CIC looks inward to redefine identity

By BOB HOFFMAN

CIC, formed in 1966 "to in a sense increase and redefine its goals, thereby turning its emphasis to community involvement with tutorial and other educational projects. Following the death of Harold Manley, the organization turned its attention to community service by setting up a "subcommittee on service" which has involved students in a variety of projects, including planning a building that can be "used as a center" for the local community. The subcommittee on service was also responsible for initiating a project involving city planning, with the goal of providing a "community resource" for the residents of the city.

Trustees’ action eases cash bind

Two Panthers killed in Chicago arms raid

By JOAN RIEGERS

The Shooting of Fred Hampton

On November 4, 1968, Fred Hampton, the black Panthers' leader in Chicago, was shot and killed by members of the Illinois State Police. The incident took place during a police raid on the Black Panther offices in Chicago, and the raid was part of a larger police crackdown on the black Panthers and other radical groups in the city. The police say that Hampton was killed during a struggle with the police, but the Panthers and their supporters have been critical of the police actions and have accused the police of using excessive force.

Trustee luncheon yields funds for WXPN relocation

By JAMES SKINNER

The trustees of the University of Pennsylvania agreed to approve a $50,000 grant to support a new station, WXPN, which would be located on the university campus. The grant was part of a larger financial package that was being negotiated with the trustees, and the university was hoping to use the money to help finance the construction of the new station.

Students call police claim beatings

By BRUCE DICHTER

A group of students at the University of Pennsylvania said that they had been beaten by police officers during a protest against the university's decision to cut back on student funding. The students said that they had been forced to pay for their own expenses, and that they had also been denied access to university facilities.

Midday Club, the trustees meeting, held in the Pennsylvania Railroad Building at Broad and Sansom Streets, was attended by James McFadden, a member of the executive committee, and John Rechlin, chairman, and Robert G. D. Sloan, vice president for business and financial affairs. The meeting was attended by the trustees, who have been critical of the university's handling of the project. The trustees have been pressuring the university to make changes in the way it handles its financial affairs, and they have also been concerned about the university's commitment to the project.

Chicago police say they have evidence of the Reserve Officer Training Corps

By JAMES SKINNER

The Chicago police have said that they have evidence of the Reserve Officer Training Corps (ROTC) on the campus of the University of Illinois at Urbana-Champaign. The police said that they had been tipped off by a student who had heard about the existence of the ROTC on the campus and that they had begun an investigation. The police said that they had found evidence that the ROTC was involved in the activities of the black Panthers and other radical groups in the city.

Education department finds room for all interested in 240 and 241

By CLAUDIA COHLEN

The dean of the School of Education announced that the education department had found a way to accommodate all students who wanted to take the courses. The two undergraduate courses offered this semester are open to the 300 students who were closed to 300 during preregistration and to any other students, Dr. Neil Gross, the dean of the school said.

Financing the additional classes and new personnel was easier, according to Gross, from general University funds. The dean added that the "prevalence was very interesting and there was a great sense of cooperation in the nature.

All students are guaranteed a place to take the courses.

Percy charges atrocities

WASHINGTON — Sen. Charles B. Percy, R-Ill., forwarded to the Pentagon a letter charging that atrocities similar to those said to have occurred in Vietnam may be committed by Marathas under the command of former President Lyndon B. Johnson's military aide. The letter was written by one of Percy's constituents, Anthony R. Martin-Trigona, 24, a real estate investment broker from Champaign, Ill. He said he had received the complaint from a constituent of Maj. Charles Robb last year while serving as a correspondent for the Chicago &amp; Northern Illinois University newspaper, The Daily Illini.

"I asked Gen. William M. Still, Jr., the commanding general, to forward the letter to Defense Secretary Melvin R. Laird, Percy urged by one of Percy's constituents, Anthony R. Martin-Trigona, 24, a real estate investment broker from Champaign, Ill. He said he had received the complaint from a constituent of Maj. Charles Robb last year while serving as a correspondent for the Chicago &amp; Northern Illinois University newspaper, The Daily Illini.

Chicago &amp; conspiracy trial

WASHINGTON — The judge in the "Chicago Seven" trial yesterday refused to grant a motion for defense charges of police brutality and turned down a defense motion for a new trial in a similar case in which the death sentence was imposed on defendant Bill Ayers. The prosecution presented testimony that defendant Bill Ayers, one of the seven defendants, was a member of the Weathermen who planned and carried out the bombing.

Pacifist storm hits Hawaii

HONOLULU — Peaceful high waves smashed into the Hawaiian islands yesterday, flooding highways and forcing hundreds of people from their homes. It was the third attack by the high waves in a series of attacks on Pacific Ocean storms packing unusually high surface winds. The winds, up to 60 miles per hour, swept up the water like a bulldozer and sent it surging onto the island shores. Many waves were reported to continue during the night and 100 miles of low waves on the south shore of Oahu, 70 miles from Honolulu, were estimated to have reached higher ground.

TWA put a price on your head that even your parents might agree to pay.

We're out to get you home for the Holidays. Fast.

Which means something that your parents will probably enjoy too.

Something else they'll enjoy is our fares for students. That is, who are between the ages of 12 and 21 and who have TWA's Youth Card. On a standby basis, you'll get 40% off regular coach fares. Which doesn't mean you'll be flying second class or anything like that.

When you know it's for keeps

All your sharing, all your special memories have grown into a precious and enduring love. Happily, these special memories have been forever symbolized by your diamond engagement ring. The name. Keepsake is in the ring and on the tag, you are assured of fine quality and workmanship. Each Keepsake Diamond is precision cut. Your choice selection of many Engagement Diamonds is assured of fine quality and workmanship. Each Keepsake Diamond is precision cut. If the name, Keepsake is in the ring and on the tag, you are assured of fine quality and workmanship. Each Keepsake Diamond is precision cut. If the name, Keepsake is in the ring and on the tag, you are assured of fine quality and workmanship. Each Keepsake Diamond is precision cut. Court Justice Arthur Goldberg and his predecessor, Earl Warren, both urged President Nixon to appoint a commission to study combat conduct in Vietnam. Goldberg proposed to Congress Tuesday that the commission be independent of universities and political organizations.

 Goldberg's statement followings:

"We urge the President to reject the McCarran Act, states that "there is enough in this (the Masses) to make sure her baby wasn't harmed. Miss Atkins told Caruso. "She tried to make sure her baby wasn't harmed, the friends, for they killed her.""}

Kempin nixes early finals

"But they killed her."}

Miss Atkins, who Caruso says first heard about the Tate murder in district attorney's office, who faces trial in still a third murder proceeding. The tentative agreement for 1969 was expected to relate her al-

The negotiations failed, a strike would have been certain with the possibility of arbitration. Under a state of national emergency the President is allowed to detain U.S. nationals. This "patch" of the Bill of Rights may mean that those who fall under his mystical spell. He explained that the bill was intended to give the Attorney General the authority to detain individuals "as a precautionary or protective measure in the interests of national security, and to prevent their participation in any activities which he believes to be contrary to the interests of the United States." Goldberg added that teachers of other courses have been invited to address the faculty at the luncheon. There are exceptions to the no-notice exam rule, Kempin said, but added that teachers of other courses have been invited to address the faculty at the luncheon. There is no other way these courses can be offered in the Courses Guide. Please cooperate.

"Band in black" cited by star witness in Tate murder case

By United Press International

LOS ANGELES — "Band in black," described on the witness stand as a cult of people, a rock cult, a music group that killed Sharon Tate, was expected to relate her al-

"I don't know that a student may not speak up against an early exam because the unions had been free to strike for the help of federal mediators. Peace on earth

On October 15, the American flag of this University was lowered to half mast as a gesture of mourning for those soldiers and civilians killed in Vietnam. The flag only stayed in this position for one day, a day of national protest over America’s continued involvement in the war in Southeast Asia.

But the students at this University decided that a one day public demonstration of mourning did not adequately indicate the continued feelings of concern of this campus. The war in Vietnam — and the 40,000 died American soldiers — affects every segment of this community. Its consequences are not confined to a one-day period.

So the students, with faculty and administration support, decided on a permanent peace monument as a perpetual memorial to those persons killed in Vietnam. The University Council accepted the plan, and indicated that the necessary monies would be collected from donors throughout the University. Jack Russell announced that he would accept no more than $1 from any one person, presumably to allow as many people as possible to contribute.

The peace memorial will be dedicated sometime next week. Mr. Russell has received a grand total of $4 to pay for its $2,000 cost.

The statue will be a lasting symbol of this University’s commitment to peace. We ask every member of this University — student, faculty, administration — to demonstrate their personal commitment through a small donation.

There's a difference between fusing and touching.

There is no safety in numbers.

Numbers of tampons never kept track of. But absorbency does. That's the beauty of Norelco. They're more absorbent. So you'll probably need fewer of them. Fewer to have to change. Fewer chances of forgetting. Fewer trips to the Powder Room. The fewer the better.

Norelco tampons are designed differently. That's why. They're made with soft absorbent rayon. First, there's a gentle rayon cover. Then a layer of rayon fibers that absorb quickly. Then another layer of these rayon fibers that absorb wet. And, in the center, a cushioned layer that holds, and holds some. Can you imagine? Some tampons are just chutes of cotton. (No wonder you probably need more of them than you do of Norelco.) This month, quit the numbers game. Try Norelco. They come in regular or super, with a soft polyester applicator. There's more safety in fewer means.

Norelco can't get you closer.

free University of Berlin announced

The Office of Fellowship Information and Study Programs Abroad yesterday announced that the Free University of Berlin, in conjunction with several American universities, is now accepting applications for a fellowship that involves a year in a degree program. He also explained the wide latitude in the courses required fees at the Free University, that holders of the M.A. degree can receive a slightly higher stipend. According to Yarnall, the program was initiated in 1958 when Willy Brandt was Chancellor of West Berlin. The competition is open to unmarried men or women graduating seniors or graduate students. Yarnall emphasized that candidates must have a thorough speaking knowledge and comprehension of the German language.

In addition candidates must commit themselves definitely to differing, academic connections and enrollments in Germany and insofar as possible in the country of their primary residence. Applicants must also satisfy as personal representatives of the University. Students interested in applying should seek information from the Office of Fellowship Information and Study Programs Abroad, 36 College Hall, for detailed information and application forms.

Wrestling

(Continued from page 4) Proctor is a 138-pound wrestler in the sophomore class. He finished fourth in the state tournament last year for the unbeaten varsity. Proctor's 9-1 record as a sophomore was being counted on heavily this year, was being counted on heavily this year, for his number one position at 138 pounds in the state tournament.

Richard Zweig is out with a sprained knee until January. Zweig, third in New York State at his position last year, was being counted on heavily by Lauchla as the varsity's third two-in-a-series.

Even more important that team's basketball tradition, however, is the role of the head coach, who is responsible for setting the tone and direction of the program. "There is a need for a coach who can lead by example, who can motivate and inspire his players," said the head coach. "He must be a good communicator and a good strategist, able to read the game and make quick decisions on the fly." The head coach also emphasized the importance of the head coach in recruiting and retaining players. "We must find players who are not only talented, but who are also committed to the team and the program," he said. "The head coach is the leader of the team, and his vision and philosophy will shape the team's culture and success."
