**Police Charge 18-Yr. Old Rape Suspect with Three U. Assaults**

**By SCOTT GIBSON and KATHIE ARCEADONE**

Philadelphia police Friday arrested the 18-year-old suspect in an 18-year-old rape charge that has prompted three college suspensions from the University of Pennsylvania.

Detectives converged on an 18-year-old suspect during an 18-year-old rape investigation that has prompted three college suspensions from the University of Pennsylvania.

According to Shabel, the University's financial pinch and the urgent need to maintain the University's budget are behind the decision to suspend the 18-year-old suspect.

**New Indoor Tennis Complex Slated for Fall ’72 Completion**

By STATE BUREAU

Shabel revealed last week that about $800,000 or 16 percent of the total $5 million cost of the facility is already "in hand," and that total construction will be completed by the fall of 1972.

After extensive planning and fund-raising of the Special Assistant Director Fred Shabel and University Trustee Robert Levy during the last two years, Pennsylvania will probably be able to boast a modern, well-conditioned, year-round tennis complex in the fall of 1972.

Levy has contributed approximately half the needed money.

**McKenna Portrayal Captivates Audience**

By MARK J. HODENALL

Read about how I was 12 or 12 a year old kid (oddly enough) in a piece of sentimental nature called "Master of the Rackets." And even then I've had more art, call it charm, for the Irish and the Irish. They say every American is a bit of the Irish in him.

Similarly, McKenna, perhaps the greatest lady of the Irish stage alive today, brought her one-woman portrayal of the great Irish Dublin theatre to the Annenberg Center's Zellerbach Theatre this weekend. And no doubt she will be back on stage when it comes to completing the book and the &quot;masters of the Rackets.&quot;"
MARINER'S SHOWS MARTIAN 'CLOUDS'
WASHINGTON, D.C. — Mariner's last chance look of Mars from orbit today and showed that the planet was not covered by clouds of dust that had concealed the Martian surface for almost two months. The robotic ship dropped to within 800 miles of the dark, 24-mile wide region which is the Martian mountain standing through the clouds, according to Dr. Donald A. McMillan, head of the Mariner 9 television team at the Jet Propulsion Laboratory. McMillan said observers would receive on I.S.O. timing signals from one of many electronic devices on the planet that are more stable than the mirrors used for communication.

FAXWIZ SAYS MIDEAST WAR INEVITABLE
MEMPHIS, Tenn. — Prime Minister Mohammad Faisal of Egypt told Sunday that a country's standing peace efforts to achieve a Middle East peace will be taken by the first time in the world if any one of the countries involved in the present war was to be defeated. "The Falklands are a country that will have to be defeated," he said.

CHINESE U.N. DELEGATION PROTESTED
NEW YORK — Japan's leading political and diplomatic delegation of the summit meeting against American military action in the Far East in the wake of a military clash in the region.

AXED CANADIAN HIJACKER GUARDED
CALGARY — A hired truck driver who was fired after a hijacked Canadian plane Friday night was ordered to a hospital because the pilot had threatened his life. The plane's co-pilot, annual maximum limit of $10,000, left the scene.

Peking delegation has been living since it arrived in the country for a visit.

LET US TALK ABOUT NUMBERS
BOSTON — A plan to establish a television station here for the city's black community is under consideration by the city's broadcasting commission.

Cadet Lightweights Trip Quakers
On Fourth Down Scoring Pass

BY DAVE CHANDLER

When Penn plays its most inspired game of the year it usually can expect to win.

But not always. The Penn lightweight football team disappointingly discovered this at Army (11-1) before the Quakers (12-3, 10-12, at Franklin Field Saturday morning in the weekly finale. The victory over Army eases the Quaker pressure with Navy (5-7) in the Eastern Pennsylvania Lightweight Football League.

Penn led, 11, well into the fourth quarter. The Cadets had played well in their first two drives and the Red and Blue defense was intact, for the most part, that it could control the most powerful offense in the league.

However with about six minutes left, the awesome Army offensive proved, for the most part, that it could control the most powerful offense in the league.

The Quakers had jumped out to a 6-0 lead in the first quarter on a one-inch touchdown on a fake field goal. From their own 20, the Cadets marched to the Penn 28, yard pass from quarterback Fred Blanchard and Glenn Davis (or wherever the Cadets took to whenever they need a really big play), whenever they need a really big play, whenever they need a really big play, whenever they need a really big play.

And Blue offensive surge was a 31-yard pass from Blanchard to his teammates on the most important third down. Perhaps it wasn't West Point tradition which pulled the Cadets through as much as Penn pass coverage which broke down.

The Cadets had jumped out to a 6-0 lead in the first quarter on a one-inch touchdown on a fake field goal. From their own 20, the Cadets marched to the Penn 28, yard pass from quarterback Fred Blanchard and Glenn Davis (or whoever the Cadets look to for the two-yard touchdown. Bill Weber, with Bill Gross adding the extra point. The Quaker defense disintegrated once more, responded to the second quarter when cornerback Joel Hines broke a Bradley-type interception at the Army 40, which he returned to the seven.

Finally the Quakers lined up in an ordinary formation. The football went to Rocko Nocciolino, who galloped upfield and over the left end. For the Quaker effort perfectly. "We did everything but win," he said.

The Penn 100's quietly walked back to Hollywood, the crowd, a typical lightweight football following of parents and girlfriends, filed out of the stadium.

The last pass left in Franklin Field was Bill Gross, challenging the high jump bar in his splendid salutary manner.

"I put a lot of bread into a down payment on my new car. And I'm not going to blow it." You worked hard for that new car of yours. Now all you've got to do is take care of it. Part of it's using the right gasoline. Amoco. The type most new car owners recommend.

Amoco is specially formulated for your new car's anti-pollution engine. Made to help it run better, longer. And Amoco can double the life of your tail pipe and muffler compared to fully leaded gasolines; spark plugs last longer too.

Amoco Super-Premium gives you all these benefits plus better mileage than other premium. It's the only anti-pollution premium gasoline you can buy.

That's one reason why more new car buyers switch to Amoco and other gasolines at American than any other.

So now that you've got that new car, use the gasoline you can count on.

You've got a new car. We've got a new gasoline.

You expect more from American and you get it.
