four of which will be at home. Two games will be played on Monday, and the last two on Tuesday. The team, which played an exhibition game against Temple Friday, October 3, and the game against Harvard, October 4, must get around Ad-ly-bird quarterbacks. They do not have a fullback this year.

The Princeton University field hockey team will face Rutgers this afternoon at Fairleigh-Dickinson. Princeton will be out to knock off Rutgers and have another successful season, the team will be at fullback, while Scott MacBean, Chris Montemurro, and Bob Baazley will make the backfield of top-flight ball carriers as five of last year’s starters return. September 23, 1969

Dan Stevens was 1968’s most improved player. He is a strong, quick player, and since he hasn’t had any time-trial late, it will be the first opportunity available to the coaches in New Jersey. Stevens, a 220-pounder, will have a big chance at being the most improved this year. The Princeton University field hockey team will face Rutgers this afternoon at Fairleigh-Dickinson.
