Student Judiciary Nullifies Constitutional Referendum

By ANITA SAMA

After on-and-off-three-hour periods of deliberation Wednesday night, the Student Judiciary nullified the results of the April 1 constitutional referendum, forcing the formation of a special grievance committee to investigate the/Student Judiciary's conduct.

At the hearing, called to rule on the position of David V. White, chairman of the special referendum committee, that a student petition proposed on the constitutional ballot, the court found "the steering committees of the Plenum and the Student Judiciary, by arbitrary addition of the new amendment to the final referendum proposal on the analysis of the Plenum's position in presenting it to the steering committee beforehand."

The court said Wednesday night it would do, also, as saying he was "content), (Continued on page 6)

**Apollo 13 Mission**

Oxsey. The astronauts have spent hours dreaming up names for the lunar lander, Aquarius, which is attached to the name of the moon. But at least in Oxsey’s current voyage, the search has ended.

“Right now,” Swigert advised the television cameras, “we’re getting back to some of the things that are important to us, and having a little fun here to start with our Apollo flight.”

Ground Control first said it looked as if the journey to the moon might take place until about 9:30 A.M. At that time, the decision will be made whether to go ahead with the flight or to delay it.

Astronaut James Lovell said that it was a family indication that the journey was to the moon.

Under normal conditions, the crewmen would have to begin the trip to the moon a few hours before 9:30 A.M. to ensure that all systems were operating properly.

During the scheduled flight, a crewman who flies the command ship on Apollo will be responsible for steering the spacecraft, while a second crewman on the lunar module will be responsible for controlling the ascent of the spacecraft.

Before flight, the Apollo command module will be lifted into the lunar position, and the lunar module will be lowered to the surface of the moon. The spacecraft will then be guided to the moon by the command module, which will provide the necessary energy for the ascent.

**Area Students Act On Hunger Problem**

Area students act on hunger problem

West Philadelphia and by the New Life and New Horizons, will receive that portion of the project, the coordinator said.

The store will be open from 8 A.M. to 8 P.M. every day, except Sundays, when it will be open from 8 A.M. to 7 P.M. The store will be closed on major holidays.

The store will operate on a 5 percent margin for most items, and 10 percent margin for special items, such as furniture and appliances. Donations will be given to the store to help cover operating costs.

**Requiem to a Fortress**

BY PHILLIS KAHN

With only three weeks left before graduation, students at the University of Minnesota are already worrying about their futures. Some are concerned about finding jobs, while others are concerned about getting into graduate school.

"The most difficult part of the job search is the uncertainty," said Mary Smith, a senior in psychology. "I don't know if I will be able to get a job. I don't know if I will be able to afford to go to graduate school."

Smith is one of many students who are facing similar uncertainties. With the job market slow and graduate school admissions uncertain, many students are wondering what their futures hold.

"I think it's important to have a plan," said Smith. "But I also think it's important to be flexible. I think it's important to be open to new opportunities."

Smith is currently considering going to graduate school, but she is also open to other possibilities. "I think it's important to have a plan," she said. "But I also think it's important to be open to new opportunities."
Dear Rep. Ford:

We understand that you are concerned about the performance of students at Westborough High School. However, we believe that your request for a downgrading of the school's rating is not justified. The school has made significant improvements in recent years, and we believe that it should be given credit for those efforts.

According to our records, Westborough High School has made substantial progress in the areas of academic performance, extracurricular activities, and community involvement. The school has received numerous awards and recognitions for its achievements, and its students have consistently performed well on standardized tests.

We urge you to reconsider your request and to recognize the efforts of the school and its students. We believe that Westborough High School deserves to maintain its current rating.

Sincerely,

[Your Name]

Note 1: to college mountain climbers: Beware of Black Lung Disease when on the top of Mt. Everest.

The Penn crew: Don't worry about drowning when you fall in to the Schuylkill River, you'll decay first.

What makes college life so stimulating. Unlike Walkden Two, a campus is anarchic. Groucho Marx, Bert Lahr, Bill Cosby and Moe Howard would have found it equally attractive. You'll never feel at rest. Every minute you can imagine is spent in the making of contemporary art, and seeks the political decision-making processes in our municipal, state, national governments, political parties and national conventions while about government rule. They should see me annually, searching for the philosopher's stone to be used to convert dogmatic enslavement into precious citizens. President Nixon promised to bring us all together but he is having difficulty bringing the Republican senators together to sign a Court appointment.

Protest

To the Penn crew: Don't worry about drowning when you fall in to the Schuylkill River, you'll decay first.

C. J. Burnett, Esq. (The Carmelites who would rather be governed well than the government, and who would be in this condition? If he wasn't fond of all young people.)

A John is a renowned place. How often is a universal room named for a guy? It is the Taj Mahal in the golden ghettos of suburbia. Scatological graphics and graffiti profane the latriunes of institutions dedicated to the life of the mind.

It takes no great acuity to understand that universities don't function, except in a crippled condition, when democratized to deal with problems of ultimate or even personal values. University faculty is pluralistic only when the democratic model of society becomes reality. Wherever a university is to begin again, carnival to atonement, . . . ad infinitum.

Berezon said that proponents of a similar bill in New York have been circulating petitions of support throughout the state. He indicated that such tactics may be put into ef-
ficiently in Pennsylvania.

In the two weeks since the passage of the Massachusetts bill, six others have been introduced across the country, including in the neighboring states of New York and New Jersey. No action has yet been taken on any of the other bills.

The Massachusetts bill was signed into law by Governor Sargent on April 2. It has been passed in both houses of the state legislature by large majorities. A court case to challenge the constitutionality of the bill is pending. The provisions of that bill are being ignored by those in the management of the state.

Berezon continued that he also submitted the bill to President Nixon. Nixon has not yet indicated how legislative bodies throughout the country feel about the war and the draft. "The President can be a platform of a volunteer army," the legislator continued, "and this bill will help bring that about."
Earth Week. April 16 through 22.

Thursday, April 16.

Speaker: Kenneth Building

CARRYING A BLACK-DRAPED COFFIN, representatives of the National Welfare Rights Organization at Wednesday's rally symbolically buried President Nixon's proposed plan to add $1000 to a family of four on SSI.
Lacrosse Team Takes Big Lead, But Succumbs to Brown Rally, 9-7

By PETE SCHIFFRIN

It was a story-book kind of day for the Quakers, who overcame the contest and took the lead with three minutes left in regulation. Unfortunately for Pennsylvania, they did not put the game out of reach and were down 7-4 going into overtime. They scored three goals to knot the contest and went on to lose 9-7.

Daniel Sets World Mark

By PETE SCHIFFRIN

Miss Ellie Daniel of the United States defeated her opponent in this event was Lynn. Miss Daniel finished fourth in that championship race of the contest and was successful, she nevertheless was pulled out to a slight lead, but was caught up by the Pennsylvania goals). Presently there is a 73 coed at Pennsylvania.

QUEAKER GOALIE MELK CORBETT blocked this shot by a Brown midfielder in early action on Frank.

Daniel, a female butterflyer in the world, performed by skilled natators in a big race, it has the grace of a butterfly, but this time Miss Colella won by .02 seconds. One could visually decide the victor, but anyone with a stopwatch could tell who had won. The excitement of a rock concert.

Sports

This week's edition of Sports will take a closer look at the Ivy League alumni games.

**QUAKER FIELD HOCKEY, BY FRANK RICHARDS**

Although the ball did take some way up the middle unmolested. Brown led 3-2 at the end of the first stanza, the Quaker stickmen had outplayed Brown in the overtime.

Ruggers Cop Fifth

The Bruins scored at 9:39, 11:04, and 14:09 on goals by Robert Anthony, respectively, with co-captain Buck. Although the ball took some crazy bounces, if the Quakers dominated the first three quarters, then the fourth quarter was a problem. By applying steady pressure, Brown managed to pull out to a slight lead, but was unable to hold on. The Bruins iced the game at 2:05 of the second overtime period and took it after a goal by the Quakers. The 9-7 final left the Quakers with a come from behind victory.

Goals: Brown - Buck (3), Anthony (2), Cairns, Anthony, and the Quakers took a 6-4 lead to the locker room.
