Slayers of Univ. Trustee Foster End Death Plan

The murder of University trustee Marcus Foster, a car in the parking lot outside the building. Although police had yet revealed that Foster had been shot with cyanide bullets, an earlier letter was sent to the Tribune two days after the slaying correctly stated the police would reveal that Foster was shot with cyanide poison as he approached the university's student center.

The letter said that Foster had been "inexorably taken" by cyanide bullets, "to reveal victims against the people."

Only the letter became public, it said the police had revealed that the bullet used in the killing was packed with cyanide.

President Meierman eulogized Foster in the University's Board of Trustees meeting, saying Foster "developed a reputation for reviving troubled urban schools into produc- tive ones."

"It has come to the attention of the Court of the people that the fascist agitators and members of the American People Are Not Going to Be Held Hostage by Their Need for Oil'..."
The D.P. will Not publish on Mon., Nov. 26th. The ad. deadline for Tues., Nov. 27th will be: 3 pm on Nov. 20th.

**A Modest Index**

*Of Useful and Not-So-Useful Information*

---

**Guide**

The Whitman College has published a shoppers' guide to Haverford, Bryn Mawr, and Radcliffe.

The purpose of the shopper's guide is to assist students and other shoppers in finding the many shops and services available in the Philadelphia area. The guide contains a list of the many shops and services available in the area, as well as a map of the surrounding area.

**Thanksgiving**

If you're looking for something to do on Thanksgiving, consider visiting the Philadelphia Art Museum and seeing the exhibits. The museum is open from 10 a.m. to 5 p.m. on Thanksgiving Day.

---

**City Hall**

City Hall is a popular tourist attraction located in Philadelphia. It was designed by the French architect Frank Furness and completed in 1901. The building is a landmark and a symbol of Philadelphia's rich history.

---

**Art**

The Shoppers' Guide, authored by Linda McIver and published by the College of Arts and Sciences, covers everything from course offerings to course syllabi.

---

**The Seed**

The Seed is a health food store located in Philadelphia. It offers a variety of organic products, including fresh produce, beans, and tofu. The store is open Monday through Friday, 10 a.m. to 6 p.m., and on Saturdays, 10 a.m. to 5 p.m.

---

**Thanksgiving Day parade**

On Thanksgiving Day, the Philadelphia Art Museum will be hosting a parade. The parade will feature various performers, including live music and dance. The parade will begin at 10 a.m. and will conclude at noon.

---

**Guide's**

The Guide is available at The Seed, on Sansome Street between 34th and 35th Streets. It is also available online at thecollege.com.
Letters to the Editor

March Protests National, State Priorities

According to James Shada’s article in Monday’s Daily Pennsylvanian, federal funding is the only thing that is keeping the University from collapsing. He believes that this was an “overreaction.” But in fact, the administrators and board members have failed to implement any serious funding. In this issue, many students are expressing their concerns about the lack of funding. They are demanding that the University should be funded adequately in order to provide good education to the students. The administrators should consider the students’ concerns and take necessary actions to provide adequate funding.

Right to Privacy

It is not the government’s responsibility to inform men that they could be killed. The government has a duty to protect its citizens. In this case, the government did not fulfill their duty. The government’s actions are illegal, and the government should be held accountable for their actions. The government’s actions are not in the best interest of the citizens.

Gods of the East

I was very disappointed by the “Consumers Guide to Religion.” Although Mr. Brecher is well intentioned, he fails to mention any distinctions between the gods of the East and Christian religions. The Budism-Chrisitan God is the creator of the universe and demands that his people obey him.

New Solution to Economic Crisis: Windmills

Windmills offer a new solution to the economic crisis. They are a renewable energy source and can be used to generate electricity. They are also eco-friendly compared to coal and fossil fuels. The government should invest in windmills to reduce our dependence on non-renewable resources.

Mideast Peace: Up to Israel

It is obvious that the Israelis think they can do as they please without any consequences. They are committing human rights violations and are acting with impunity. The international community should not tolerate such behavior.

Cheek vs. Gall

Man has great power and appreciation that I speak of the opposition offered thousands of sophomore students by the Wharton Program. Close interaction with similarly qualified faculty members is an integral part of the program. The Wharton Program provides a unique opportunity for students to develop their skills and gain valuable experience in the finance sector.

The fact remains that the government is not doing enough to protect its citizens. The government’s actions are not in the best interest of the citizens.

Wharton-Sloan

It is with great pride and appreciation that I speak of the opposition offered thousands of sophomore students by the Wharton Program. Close interaction with similarly qualified faculty members is an integral part of the program. The Wharton Program provides a unique opportunity for students to develop their skills and gain valuable experience in the finance sector.
Dayan: Suez

By Los Angeles Times

The Egyptian army, which has been blockading the Suez Canal, today began in the manner of a military exercise to stage a series of road-building and other engineering projects along the waterway.

The project is expected to take several months to complete. The purpose is to build a new road across the canal, which would connect the Nile delta with the Mediterranean coast. The new road is to be a main artery of communication for the Egyptian army.

The Egyptian government has said the project is purely economic and not related to the Suez Canal dispute. The United Nations, which has been=None of the road-building projects, has asked Egypt to halt construction and allow a UN inspection team to visit the site.

The road-building project is part of a larger Egyptian plan to develop the Suez Canal area. The Egyptian government has announced plans to construct a new airport and a new harbor at the entrance to the canal.

The road-building project is expected to cost several billion dollars and is expected to be completed in several years. The project is expected to create thousands of jobs and improve the economy of the Suez Canal area.

The Egyptian government has said the project is necessary to improve transportation and communication in the area. The project is expected to benefit both Egypt and the international community.

The road-building project is expected to be completed in several years. The project is expected to create thousands of jobs and improve the economy of the Suez Canal area.

The road-building project is expected to cost several billion dollars and is expected to be completed in several years. The project is expected to benefit both Egypt and the international community.

The Moore School of Electrical Engineering
Department of Computer and Information Science
CSE 103 INTRODUCTION TO COMPUTING
1. M W F 10, MRE 225
2. T 3 TH 2-4, MRE 225
Will be offered again in Spring 1974

This course provides a solid introduction to the ideas of programming and the use of a digital computer. Students are introduced to algorithms, structure of programs and their debugging, and data structures through a programming language (APL). Problems to be solved on the computer teach the logical and symbolic as well as the arithmetic capabilities of a computer. Emphasis will be on the interactive computing. Each week one hour will be devoted to a "fun" lecture accompanied by a demonstration of a program in game playing, robotics, graphics, question answering systems, language processing, mechanical languages, abstract machines, etc.

The course is open to all interested students. There are no prerequisites. For further information call Bajcsy (6222), Baker (6222), Seider (7953), or the Department Office (8540).

NOTE: The catalog does not list CSE 103; it does list CSE 130. For Spring 1974, CSE 103 replaces CSE 130.

What do those University Committees do anyway?

Allegheny's Moonlighter cost 20% less than our daytime flights. But that's not all. Our late-evening departures mean less traffic and fewer people at the airport. And your holiday lasts longer because you leave the night before.

Moonlighter jets are a real short-cut home. Call 563-8055 for reservations or information. Allegheny honors American Express and all other general purpose credit cards. If you're under 22, you can save on daytime flights, too.

The Allegheny Air System has a lot more going for you.

ALLEGHENY
Freshmen Booters Blank Lions, Complete Another Unbeaten Year

In Philadelphia

Now it’s time, boys. At least that’s what coach Austin Hufnagel and Pete Rozelle have been saying throughout the season. Their young and powerful Penn football staff are about to become the first unbeaten team in school history. To achieve this feat, they will have to put an end to Columbia’s 17-game winning streak. Tonight’s game, which will be played at Franklin Field, is a battle of two teams with identical records, each having won five games and losing one.

The last time these two teams met was in 1970, when Columbia emerged as the victors with a score of 21-6. Since then, Penn has been looking forward to this game, hoping to avenge their defeat. The Quakers have been practicing hard, and the players are confident in their abilities.

This game will be played in a stadium that is packed with fans cheering for their team. The atmosphere will be electric, and the players will be determined to give their best performance. The game will be a test of skill, strategy, and mental toughness. Penn will be looking for a win, and they are ready to take on Columbia in this historic matchup.

The outcome of this game will have a significant impact on the season. If Penn wins, they will have completed an unbeaten year, which is a remarkable achievement. If Columbia wins, they will continue their winning streak and remain at the top of the排行榜.

In conclusion, this game is an important one for both teams, and it will be a test of their resolve. Penn will be looking for a win, while Columbia will be hoping to maintain their streak. Regardless of the outcome, this game will be a benchmark for the season and a testament to the skill and determination of the teams involved.
**Booters Seeded First in Region; Celebrate by Kicking Columbia, 6-0**

**BY KEITH MERRILL**

Sports Staff

NEW YORK — The Pioneer press team at Columbia, 6-0 who set the pace in the Metro Atlantic division of the NCAA tournament last weekend, have sent their way to the new year with an emergency. Formerly Howard Peltzman started his first game in the 1-0 lead, but he didn’t last long and he didn’t last long. Now they’re back in the midst of their regular season, and it’s a good time to be around.

The 2000 Columbia team, which will be listed as the team of the year, already has seven victories. The Lions are now 1-0 in conference play, tied with No. 2 Virginia for the lead. It’s the best start for a team in the Metro Atlantic division since 1995, when the team won the Metro Atlantic conference.

They’re coming off a 42-3 victory over the University of Pennsylvania, which was their first victory of the season. Next up is a 3-0 victory over Columbia, which was the Lions’ third victory of the season.
