Sometimes flying standby is mostly standing by.

That's why Northwest came up with Reserved Youth Fare.

Camping out is great. But not at an airport. Sometimes, unfortunately, it turns out that way. Now, though, we've done something about it.

If you have any interest in Youth Card, you can get a reserved seat for 20% off. And when you're flying, we'll even make sure you're not bumped unless we have to. So the next time comes, just walk in and take your seat now with all the other important people. No waiting. No worrying. No getting bumped off the plane when you really wanted to go all the way home.

If you don't have a Northwest Youth Card, you should. And you can get one at any Northwest ticket office or your campus travel agent (be sure to bring along proof that you're between 12-18.)

Next time you can't afford to wait, remember Northwest's Reserved Youth Fare. And call your travel agent or Northwest Airlines.

ALittle known way to fly free.

Every airline has First Class, Coach reservations.
But Eastern has a third kind, as well: Called Leisure Class.

First, how it works.
You buy a Leisure Class ticket. You pay the same face value as you would pay for Coach. If you don't get a Leisure Class ticket, you don't get a seat on the plane when you get there.

If you get a Leisure Class ticket, you can fly on Eastern for 10% less. But, if Coach is full, you may not get on the plane. Your reservation is not guaranteed.

On the whole plane is full, you won't get on the plane at all.

But. if Coach is full, you may fly on Eastern's Leisure Class. In which case Leisure Class is considerably better than Coach.

But. if the whole plane is full, you won't get on the plane at all.

And if you don't get on your scheduled flight, we refund your money. And you can use this money for a flight on a different day with 25% discount on the Coach fare too.

Now when the originally scheduled plane is grounded due to weather conditions, equipment failure or equipment substitutions.

In order to qualify for a free flight, you must be a member of Eastern's Leisure Class. You must also have a Lehure Class ticket on the plane in question.

And. if you have to wait, it will be at least 3 hours before you fly again.

An Answer: Survival in the City

In Moscow, the Russians put us to shame. They started from scratch and created a town, and yet pushing subway we would do well to emulate. Everyone has been able to solve this problem but the United States of America.

The state and federal governments, in turn, have turned to such a choice with reluctance. In West Germany, for example, the government set aside no less than 15% of the land around a city as a green belt. center, maybe the most consistent kid I've ever coached," said Gavitt. "We look for both of them to be our leaders, both on and off the court."

In the midst of the coach, Dave Gavitt, Crawford is "an ex-cellent defensive player, our most aggressive player, an opportunist offensively," in his coach's eyes, while

Lewis does a little bit of everything, including shooting and playing defense. He's good enough to void Villanova's Tom Bingham by 3 points. Crawford, a 6-8 junior, has 4.6, 4.1.

I've ever coached, a fine dribbler for a shooter, maybe the moat unselfish kid Don Lewis (11.7, 5.1), a senior.
