McG Aide Says Candidate Must Take City Vote

By T. D. COCHRAN

State Representative Norman C. Bursen of Fishtown, Penn. People for McGovern-campaign chairman, yesterday charged Mayor Frank Rizzo, the Democratic candidate, with obstruction of the voting rights of young people. Speaking mainly about the necessity of carrying Philadelphia to the Democratic column, Mr. Bursen said he was concerned about the possibility of extending traveling registration days. This might help reduce the necessity of carrying Philadelphia to the Democratic column, Mr. Bursen said he was concerned about the possibility of extending traveling registration days.

Mr. Bursen asserted that there is a possibility that an organized attempt to register voters for an additional 10 days in Philadelphia. The major criterion for this decision would be if the people in the final week of traveling registration were to make Philadelphia not as crucial to the election as was expected.

McGovern, which began in August, are grossly unfair because they are held mainly to keep interested people of the final week of traveling registration. The registration periods are not on the original waiting list.

No one has been included in the anti-McGovern lists, as some have been included in the pro-McGovern lists.

The weekly meetings for McGovern volunteers are held to discuss the importance of the final week of traveling registration.

The People's Party is concerned about the importance of the final week of traveling registration.

"The election will be decided by the young people," he said.

Defendants Request October 6 Hearing

By EDWARD M. GUTHRIE

The 12 students and faculty members who were to be tried in November in the College Hall case, have requested that their trial be held in October. They have filed a request with the court for a November hearing.

Hanoi Reports Three POW's En Route Home After Delay

By United Press International

At the White House, Press Secretary Ronald L. Ziegler said yesterday that the three pilots had left Hanoi and were being flown to the Soviet Union. Mr. Ziegler referred to the news story in the New York Times that the three pilots had left Hanoi and were being flown to the Soviet Union.

In a news conference, Mr. Ziegler said, "It is not likely that other prisoners are going to get out of this kind of criminal."

Clark and Slay explained that the prisoners have been given very careful treatment in the Soviet Union. The prisoners have been given very careful treatment in the Soviet Union.

Ledwell (Continued from Page 1)

times, but turned it down hoping for something more to their liking.

Associate residence director Tim Winant added that some students are "too fussy." "You can't expect a resort hotel," he said.

Administrators also said their office has found places for other students on the waiting list, but has been unable to contact them.

Winant attributed the increase in the number of rooms available mainly to the fact that some "students come in, check in, and leave," vacating a room. He said others signed up for a room and "just didn't show up."

Ledwell noted that a "substantial number" of students were forced to leave for academic reasons as a result of Executive Committee action.

The Residence Office says it does not know how many transfer students left the University because they could not find housing.

"Students threaten to leave and we don't know if they do or not," Winant said.

Other transfer students, when informed there was no housing available decided to wait to matriculate until next semester, Ledwell said.

The waiting list is scheduled to be discontinued on Oct. 1 in preparation for the room change process which begins on Oct. 15, Winant said. Because the Residence Office cannot communicate with some of the waiting students, he asks all transfers and upperclassmen who are waiting for a place to contact assignment officer Leslie Pochos in the Residence Office at 594-8271.

Goldreyer Appointed To New Professorship

The appointment of Dr. Bruce N. Goldreyer as assistant professor of cardiology was announced Friday by President Martin Meyerson.

The new appointment comes as a result of the University's efforts to improve medical education and to meet the demands of the present and future medical profession.

Dr. Goldreyer, who came to Pennsylvania in 1971, has served as assistant professor of medicine and director of the cardiology unit at Pennsylvania General Hospital. He earned his medical degree at Columbia in 1965.

Goldreyer has concentrated much of his work on the causes of arrhythmias, or abnormal heartbeats. He has done research on new methods of analyzing arrhythmias, particularly in critically-ill patients.

Dr. Alfred Goldreyer was appointed to the position in honor of the late Dr. Bellet, who until his death last December was professor of cardiology at the University.

The post is endowed in honor of President Martin Meyerson.

Committee To Investigate GOP
By United Press International
WASHINGTON - Chairman Wright Patman of the House Banking Committee said Monday the panel would meet Oct. 1 to conduct a full-scale investigation of the Republican party, which he charged was attempting a "totalitarian" rule in the United States.
Patman told reporters that the committee would meet Oct. 3 to consider a full-scale investigation of the Republican National Committee and the presidential campaign organization.
"The committee cannot be fair," Patman said, "to the American public without the facts of this case being revealed to the public."
Patman said his investigation into the Republican National Committee would be the "Watergate Caper" and whether the panel would meet Oct. 3 to consider a full-scale investigation of the Republican National Committee and the presidential campaign organization. Patman promised a report on the break-in at the Democratic National Committee headquarters in Washington, D.C.
"The committee could not be fair," Patman said, "to the American public without the facts of this case being revealed to the public."
"I have been a lot of guys who were in part one, in a minority, but I am not about to go down there," Patman said.

Frost Eligibility: Pro or Con?

By ANDY FILDENBERG

Already this fall the freshmen eligibility rule, passed by the NCAA last year, has affected several varsity sports teams. Coaches have complained about the difficulty of finding the right replacements for the lost players, and freshmen have had difficulty adjusting to the new responsibility.

By GEORGE BREEN

Although he's all but certain to lose his eligibility for the final lap in Providence, head coach Bob Jameson has not given up hope that Steve Childs will be able to compete in the final race. The senior was the first Penn runner to qualify for the NCAA championships in the last 11 years, and Jameson is looking forward to the possibility of a repeat performance.

Campus Athletic Clubs: Something For Everyone

BY ROB BRODERICK

Tired? Sleepy? Can't concentrate on your work? Do you hate the endless stream of emails and texts that flood your inbox? Do you feel like you're missing out on all the fun and excitement that life has to offer? Well, fear not! The Penn Athletic Club has got you covered.

I'm not talking about joining a traditional gym or fitness center. I'm talking about something much more exciting and unique: the opportunity to try out a new sport or activity that you've always wanted to experience.

So what are you waiting for? Get out there and explore all that the Penn Athletic Club has to offer. You might just discover a new passion that you never knew you had. And who knows? You might even make some new friends along the way. So what are you waiting for? Get out there and join the fun!

Tennis, anyone? If you've always wanted to learn how to play tennis, the Penn Athletic Club has the perfect program for you. Whether you're a complete beginner or have some experience, our coaches will help you develop your skills and have fun doing it. And who knows? You might even win a few matches along the way.

How about shooting? Our rifle team is always looking for new members to join in the fun. Whether you're a seasoned shooter or a total novice, our coaches will help you develop your skills and have a great time doing it.

And what about gymnastics? Our gymnastics team is always looking for new members to join in the fun. Whether you're a seasoned gymnast or have never set foot on a balance beam before, our coaches will help you develop your skills and have a great time doing it.

So what are you waiting for? Get out there and explore all that the Penn Athletic Club has to offer. You might just discover a new passion that you never knew you had. And who knows? You might even make some new friends along the way. So what are you waiting for? Get out there and join the fun!
